To Members of the Public Service Commission:

We are owners in the Grenelefe area that will be greatly impacted by the increase in water and sewer rates. We are greatly opposed to this increase. It would have a catastrophic impact on us and everyone involved. The rates would be exuberant and out of line with the entire State of Florida. Please accept this as our expressed opposition to the proposed increase.

I hope that the commission will listen to the people and find an alternative to this outrageous increase.

Thank you,

Mary Murray
