Dear Public Service Commission,

It is with great sadness that I am writing to express my rejection of FPL's request for a rate increase. It is very sad that FPL would even suggest a rate hike now. With so much instability in the job market, the economic market, and the housing market in south Florida, FPL should be focusing on the safety measures for extreme weather in South Florida rather than slick commercials, rate hikes, and profits. FPL only appears to be focused on profiting at the expense of the people providing the profits.
