TO: DIRECTOR, DIVISION OF RECORDS AND REPORTING (BAYO)

FROM: DIVISION OF COMMUNICATIONS (NORTON) *nlb*
DIVISION OF LEGAL SERVICES (EDMONDS) *Edmonds* *FW*

RE: DOCKET NO. 960611-TL - RECOMMENDATION TO ELIMINATE OR
REDUCE THE FREQUENCY OF CERTAIN PERIODIC REPORTS REQUIRED
TO BE FILED BY LECS

AGENDA: JUNE 11, 1996 - REGULAR AGENDA - PROPOSED AGENCY ACTION -
INTERESTED PERSONS MAY PARTICIPATE

CRITICAL DATES: NONE

SPECIAL INSTRUCTIONS: S:\PSC\CMU\WP\960611TL.RCM

CASE BACKGROUND

This Commission has, on occasion, required LECs to submit periodic reports per its orders issued in various dockets. Staff believes that some of these reports can be eliminated or reduced in frequency. This recommendation addresses each such report.

DOCUMENT NUMBER-DATE

05925 MAY 30 96

FPSC-RECORDS/REPORTING

DOCKET NO. 960611-TL
DATE: May 30, 1996

DISCUSSION OF ISSUES

ISSUE 1: Should the LEC Access Charge Billing Units quarterly reports be eliminated?

RECOMMENDATION: Yes, these reports can be eliminated effective immediately.

STAFF ANALYSIS: These reports were required per Order No. 14145 issued in DN 820537-TP, the original proceeding that established access charge rates and policies following the divestiture of ATT. These particular reports were instituted to monitor the growth and direction of switched access. Hence, they contain billing unit data for each of the switched access rate elements: Busy Hour Minute of Capacity (BHMO), Carrier Common Line (CCL), Local Transport, Line Termination, and Local Switching. (See Attachment 1) The Commission has been receiving these reports from LECs for over ten years. Staff believes they can now be eliminated in their entirety since the toll market in Florida has become highly competitive, and the monitoring function is no longer necessary. If switched access billing unit information is ever needed it can be requested specifically at that time. In addition, information on LEC access charge revenues can be obtained from regularly filed annual reports and surveillance reports.

ISSUE 2: Should the LEC Information Services Reports be eliminated?

RECOMMENDATION: Yes, these reports can be eliminated effective immediately.

STAFF ANALYSIS: These reports were required to be filed by Order No. 21815 issued in DN 880423-TP, the Commission's Investigation into the interconnection of Information Services Providers (ISPs) with LEC facilities. The reports were initiated to monitor the geographic and technical development of the Information Services market. They require LECs to identify the number of Basic Service Elements (BSEs) requested by ISPs, and the LECs' plan for offering the requested service if it were not already available. In general, the level of ISP activity in Florida, according to the reports, is much less than originally predicted. Only the four major LECs were required to report regularly. No BSE requests have been reported by small LECs. Staff does not require this information any longer. The data consists primarily of billing units for custom calling features. (See Attachment 2) If the need arises, we will request the information on a case-by-case basis.

DOCKET NO. 960611-TL
DATE: May 30, 1996

ISSUE 3: Should the Capital Recovery Monitoring Report required to be filed by BellSouth be eliminated?

RECOMMENDATION: Yes, this report can be eliminated effective immediately.

STAFF ANALYSIS: This report was required to be filed by Order No. 24262 issued in DN 890256-TL, the Commission's 1989 Review of BellSouth's Capital Recovery Position. The report was originally required to monitor the amount of fiber cable being placed in the Company's distribution system, and the number of residential lines served by fiber. (See Attachment 3) Since the Company has converted to price cap regulation, staff believes that we will no longer require this information to be filed on a regular basis. If a specific need for this type of information ever arises, we will request it at that time.

ISSUE 2: Should this docket be closed?

RECOMMENDATION: Yes, if no person whose substantial interests are affected files a protest within 21 days of the issuance date of the order, the order should become final and the docket closed.

STAFF ANALYSIS: If no person whose substantial interests are affected files a protest within 21 days of the issuance date of the order, the order should become final and the docket closed.

Re: FPSC Docket 820537-TP, Order No. 22421
4th Quarter 1995

Dear Mr. D'Haeseleer:

Enclosed is an original and one copy of Southern Bell's quarterly report on Priceout Showing Billing Units for Access Charges as required by Commission Order 22421 in the above referenced docket.

If I can be of any further assistance, please advise.

Yours very truly,

for Director -
Regulatory Relations

FINANCIAL ANALYSIS DIV

APR 14 PM 3:44

RECEIVED

DOCKET NO. 890256-TL, ORDER NO. 24262
"FIBER REPORT", ISSUE 5

1. Number and percentage of residential customers served by fiber as of December 31 of the prior year and projections of the number and percentage of residential customers to be served by fiber as of December 31 for each of the following three years.

	Year End 1994	Projected Year End 1995	Projected Year End 1996	Projected Year End 1997
Number of Residence Lines Served by Fiber	989	9,200	41,500	120,600
%of Total Residence Lines Served by Fiber	0.03	0.25	1.07	3.02

2. Dollar amounts of fiber distribution cable added during the prior calendar year to serve new versus existing customers and projected dollar amounts of distribution fiber cable to be added in each of the following three years.

	\$ (000) Year End 1994	Projected \$ (000) Year End 1995	Projected \$ (000) Year End 1996	Projected \$ (000) Year End 1997
New Customers	474	5,400	19,500	48,300
Existing Customers	0	0	0	0
Total Customers	474	5,400	19,500	48,300

3. Number of sheath miles and fiber miles of fiber placed in the prior calendar year and the cumulative number of sheath miles and fiber miles as of December 31 of the prior year.

	Placed in 1994	Year End 1994
Sheath Miles of Fiber Optic Cable	986	9,850
Miles of Fiber in Fiber Optic Cable	65,115	350,256

4. A list and short description, including dollar amounts, of the 15 largest work orders for fiber projects closed during the prior calendar year and the 10 largest work orders for fiber projects open as of December 31 of the prior year.

(See Attached Lists)

15 Largest Fiber Projects Closed in 1994
