Hello,

I feel the proposed rate increase for Grenelefe Community water and sewer is unrealistic as it would be devastating to many residents of the community and would damage property values. It also ignores the agreement already in place between the Utility and County where the burden would be placed on new homeowners. It's also absurd that the PSC would reject Mr. houses offer to pay the costs up front. Please do NOT burden existing homeowners with these ridiculous rate increases and instead allow the costs to be placed on new homeowners as part of the home purchase price, per the Polk County approved plan.

-Tom Knudson
Resident of Grenelefe Community
