Good afternoon,

I am writing to express my strong opposition to the proposed Doc# 20240011- application to provide water; as well as the large development proposed as Water Lily in the Riverdale area of St. Johns county.

The proposed development poses a significant threat to our rural community and local wildlife as well as any large development in this area will impact the charm and character of this area. The increased traffic is already severely impacting the local two lane roads.

Please, please deny this request (Doc # 20240011) as well as the request to turn Riverdale farmland into a planned unit development.

Thank you,

Kim Homewood
