Latest FPL Rate Increases after the last 20% FPL Climate Tax

### Message

Dear Governor Desantis,

In the last several years Florida Power and Light (FPL) has raised electricity rates for up to 20% or more. Now they are back to the Public Service Commission for more rate increases-- when will it ever end!. FPL is a woke company who wishes to tax all of us in Florida just for living and being alive. They are so woke that they are now plowing under VALUABLE agricultural lands and installing solar panels to meet the Green New Deal. Solar Energy is expensive energy!
