In re: Petition for rate increase by Peoples Gas  
System, Inc.

DOCKET NO. 20250029-GU  
ORDER NO. PSC-2025-0364-CFO-GU  
ISSUED: October 1, 2025

ORDER GRANTING PEOPLES GAS SYSTEM, INC.'S REQUEST FOR  
CONFIDENTIAL CLASSIFICATION AND REQUEST FOR  
TEMPORARY PROTECTION ORDER (DOCUMENT NO. 08509-2025)

On August 28, 2025, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Peoples Gas System, Inc. (PGS) filed a Request for Confidential Classification and Motion for Temporary Protective Order (Request) of certain highlighted information contained in the company's answer to the Florida Public Service Commission Staff's Sixteenth Set of Interrogatories (No. 189) (Document No. 08509-2025).

Request for Confidential Classification

PGS contends that the information in Document No. 08509-2025 constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. PGS asserts that the information at issue relates to: (i) security measures, systems, or procedures and (ii) competitive interests, the disclosure of which would impair the competitive business of the provider of information. More specifically, the information for which confidentiality is sought contains a document with various project maps related to PGS's Downtown Tampa Project. Therefore, PGS argues the information is confidential and is protected by Section 366.093(3)(c) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(c) Security measures, systems, or procedures.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information in Document No. 08509-2025, satisfies the criteria set forth in Section 366.093(3)(c) and (e), F.S. for classification as

proprietary confidential business information. The information described above and in PGS Request constitute a document with various project maps related to PGS's Downtown Tampa Project, which constitutes "security measures, systems, or procedures," and "information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, the information identified in Document No. 08509-2025 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless PGS or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

#### Motion for Temporary Protective Order

PGS also seeks protection of the documents as provided in Section 366.093, F.S., and Rule 25-22.006, F.A.C. Section 366.093(2), F.S., directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any party subject to the public records law as confidential and exempt from Section 119.07(1), F.S., the public records law. Rule 25-22.006(6), F.A.C., codifies the Commission's policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(a), F.A.C., in pertinent part, states:

In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure.

#### Ruling

Upon consideration of PGS's assertions of the confidential nature of the information contained in portions of the discovery responses, Document No. 08509-2025, PGS's Motion for Temporary Protective Order is hereby granted. As a result, this information shall be protected from disclosure pursuant to Rule 25-22.006(6), F.A.C.

Based on the foregoing, it is hereby

ORDERED by Commissioner Andrew Giles Fay as Prehearing Officer, that Peoples Gas System, Inc.'s Request for Confidential Classification of Document No. 08509-2025 is granted. It is further

ORDERED that the information in Document No. 08509-2025, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein. It is further

ORDERED that Peoples Gas System, Inc.'s Motion for Temporary Protective Order of the information in Document No. 08509-2025 is granted.

By ORDER of Commissioner Andrew Giles Fay, as Prehearing Officer, this 1st day of October, 2025.
