To whom it may concern,

I'm writing to express my support for the proposed FPL rate increase. Throughout my time working with The Restaurant People here in South Florida, I've seen how reliable and responsive FPL has been; especially when storms hit.

After major weather events, FPL consistently gets the power back on quickly, which is critical for businesses like ours that rely on steady operations. Friends of mine in other states haven't been as lucky; they've had to deal with much longer outages, which seriously affects their ability to bounce back.

From my perspective, FPL has done a solid job keeping energy affordable and dependable, and I believe the rate adjustment will help them continue that level of service.

Thanks for taking the time to consider my input.

Cheers,

Madison Iacone
