Commissioners:

As regards the application for extension of service area by the Rainbow Springs Utilities, L.C. 8625. I wish to oppose their application for the extension of their service area to include my home. My home is on one acre of land as are all the homes in this area. I have good drinking water and a good septic system. Rainbow Springs Utilities charges for their services are high and the service does not have a good reputation in the area they now serve.

Sincerely,

Raymond F. Melara
