RE: FPSC Inquiry 1398580C ?????

Dear Mr. Walsh:

This is in response to your August 23, 2024 E-mail to the Florida Public Service Commission (FPSC) regarding Florida Power & Light Company's (FPL) minimum billing charge.

The Florida Public Service Commission approved Florida Power & Light Company's general base rate settlement agreement in Order No. PSC-2021-0446-S-EI, issued on December 2, 2021, in Docket No. 20210015-EI. The settlement agreement was entered into by FPL and various parties representing consumers, including the Office of the Public Counsel (OPC) who advocates on behalf of Florida consumers. The settlement agreement includes numerous provisions with regards to FPL's base rates through the end of 2025.

The agreement included a provision that will raise the minimum bill charge to \$25 for all residential and general service non-demand customers. The minimum bill provision went into effect in June 2022. FPL was to notify its customers of the new minimum bill in bill inserts 30 days prior to implementation.

The FPSC issued final order PSC-2024-0078-FOF-EI on March 25, 2024, which includes in part, the provision that the minimum billing charge remains in effect and part of the company's tariff. You may review the order by using the following link:

<https://www.floridapsc.com/pscfiles/library/filings/2024/01294-2024/01294-2024.pdf>
