INDUSTRIAL INTERVENORS' JOINDER IN GULF POWER
COMPANY'S REQUEST FOR CONFIDENTIAL CLASSIFICATION

Monsanto Company, Stone Container Corporation, and Champion International (Industrial Intervenors), join in Gulf Power Company's (Gulf Power) request that the Florida Public Service Commission (Commission) enter an order protecting certain information contained in Late-filed Exhibit No. 14 from public disclosure. In support, Industrial Intervenors state:

1. On August 30, 1994, Gulf Power filed a formal request for confidential classification as to Late-filed Exhibit No. 14, pursuant to Rule 25-22.006, Florida Administrative Code. Gulf Power filed the request to ensure that the information protected by its earlier notice of intent will be maintained in a confidential status. The information for which confidential classification is requested consists of data regarding individual standby customers' costs of power and consumption patterns. This information, like all information concerning Industrial Intervenors' production costs, is closely guarded by them. Disclosure of such information would harm the competitive posture of the customers in the highly competitive markets for their products by giving competitors

insight into their production costs. Gulf Power treats such customer-specific information as confidential on an ongoing basis at its customers' request, and has properly asserted the confidentiality of the subject information in this case on behalf of Industrial Intervenors. This information qualifies as proprietary, confidential business information within the meaning of section 366.093(3)(e), Florida Statutes. As such, it is entitled to confidential treatment.

WHEREFORE, Industrial Intervenors join in Gulf Power Company's request for confidential classification and request that the Commission enter an order protecting the information contained in Late-filed Exhibit No. 14 from public disclosure as proprietary, confidential business information.
