Dear Florida Public Service Commissioners,

Please consider offering Senior citizen discounts. Florida as you well know is the place many seniors come to live and retire. I am sure you as a company is well aware of that. You offer nothing for the Seniors don't you think it is time. The cost of living in Florida is at an all time high and will probably get worse in the years to come. It is now becoming a state where we can no longer retire or move to. Help those who have come to florida or those who are thinking of retiring in Florida.

As a Florida Power & Light (FPL) customer, I strongly oppose the largest rate increase in U.S. History. This excessive hike would place an unfair burden on customers, especially low-income customers or older adults on fixed incomes who simply cannot afford to pay more.

With costs for housing, healthcare, and everyday essentials already high, the last thing I need is a higher electric utility bill. FPL is already a highly profitable company—asking customers to pay more just to boost corporate profits is completely unacceptable.

I urge you to reject FPL's request for a higher return on equity and increase to the monthly base rate. The PSC must prioritize customers over corporate greed and ensure utility rates remain fair and affordable.

Please stand up for Floridians and say NO to this massive rate hike.

Thank you for your time and consideration.

Sincerely,

Dolores Siat
