Dear Florida Public Service Commissioners,

I strongly oppose the proposed FPL rate increase.

I have been a FL resident since 1979. I am in my current home in Venice for nearly 13 years.

When I first moved in, FPL came regularly and trimmed the lines of any branches. Now, I cannot get them to come and do this despite the fact there is a large Cuban Laurel on my property line with branches growing between the lines. No tree service can do the necessary trimming because of the danger of the lines.

Branches hit the transformers and the lines and we lose power. So unnecessary if they would trim!

I am a planner and try to prepare for storms ahead of time. FPL is not sympathetic to my trimming requests.

If FPL was saying they would be more diligent in trimming growth by the lines or needed a large rate hike to pay for improving lines by burying them, I would see the need for a hike.

But this is not the case. I am sorry but this retired educator on a fixed income cannot support FPL in their request for this high rate hike. Please say NO!!

Respectfully,

Barbara Farrar

Thank you for your time and consideration.

Sincerely,
