Subject: FPL

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I am writing this email in support of FPL who services my condo unit in Royale Harbour in North Palm Beach ,Florida. FPL has provided great service to our units with affordable pricing. Of course, no one wants high utility costs or increases . Our charges seem fair, and our service is excellent. We understand the need for increases in our service as all services are increasing. FPL has done a great job of providing information about keeping our usage down via email and text with helpful hints. They advise us when there are outages and give an estimated time for resuming service. Most owners in our association feel confident that FPL is working to keep prices down, use the most recent technology and understand our need to not be burdened with high rates.
