Please replace the members of the Public Service Commission (PSC) with people who are not energy friendly enthusiasts who rubber stamp every rate hike that comes their way. Floridians are hurting, we need you to stand up for us. the PSC is corrupt, please do something about this. TECO is not justified in their recent set of rate hikes, when, at present moment, Emera (TECO) stock is up 29% year to date, and pays out a whopping 4.4% dividend. please redo the PSC and pass laws to help us!
