NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1995

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Arrow Communications, Inc., d/b/a Indiantown Telephone Long Distance Co. (the "Company"), was incorporated in Florida in 1981. The Company is a wholly owned subsidiary of Indiantown Company, Inc. (the "Parent"), and is engaged in supplying long distance telephone and related services to customers within Martin County, Florida.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Allowance for Uncollectible Accounts -- The Company uses the allowance method for recognizing uncollectible customer revenues.

Income Taxes -- As a wholly owned subsidiary of Indiantown Company, Inc., all items of income and expense are included in the consolidated federal and state income tax returns of the Parent company. For financial statement purposes, the Company's income tax expense is computed on the basis of the Company filing its own separate returns. The Company transfers funds to the Parent based upon the financial statement income tax expense. The amount due the Parent at December 31, 1995 for income taxes is \$2,418 and is included as a component of due to affiliate.

Cash Flows -- The Company presents its statement of cash flows using the indirect method. Cash consists of deposits with commercial banks.

NOTE 2 - CONCENTRATION OF CREDIT RISK

The Company maintains deposits at two commercial banks located in Martin County, Florida. Deposits at both banks are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$100,000. As of December 31, 1995, there were no uninsured balances at those banks.

In addition, the Company extends credit to telephone customers in western Martin County, Florida and national telephone carriers.

(Notes continued on next page)

NOTE 3 - RELATED PARTY TRANSACTION

The President of the Company is a stockholder and Chairman of the Board of the First Bank of Indiantown. As of December 31, 1995, the Company had \$2,996 on deposit with the bank.

In 1994, the Company entered into an agreement with an affiliated company, Indiantown Telephone System, Inc. (ITS) to bill and collect its long distance customers. The total charges to the Company by ITS for such services were \$20,186 for the year ended December 31, 1995. In addition, the Company sold accounts receivable to ITS in the amount of \$212,437.

NOTE 4 - SUPPLEMENTAL DISCLOSURE OF CASH FLOW INFORMATION

During 1995, the Parent and the Company agreed to a reclassification to additional paid-in capital of \$240,000 in intercompany payables due the Parent.

Cash paid during the year for interest was \$307.

Professional Qualifications

Thomas M. Beard is the president and founder of Beard and Associates, a consulting firm that specializes in telecommunications, energy, water, disaster preparedness and international affairs. The firm has expertise in strategic planning, rate case review, rate structure, alternative regulation, economic development, economic analysis, and federal and state jurisdictional issues. He also currently serves as a member of the Board of Directors of Indiantown Company, the parent to telecommunications, water, banking, and real estate interests in western Martin County.

Mr. Beard was appointed to the Florida Public Service Commission in March 1987. He served as Chairman from January 1991 to January 1993. He ended his service to the State of Florida in August 1993.

During his appointment to the PSC, Mr. Beard worked at the national level in the telecommunications area. He served as chairman of the Communications Committee of the National Association of Regulatory Utility Commissioners (NARUC), and a member of the NARUC Executive Committee. He also served as president of the Southeastern Association of Regulatory Utility Commissioners (SEARUC).

Mr. Beard was the State chairman of the Federal/State Joint Conference on Open Network Architecture (410(b)), which looked into many of the issues associated with the unbundling of the network. This was the first time that both the state and federal jurisdictions joined together to try and fashion an acceptable solution that could be supported by both.

Mr. Beard was the senior member of the Federal Communications Commission's (FCC) Federal/State Joint Board on Separations (80-286) which determines many of the financial separations issues between federal and state regulatory bodies. While he served, the Joint Board began a comprehensive review of the entire separations process in response to the rapid emergence of new technologies. He was also involved in initiating a review of the Universal Service Fund.

Professional Qualifications (Continued)

In the area of energy, Mr. Beard was a member of the Keystone Group which, at the time, was focused on resolution of the emissions trading aspects of the Clean Air Act. He was active in seeking a solution to the problems of disposal of high level radioactive nuclear waste.

Mr. Beard was in Miami during Hurricane Andrew and remained there as a part of the Governor's Emergency Operations Center. He served as a technical advisor in the preparation of the Governor's Disaster Planning and Response Review. He has additionally worked with other states, particularly California, in response to their preparations for potential catastrophic disasters.

Mr. Beard has testified before the United States Congress on several occasions. He has testified before the United States House Energy and Commerce Committee's Subcommittee on Telecommunications and Finance as well as before the United States Governmental Operations Subcommittee on Government Information, Justice and Agriculture. He also served as a member of the Technical Advisory Board to the U.S. Congress, Office of Technology Assessment. In international affairs, he has worked with members of both the European Community (EC), the Caribbean Basin and South America.

A native of Tampa, Mr. Beard holds a bachelor's degree from Florida State University, with a major in Biology and a minor in Chemistry. He later attended the University of Florida and received his Masters of Educational Administration and Supervision.

U.S. MAIL APR 09 '96

Dear Blanca:

Enclosed is the application of Arrow Communications, Inc. for a Certificate of Authority to provide "Alternative Local Exchange Service Within the State of Florida." This application is being filed pursuant to the provisions of Section 364.337, Florida Statutes, and Part XV, Chapter 25-24, F.A.C. This application is for statewide authority to provide all Commission approved telecommunications services.

Also, enclosed is the applicant's check in the amount of \$250.00 to cover the filing fee, as required by Rule 25-24.810(1), F.A.C., and the application is being submitted with six copies, as required by Rule 25-24.810(2), F.A.C.

The application does not at this time contain a price list. The applicant will provide a price list prior to providing service. The location of and the exact nature of the services to be provided have not been finalized at this time.
