ORDER APPROVING TARIFF FILING

BY THE COMMISSION:

Software Defined Network Services (SDN) provides for the transmission of voice and data at customer selected speeds of 56/64 kilobits per second (kbps) or 384 kbps. SDN consists of several arrangements, referred to as schedules, currently ranging from A to E to meet customers' varying needs and abilities. ATT-C is proposing the additions of Schedules F and G to the family of SDN services. Because schedules E through G are confined to data transmission only, the SDN moniker is expanded to Software Defined Data Network services or SDDN.

Each schedule is distinguished from the other schedules by the SDN stations being either "on-network" and/or "off-network" and the access configuration utilized at both ends of the connection, either special access and/or switched access.

The newly proposed Schedules F and G are arrangements requiring high speed/high capacity facilities with additional features not found in the basic arrangement. These schedules are referred to as "custom" services. Transmission speeds for these facilities are either 56/64 kbps and/or 384 kbps, depending on the schedule.

Schedules F and G are expansions of Schedule E. Schedule E is for communications configured with both ends being on-network, both ends having special access, and a transmission speed of 56/64 kbps. Schedule F provides for the transmission of data at the same rate as E, 56/64 kbps, with one end being on-network using special access to an off-network end using switched access. Schedule G provides for transmission of data at the higher rate of 384 kbps between on-network stations and both having special access.

ATT-C states that Schedules F and G's rates cover the costs of providing these services on an individual service basis.

These additional offerings should provide customers with additional SDDN service options. Therefore, we find it appropriate to approve ATT-C's Schedules F and G.

Based on the foregoing, it is, therefore,

ORDERED by the Florida Public Service Commission that AT&T Communications of the Southern States, Inc.'s tariff filing to introduce Schedules F and G, two new options to Software Defined Network Services, is hereby approved. It is further

ORDERED that if a timely protest is filed pursuant to the requirements set forth below, all increased revenues resulting from this filing shall be held subject to refund. It is further

ORDERED that if no protest is received within the time frame set forth below, this docket shall be closed.

By ORDER of the Florida Public Service Commission, this 17th day of DECEMBER, 1991.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.59(4), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

ORDER NO. 25497  
DOCKET NO. 911043-TI  
PAGE 3

The Commission's decision on this tariff is interim in nature and will become final, unless a person whose substantial interests are affected by the action proposed files a petition for a formal proceeding, as provided by Rule 25-22.036(4), Florida Administrative Code, in the form provided by Rule 25-22.036(7)(a)(d) and (e), Florida Administrative Code. This petition must be received by the Director, Division of Records and Reporting at his office at 101 East Gaines Street, Tallahassee, Florida 32399-0870, by the close of business on 1/7/92.

In the absence of such a petition, this Order shall become final on the day subsequent to the above date.

Any objection or protest filed in this docket before the issuance date of this Order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

If this Order becomes final on the date described above, any party adversely affected may request judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or by the First District Court of Appeal in the case of a water or sewer utility by filing a notice of appeal with the Director, Division of Records and Reporting and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days of the date this Order becomes final, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
