Dear Florida Public Service Commissioners,

As a Florida Power & Light (FPL) customer, I strongly oppose the largest rate increase in U.S. History. This excessive hike would place an unfair burden on customers, especially low-income customers and people like me trying to get by on a fixed income. My bills are already significantly more because of higher temperatures.

With the high cost of homeowners & auto insurance due to the insurance crisis in Florida, rising healthcare costs, and everyday essentials seemingly increasing every week, the last thing I need is a higher electric utility bill. FPL is already a highly profitable company—asking customers to pay more just to boost corporate profits is completely unacceptable.

I urge you to reject FPL's request for a higher return on equity and increase to the monthly base rate. The PSC must prioritize customers over corporate greed and ensure utility rates remain fair and affordable.

Please stand up for Floridians and say NO to this massive rate hike.

Thank you for your time and favorable consideration.

Sincerely,

Lynne Antonucci
