

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Joint petition for approval of territorial
agreement in Hillsborough, Pasco, Pinellas,
and Polk Counties, by Tampa Electric
Company and Duke Energy Florida, LLC.

DOCKET NO. 20260013-EU
ORDER NO. PSC-2026-0165A-PAA-EU
ISSUED: August 19, 2026

AMENDATORY ORDER

BY THE COMMISSION:

On May 26, 2026, we issued Order No. PSC-2026-0165-PAA-EU approving a territorial agreement between Duke Energy Florida, LLC and Tampa Electric Company. However, due to a scrivener's error, the last few pages of Attachment A to the Order were inadvertently omitted. Therefore, this Order is issued to amend Order No. PSC-2026-0165-PAA-EU, Attachment A, to reflect the correct, complete attachment.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Order No. PSC-2026-0165-PAA-EU is hereby amended to reflect the correct attachment. It is further

ORDERED that Order No. PSC-2026-0165-PAA-EU is reaffirmed in all other respects.

TERRITORIAL AGREEMENT

TAMPA ELECTRIC COMPANY

AND

DUKE ENERGY FLORIDA, LLC

HILLSBOROUGH, PASCO,

PINELLAS AND POLK COUNTIES

TERRITORIAL AGREEMENT

Section 0.1: This Territorial Agreement ("Agreement"), made and entered into this ___6___ day of ___January___, 2026, by and between Duke Energy Florida, LLC d/b/a Duke Energy ("DEF") and Tampa Electric Company ("Tampa Electric"), each of which are corporations organized and existing under the laws of the State of Florida and electric utilities as defined in, and whose retail service territories are subject to regulation pursuant to, Chapter 366, Florida Statutes, and which corporations are herein collectively, the "Parties" and individually, a "Party," enter into this Agreement;

WITNESSETH:

Section 0.2: WHEREAS, each of the Parties is authorized, empowered and obligated by its corporate charters and the laws of the State of Florida to furnish retail electric service to Persons desiring to use such service within their respective areas of service; and

Section 0.3: WHEREAS, each of the Parties is authorized by Chapter 366, Florida Statutes, to furnish retail electric service to customers in areas of Hillsborough, Pasco, Pinellas, and Polk counties, Florida; and

Section 0.4: WHEREAS, the Parties previously entered into a Territorial Agreement delineating their respective service territories in Hillsborough, Pasco, Pinellas, and Polk counties which was approved by the Florida Public Service Commission (the "Commission") in Docket No. 910085-EI, issued May 29, 1991 in Order 24593, (the "Expired Agreement"). The Expired Agreement had a fifteen (15) year term through May 29, 2006, with an automatic renewal period of fifteen (15) years; and

Section 0.5: WHEREAS, the Parties desire to enter into a new Agreement to better serve their interests and the interests of their customers in realizing the planning, operational, and

customer service benefits provided to their respective electric systems by a properly constructed, approved, and supervised territorial agreement; and

Section 0.6: WHEREAS, the respective retail service areas of the Parties are contiguous, with the result that, absent the establishment of a territorial agreement defining the Party's respective service territories, duplication of service facilities would be likely to occur which may result in needless and wasteful expenditures and may create hazardous situations, both detrimental to the public interest; and

Section 0.7: WHEREAS, the Commission is empowered by the Florida legislature, pursuant to Section 366.04(2)(d), Florida Statutes, to approve and enforce territorial agreements between utilities, and the Commission, as a matter of long-standing regulatory policy, has encouraged retail territorial agreements between electric utilities subject to its jurisdiction based on its findings that such agreements, when properly established and administered by the Parties and actively supervised by the Commission, serve the public interest.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, which shall be construed as being interdependent, the Parties hereby agree as follows:

ARTICLE I

DEFINITIONS

Section 1.1: Territorial Boundary Line(s). As used herein, the term "Territorial Boundary Line(s)" shall mean the boundary lines which circumscribe the geographic areas as depicted on the maps attached hereto as Exhibit A which delineate and differentiate the Parties' respective Territorial Areas in Hillsborough, Pasco, Pinellas, and Polk counties, Florida. The

portions of the counties which are not subject to this agreement are marked on the maps as "Not Part of this Agreement." Additionally, as required pursuant to Rule 25-6.0440(1)(a), Florida Administrative Code, a written description of the territorial areas served is attached as Exhibit C. If there are any discrepancies between Exhibit A and Exhibit C, then the territorial boundary maps in Exhibit A shall prevail.

Section 1.2: Tampa Electric Territorial Area. As used herein, the term "Tampa Electric Territorial Area" shall mean the geographic areas in Hillsborough, Pasco, Pinellas, and Polk counties, Florida, allocated to Tampa Electric as its retail service territory and labeled as "Tampa Electric Company" on the maps contained in Exhibit A.

Section 1.3: DEF Territorial Area. As used herein, the term "DEF Territorial Area" shall mean the geographic area in Hillsborough, Pasco, Pinellas, and Polk counties, Florida, allocated to DEF as its retail service territory and labeled as "Duke Energy Florida" on the maps contained in Exhibit A.

Section 1.4: Point of Use. As used herein, the term "Point of Use" shall mean the location within the Territorial Area of a Party where a customer's end-use facilities consume electricity, wherein such Party shall be entitled to provide retail electric service under this Agreement, irrespective of where the customer's point of delivery or metering is located.

Section 1.5: Person. As used herein, the term "Person" shall have the same inclusive meaning given to it in Section 1.01(3), Florida Statutes.

Section 1.6: New Customer. As used herein, the term "New Customer" shall mean a Person applying for retail electric service to either Party after the Effective Date of this Agreement at a Point of Use in the Territorial Area of either Party.

Section 1.7: Existing Customer. As used herein, the term "Existing Customer" shall mean

any Person receiving retail electric service from either Party as of the Effective Date of this Agreement.

Section 1.8: Extra-Territorial Customers. As used herein, the term “Extra-Territorial Customers” shall mean those customers served by either Party on the Effective Date of the Agreement who are located within the Territorial Area of the other Party established by such Agreement.

Section 1.9: Temporary Service Customers. As used herein, the term “Temporary Service Customers” shall mean customers who are being served under the temporary service provisions provided in Section 2.3 of this Agreement.

Section 1.10: Commission. As used herein, the term “Commission” shall mean the Florida Public Service Commission.

Section 1.11: Effective Date. As used herein, the term “Effective Date” shall mean the date on which the final Order of the Commission granting approval of this Agreement in its entirety is no longer subject to judicial review.

ARTICLE II

RETAIL ELECTRIC SERVICE

Section 2.1: Territorial Allocations. Except as otherwise specifically provided herein, during the terms of this Agreement, Tampa Electric shall have the exclusive authority to furnish retail electric service within the Tampa Electric Territorial Area, and DEF shall have the exclusive authority to furnish retail electric service in the DEF Territorial Area. The Territorial Boundary Line shall not be altered or affected by any change that may occur in the corporate limits of any municipality or county through annexation or otherwise unless such change is agreed to in writing by the Parties and approved by the Commission.

Section 2.2: Service to New Customers. DEF and Tampa Electric agree that neither Party will attempt to serve or knowingly serve any New Customer located in the territorial area of the other Party, except as specifically provided in Section 2.3 below.

Section 2.3: Temporary Service. The Parties recognize that in exceptional circumstances, economic constraints or good engineering practices may indicate that a New Customer's Point of Use either cannot or should not be immediately served by the Party in whose Territorial Area such Point of Use is located. In such instances, upon written request by the Party in whose Territorial Area the New Customer's Point of Use is located, the other Party may, in its sole discretion, agree in writing to temporarily provide service to such New Customer. Prior to the commencement of temporary service, the Party providing such service shall inform the New Customer of the temporary nature of its service and that the other Party will ultimately serve the New Customer. Such temporary service shall be discontinued upon written notice from the requesting Party of its intent and ability to provide service, and the Parties shall coordinate to minimize any inconvenience to the customer. In conjunction with such discontinuance, the Party providing temporary service hereunder shall be compensated by the requesting Party in accordance with Section 3.4 for its distribution facilities used exclusively to provide such service, which the requesting Party may elect to acquire. The requesting Party shall not be entitled to compensation for any loss of revenues for the period during which such temporary service is provided. Any temporary service expected to last for more than one year shall be jointly submitted by the Parties to the Commission for approval.

Section 2.4: Referral of Service Request. In the event that a prospective New Customer requests or applies for service from either Party to be provided to a Point of Use located in the Territorial Area of the other Party, the Party receiving the request or application shall advise the

prospective New Customer that such service is not permitted under this Agreement and shall refer the prospective New Customer to the other Party. Further, in those instances where the Territorial Boundary Line traverses the property of an individual New Customer or prospective New Customer, the Parties will determine the location of the New Customer's Point of Use, and the Party in whose service area the Point of Use is located will provide service to the New Customer.

Section 2.5: Correction of Inadvertent Service Errors. If any situation is discovered during the term of this Agreement in which either Party is inadvertently providing retail electric service to a customer's Point of Use located within the Territorial Area of the other Party, service to such customer by the other Party will be established at the earliest practical time, but in any event within twelve (12) months of the date the inadvertent service error was discovered. Until service by the other Party can be reasonably established, the inadvertent service will be deemed to be temporary service provided and governed in accordance with Section 2.3 above.

ARTICLE III

TRANSFER OF CUSTOMERS AND FACILITIES

Section 3.1: In General. It is the intent of the Parties that all customers of either Party shall be served by the Party in whose Territorial Area they are located at the earliest practicable time. Accordingly, the Parties intend to complete all transfers of the Extra-Territorial Customers within twelve (12) months of the Effective Date of the Agreement and will notify the Commission in writing if circumstances require additional time.

In accordance with Rule 25-6.0440(1)(d), Florida Administrative Code, the Parties sent the affected customers written notification of this Agreement and the transfer provisions described above. Sample copies of the letters providing such notification are attached as Exhibit D.

In the event that circumstances arise during the term of this Agreement in which the Parties agree that, based on sound economic considerations or good engineering practices, an area located in the Territorial Area of one Party would be better served if reallocated to the service territory of the other Party, the Parties shall jointly petition the Commission for approval of a modification of the Territorial Boundary line that places the area in question (the "Reallocated Area") within the Territorial Area of the other Party and transfer of the customers located in the Reallocated Area to the other Party.

Section 3.2: Transfer of Extra-Territorial Customers. The Extra-Territorial Customers currently served by DEF and subject to transfer to Tampa Electric pursuant to this Agreement are listed by the service address and/or other identifying factor in Exhibit B, attached hereto.

Section 3.3: Transfer of Related Service Facilities. In conjunction with the transfer of the Extra-Territorial Customers pursuant to Sections 3.1 and 3.2 above, the receiving Party may elect to purchase the electric distribution facilities of the transferring Party used exclusively for providing electric service to the transferred customers for an amount to be determined in accordance with Section 3.4 below.

Section 3.4: Compensation for Transferred Facilities. The receiving Party shall compensate the transferring Party for the electric distribution facilities used exclusively for providing electric service to the transferred customers in an amount based upon the replacement cost (new), less depreciation calculated on a straight-line basis over the life of the asset (facility) as determined from the transferring Party's books and records. The replacement cost shall be determined by applying a cost calculator such as the Handy Whitman index or a common engineering cost estimation methodology to the original cost, as long as both Parties apply the same estimation method.

Section 3.5: Transfer Closings. The Parties shall mutually agree on a closing date for each transfer allowing sufficient time for the Parties to identify the customers and facilities to be transferred; to determine the compensation for transferred customers and facilities; and to prepare the appropriate closing statements, assignments, and other instruments to transfer and convey the transferring Party's interest in the electric distribution facilities to the receiving Party pursuant to Section 3.3 above. At the closing, the receiving Party shall pay the transferring Party the compensation due, and the transferring Party shall execute and deliver to the receiving Party the assignments and other instruments referred to above.

ARTICLE IV

OPERATION AND MAINTENANCE

Section 4.1: Facilities to Remain. Other than as expressly provided for herein, any generating plant, transmission line, substation, distribution line, or related equipment now or herein constructed after or used by either Party in conjunction with its electric utility system, which is directly or indirectly used and useful in service to its customers by either of the Parties in its Territorial Area, shall be allowed to remain where situated and shall not be subject to removal or transfer to the other Party hereunder; provided, however, that each Party shall operate and maintain all such plants, lines, substations or facilities in such a manner as to minimize any interference with the operations of the other Party.

ARTICLE V

Section 5.1: Commission Approval. The provisions and the Parties' performance of this Agreement are subject to the regulatory authority of the Commission, and appropriate approval by the Commission of the provisions of this Agreement shall be an absolute condition precedent to the validity, enforceability, and applicability hereof. This Agreement shall have no effect whatsoever until Commission approval has been obtained, and the "Effective Date" of this Agreement will be the date on which the final Order of the Commission granting approval of this Agreement in its entirety is no longer subject to judicial review. Any proposed modification to this Agreement, shall be jointly submitted to the Commission for consideration and approval prior to becoming effective. In addition, the Parties agree to jointly petition the Commission to resolve any dispute concerning the provisions of this Agreement or the Parties performance hereunder.

Section 5.2: Liability in the Event of Disapproval. In the event approval of this Agreement pursuant to Section 5.1, hereof is not obtained, neither Party will have any cause of action against the other arising under this Agreement.

Section 5.3: Supersedes Prior Agreements. Upon the Effective Date, this Agreement shall be deemed to specifically supersede any and all prior agreements between the Parties regarding their respective retail service areas in Hillsborough, Pasco, Pinellas and Polk counties, Florida.

ARTICLE VI

DURATION

Section 6.1: Term. This Agreement shall continue and remain in effect for a period of twenty (20) years from the Effective Date. After expiration of the twenty (20) year term provided herein, this Agreement shall remain in effect thereafter unless either Party provides written notice of Termination at least (twelve) 12 months prior to the termination of the agreement as contemplated by Section 8.3.

ARTICLE VII

CONSTRUCTION OF AGREEMENT

Section 7.1: Other Electric Utilities. Nothing in this Agreement shall restrict or affect in any manner the right of either Party to establish its retail service area with respect to any other electric utility. The Parties understand that Tampa Electric or DEF may, from time to time and subject to Commission approval, enter into territorial agreements with other electric utilities that have adjacent or overlapping service areas and that, in such event, nothing herein shall be construed to prevent Tampa Electric or DEF from designating any portion of its Territorial Area under this Agreement as the service area of such other electric utility.

Section 7.2: Bulk Power for Resale. Nothing herein shall be construed to prevent either Party from providing a bulk power supply for resale purposes, as defined in the Final Judgement dated August 19, 1971, in *United States of America v. Florida Power Corporation and Tampa Electric Company*, Case No. 68-297-Civ-T, regardless of where the purchaser for resale may be located. Further, no other section or provision of this Agreement shall be construed as applying to a bulk power supply for resale purposes.

Section 7.3: Intent and Interpretation. It is hereby declared to be the purpose and intent of the Parties that this Agreement shall be interpreted and construed, among other things, to further this State's policy of actively regulating and supervising the service territories of electric utilities; supervising the planning, development, and maintenance of a coordinated electric power grid throughout Florida; avoiding uneconomic duplication of generation, transmission, and distribution facilities; and encouraging the installation and maintenance of facilities necessary to fulfill the Parties' respective obligations to serve.

ARTICLE VIII

MISCELLANEOUS

Section 8.1: Negotiations. Regardless of any other terms or conditions that may have been discussed during the negotiations leading up to the execution of this Agreement, the only terms and conditions agreed upon by the Parties are those set forth herein, and no alteration, modification, enlargement, or supplement to this Agreement shall be binding upon either of the Parties hereto unless the same shall be in writing, attached hereto, signed by both of the Parties and approved by the Commission in accordance with Section 5.1 hereof.

Section 8.2: Successors and Assigns. This Agreement shall be binding upon the Parties hereto and their respective successors and assigns. Nothing in this Agreement, expressed or implied, is intended or shall be construed, to confer upon or give to any Person other than the Parties hereto or their respective successors or assigns, any right, remedy, or claim under or by reason of this Agreement, or any provision or conditions hereof; and all of the provisions, representations, covenants and conditions herein contained shall inure to the sole benefit of the Parties and their respective successors, and assigns.

Section 8.3: Notices. Notices and other written communications contemplated by this Agreement shall be deemed to have been given if sent by certified mail, postage prepaid, by prepaid private courier, or by confirmed facsimile transmittal, as follows:

EXHIBIT D

**SAMPLE COPY OF LETTER PROVIDING
NOTIFICATION OF THE TERRITORIAL
AGREEMENT TO CUSTOMERS SUBJECT
TO TRANSFER**

_____, 2025

***** Road

Winter Haven, FL, 33880

Duke Energy Account No. *****

Dear Customer,

To ensure that electric utilities in Florida, such as Duke Energy Florida (DEF), are able to provide reliable and economical electric service to their customers, utilities enter into agreements with one another establishing the geographical areas in which each utility is the exclusive provider of electric service.

In an effort to efficiently serve the customers in your area, we will soon enter into a territorial agreement with Tampa Electric that will revise some of the service area boundaries between the utilities and enable each utility to serve its customers more reliably and economically. The new agreement must be approved by the Florida Public Service Commission (FPSC) before it can become effective, and you will have the opportunity prior to that approval to provide your comments to FPSC. If you wish, we will provide the pertinent contact information for the FPSC when the territorial agreement has been filed and docketed.

If approved by the FPSC, the terms of the territorial agreement call on Tampa Electric to provide your electric service and your electrical account would be transferred. You will not need to do anything to initiate this transfer as DEF and Tampa Electric will handle all of the arrangements on your behalf.

To provide you with a rate comparison, in October 2025, the residential rate of Tampa Electric for 1,000 kilowatt-hours (kWh) is \$168.01. For the same month, the residential rate of Duke Energy for 1,000 kWh is \$179.29. The rates of both utilities are subject to periodic change and may be raised or lowered in the future.

Please contact me if you have any questions or concerns about the proposed transfer of your service to Tampa Electric, or if you would like information about contacting the FPSC. You can reach me by phone at 727-820-4712.

Sincerely,

Sofia Jusufovic

Territorial Governance & Strategy Manager I
