Regarding Tampa 28 News, the North Carolina developer and those in Polk County, Florida involved in this matter:

If the water bill "ever" goes to \$300 a month for a single individual that normally has a \$35 a month water bill in Grenelefe Florida, I would suspect the matter would be immediately addressed like in the Wild West days. [People.do](#) not like the direction things have been heading around our Country. If this crap ever makes it to our little corner of the world; I fear the worst.

That is my own observation and opinion.

It would be best to resolve the Grenelefe water rate issue in a manner that is to the best interest and fairness of the people who have retired in Grenelefe, Florida.

Sincerely,

Kevin Carnahan
