Comment or Question:

Hello,

FPL began charging 5.8 million customers \$12.02 for storm recovery every month after the hurricanes that will continue to December 2025. I would like you to provide a public breakdown of how that \$12.02, from the 5.8 million customers is being used. That is almost \$70 million a month for 12 months for recovery. It seems a bit extreme in cost for that length of time.

I'm looking forward to hearing back from you.
