Subject: RE: Docket No. 20250011 - Reject FPL's Rate Hike

Good Morning

We will be placing your comments below in consumer correspondence in Docket No. 20250011, and forwarding them to the Office of Consumer Assistance.

Thank you,
Nick Holmes
Commission Deputy Clerk II
Office of Commission Clerk
Florida Public Service Commission

Subject: Docket No. 20250011 - Reject FPL's Rate Hike

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Florida Public Service Commission,

I'm writing to urge you to reject Florida Power & Light Company's proposed rate increase (Docket No. 20250011).

FPL is requesting nearly \$10 billion in new charges over the next four years — costs that will fall on the backs of the very people who rely on FPL to keep the lights on. Half of every dollar in this proposal would go straight to shareholder profits, not essential services. That's unacceptable and just plain wrong.

In the last five years alone, FPL customers have seen their bills jump by more than \$400 a year. How much is enough? This latest plan would add another \$360 in just two years — all while Floridians are still recovering from devastating storms and battling the rising cost of living. We know the hurricanes have been costly but that's true for all of us.

FPL claims the hike is needed to meet demand, but the Office of Public Counsel has made it clear that this is misleading. According to OPC, FPL's numbers are inflated — and rather than raise rates, the company should actually cut them by \$620.5 million in 2026. How dare you ask us to pay more when you should be giving us refunds?

The Public Service Commission is charged with protecting the public — not maximizing utility profits. I strongly urge you to reject this rate hike and send a clear message that Floridians come first.

Sincerely,
Eileen O'Connor
