Subject: FPL Community Energy Saver Program

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

To Whom it May Concern,

My name is Rita Carr and I am a resident of Vista Pines, a 522 unit, 55+ community located in Stuart, Florida.

As a member of our Architectural Committee, I was tasked with contacting FPL to determine if there were any programs available that might help some of our residents with their energy costs. We are always looking for ways for our residents to save money.

I was put in contact with Brian Strickland, Eddie Reyes, and Kevin Wyre from FPL who gave a presentation on the Power to Save Program and offered to implement it at no cost to our residents.

The program was recently completed and I have to say I was amazed at the responses from our residents. The FPL team was impressive. They were patient, explained everything they did, answered questions, and offered suggestions of other ways to save on our energy costs.

It makes me very happy to be able to offer this to our community, and I hope these types of programs will continue in the future.

Sincerely,
Rita Carr
