Good afternoon,
I'm Carolina Sivoli and I reside at 5250 NW 84th Ave Apt 1808, Doral , FL 33166.
I have lived in other states and have been a resident of Florida for over 30 years. I have seen Florida Power & Light restore power through many hurricanes. In my opinion no other company provides more information on how power restoration is progressing. The information is everywhere on the TV, on their website and they even text it to you. They are open and transparent on everything they are doing. I know that everyday there are more and more people in Florida and frankly to have progress you must investment. I just recently visited my elderly parents in Venezuela. I can't tell you how many times the power just went out and with no explanations or information on when it was to return. We need reliable electricity to keep moving forward. Our quality of life depends on it. Florida Power & Light does a good job and I believe in them.

Thank you

Carolina Sivoli
