Florida Power & Light Company (FPL) has been a reliable utility provider, consistently delivering dependable electric service in the years I have owned my home. As the owner of several rental properties, I rely on FPL to ensure that my tenants also receive reliable electric service. In the past, I appreciated the quick response times when power has gone out due to weather and I know that they are working hard and do what it takes to restore electric service as soon as possible. I've recently noticed them proactively trimming trees all around town, which I really appreciate—especially with hurricane season now upon us.

Best Regards
Stacy Lothar
