Re: Florida Waterworks Association
Revisions to Leverage Formula
Our File No. 15898.01

Dear Andrew:

As a follow-up to our recent discussions and the workshops on the Commission's Leverage Formula for Water and Wastewater Utilities, I would like to request that as soon as you have some feel for the general and specific timing for the Commission's adoption of the next leverage formula, you let me know and generally keep me informed.

We at the Florida Waterworks Association wish to remain involved in the establishment of the new leverage formula later this year and probably appear at the Commission's Agenda Conference when that occurs later this summer. In order to allow us as much time as possible to prepare for this participation, I would appreciate your keeping me informed about all of the Staff's work in this regard, as well as any information you can provide concerning the timing of the expected Staff Recommendation and Agenda Conference.

By copy of this letter, I am filing a Notice of Appearance on behalf of the Florida Waterworks Association with the Clerk's

Mr. Andrew Maurey

office so that I may receive all official correspondence in that regard. I also appreciate your additional assistance in keeping us informed of the Staff's progress.

If you have any questions in this regard, please let me know.

Sincerely,

A handwritten signature in cursive script, appearing to read 'F. Marshall Deterding', written in dark ink.
