Subject: RE: Docket No. 20250011-EI - FPL Rate Increase

Good Morning

We will be placing your comments below in consumer correspondence in Docket No. 20250011, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you,
Nick Holmes
Commission Deputy Clerk II
Office of Commission Clerk
Florida Public Service Commission

Subject: Docket No. 20250011-EI - FPL Rate Increase

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning,

I am writing to you in regard to the referenced docket and in support of FPL's rate increase request.

As a resident of a rural area and an FPL customer, I am keenly aware of the need for FPL to improve the existing infrastructure, as well as the consistent effort the company makes toward maintaining and improving their delivery of service to their customers.

Your approval of a rate increase will allow FPL to continue to be proactive in strengthening, improving, and reinforcing utility infrastructure. This will result in the enhancement of resiliency for future response to service interruption as a result of storm damage.

I have had several opportunities to tour the FPL Cavendish NextGen Hydrogen Hub Clean Energy Center in Okeechobee County. I've seen first hand how FPL is investing in technology in order to provide efficient and low cost clean energy to its customers. The goal of testing and implementing new technologies will result in FPL's ability to build a more resilient and cost-effective grid in the future.

I encourage you to approve the rate increase request so that FPL will be able to continue to invest in the future of clean energy as well as improved service delivery to their customers.

Thank you,

Kelly Owens
