In re: Fuel and Purchased Power Cost) DOCKET NO.: 880001-EI
 Recovery Clause and Generating) ORDER NO.: 20491

ORDER REGARDING CONFIDENTIALITY

This is a tentative ruling regarding the confidential nature of information filed periodically with the Florida Public Service Commission (Commission) in this docket. If no protest to this Order is filed, this ruling will serve as a final determination of the confidentiality of the matters in issue.

Pursuant to Rule 25-22.006(4), Florida Administrative Code, several utilities have requested specified confidential treatment for certain documents periodically filed in the Fuel and Purchased Power Cost Recovery docket before the Commission. The documents are:

<u>Request Date</u>	<u>Company</u>	<u>Docket No.</u>	<u>Requested Document Numbers</u>
8/88	Gulf Power	880001-EI	8528-88 Forms 423-1(a) 423-2(a) 423-2(b) for June 1988
8/88	FPL	880001-EI	8486-88 Form 423-1(A) for June 1988
8/88	TECO	880001-EI	8485-88 Forms 423-1(a) 423-1(b) 423-2(a) 423-2(b) 423-2(c) for June 1988

Section 366.093(3)(d), Florida Statutes, defines proprietary confidential business information as, in part, information concerning bids or other contractual data, the disclosure of which would impair the efforts of the utility to contract for services on favorable terms.

Based upon an examination of the documents identified in the above-referenced Requests for Specified Confidential Treatment, I find that these periodic filings do contain confidential information which, if released, could affect the ability of the respective companies to contract for fuel on favorable terms.

In consideration of the above, it is

ORDERED that the Requests for Specified Confidential Treatment mentioned above are granted for the filings identified. Those filings shall be exempt from the requirements of Section 119.07(1), Florida Statutes. It is further

ORDERED that if, pursuant to Rule 25-22.006(2)(f), Florida Administrative Code, a protest is filed within fourteen (14) days of the date of this Order, it will be resolved by the appropriate
