In Re: Conservation-Cost Recovery

Docket No. 960002-EG

**PETITION OF CHESAPEAKE UTILITIES CORPORATION FOR  
APPROVAL OF  
CONSERVATION COST RECOVERY FACTORS**

CHESAPEAKE UTILITIES CORPORATION, pursuant to Rule 25-17.015, Florida Administrative Code, hereby submits this petition to the Commission for approval of its conservation cost recovery factors listed hereinbelow to be applied to bills rendered for meter readings taken between April 1, 1996 and March 31, 1997. In support hereof, Chesapeake states:

1. The exact name of the Company and the address of its principal business offices is:

Chesapeake Utilities Corporation  
1015 Sixth Street NW  
P.O. Box 960  
Winter Haven, Florida 33882-0960

2. The name and address of the person authorized to receive notices and communications in respect to this docket is:

Wayne L. Schiefelbein  
Gatlin, Woods, & Carlson  
1709-D Mahan Drive  
Tallahassee, Florida 32308

3. The conservation cost recovery factors were calculated in accordance with the methodology which has been previously approved by the Commission. The factors are designed to recover the projected conservation program expenses of Chesapeake Utilities Corporation for the period October 1, 1996 through March 31,

DOCUMENT NUMBER-DATE

00712 JAN 22 88

FPSC-RECORDS/REPORTING

1997, adjusted for the net true-up (which includes the estimated conservation true-up for the period April 1, 1996 through September 30, 1996), as well as interest calculated in accordance with the methodology established by the Commission. The calculation of the factors and the supporting documentation are contained in the prepared testimony of Chesapeake Utilities Corporation witness William M. Nettles.

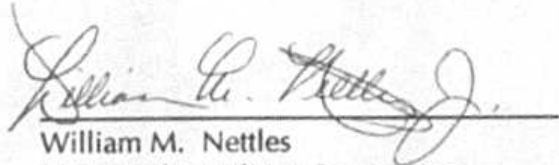

4. Chesapeake Utilities Corporation projects total conservation program expenses, net of all program revenues, of \$118,968 for the period October 1, 1996 through March 31, 1997. The net true-up is an underrecovery of \$89,985. After adding the projected conservation expenses to the amount of this underrecovery, a total of \$208,953 remains to be recovered during the April, 1996 through March 1997 period. Dividing this total among Chesapeake's firm rate classes and then dividing this result by the projected firm gas retail sales for the period by rate classification, and expanding for taxes, results in the following conservation adjustment factors for which Chesapeake Utilities Corporation seeks approval in this petition.

Rate Class	Adjustment Factor (cents per therm)
GS Residential	3.656
GS Commercial	1.142
GS Commercial LV	0.693
GS Industrial	0.382
Firm Transportation	0.369

WHEREFORE, CHESAPEAKE UTILITIES CORPORATION prays the Commission will grant this petition, and approve the above conservation adjustments

factors to be applied to bills rendered for meter readings taken between April 1, 1996 and March 31, 1997, inclusive.

RESPECTFULLY submitted this 22nd day of January, 1996.
