**Subject:** FPL Rate Increase

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

To whom it may concern,

I am in favor of supporting the FPL rate increase. I have witnessed first-hand the good work FPL has done to deliver inexpensive electricity and energy to South Florida. Being in the restaurant business I am grateful for how quickly FP&L works to restore power to our communities after major storms impact our region. I have friends and affiliates in other states where their electrical companies take significantly longer to get power back to their businesses after they have been impacted by severe weather events. These delays have a significant impact on their ability to operate and for their business to survive.

Thank you for your consideration.

Tim
