Subj: Yulee Family Practice Center Water System
Application for Non-Jurisdictional Entities
Yulee, Florida

Dear Florida Public Service Commission:

I am the sole Proprietor of Yulee Family Practice Center, a small general practitioner's office located in Yulee, Florida. I am in the process of submitting an application for permitting of the on site water system to the Florida Department of Environmental Protection (FDEP). The water system provides potable water exclusively for the Yulee Family Practice Center. One of the permitting requirements for the water system is a copy of the Public Service Commission Certificate or a letter of exemption from the Commission. I believe that the water system serving the Yulee Family Practice Center qualifies as a non-jurisdictional entity. Accordingly, an application for exemption from regulation as such is enclosed for your processing.

I need to complete the permitting process with FDEP as soon as possible. FDEP has notified me however, that the permit will not be issued until the letter of exemption from the Public Service Commission is received by them. I would greatly appreciate your assistance in this matter so that I can complete FDEP's requirements for the water system permit at the earliest date. Should you have any questions, I can be reached at (904) 225-9400. Thank you.

Sincerely,

Dr. James W. Price, M.D.
