EXECUTIVE SUMMARY
(FL2006-032)

Removal of Electronic White Pages (EWP) service from GSST

Present Tariff

Current language governing provision of Electronic White Pages (EWP) service is contained in A13.51 of the General Subscriber Services Tariff (GSST).

Proposed Tariff

This filing proposes removal of EWP from the GSST.

Rationale for Change

Removal of EWP from BellSouth's Tariff is appropriate because there are neither current nor prospective customers for this service. Alternatives to EWP that possess features and pricing more attractive to prospective customers are generally available.

Revenue Impact

This filing has no impact on BellSouth revenue.

Impact on Existing Customers

None. There are no existing customers for EWP.

(D)

A13.51.1 General

A. ~~Electronic White Pages (EWP) service enables a customer to initiate a query to the Company's Electronic White Pages (EWP) system without the use of a Directory Assistance (DA) operator to obtain telephone number listings within the customer's Home Numbering Plan Area (HNPA).~~

A13.51.2 Regulations

- A. ~~When a query containing a User ID, name and city is initiated by the customer, the EWP system will provide, or will attempt to provide, a response (screen) containing the telephone number associated, with the name, or an explanation of why the requested listing is not available, subject to the rates and charges set forth in A13.51.3 following.~~
- B. ~~The EWP system will duplicate the existing Directory Assistance white page listings, and will be updated concurrently.~~
- C. ~~The Company will not provide Non-Published Numbers.~~
- D. ~~The EWP customer will access the Company's EWP system by dialing a local 7-digit number.~~

A13.51.3 Rate Regulations

A. ~~Recurring and nonrecurring charges for EWP Service are set forth as follows. The nonrecurring User ID charge shall apply each time the customer submits a new or changes an existing name to be served. For rating purposes, Per Screen charges shall apply each time the Company's EWP system sends a response (screen) to the customer. The number of responses (screens) will be accumulated by Company measuring equipment.~~
