Good day,

My name is Keith Pedersen and I live in Arcadia,FL. Our home is power by FPL. We live on fixed income which is below the poverty level. Any type of increase is going to cause hardship for us. We are both on disability and in our 60s we struggle now just to pay our bills and sacrifice running the AC in our home. With the heat index being over 100 degrees it's very uncomfortable but we have to just to able to our bill. Please say NO on the increase.

Respectfully,  
Keith Pedersen
