Tallahassee, FL 32399-0850

***Re: 1998 Switched Access Reduction***  
***Docket No. 980459-TP***

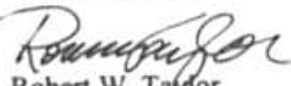

Dear Ms. Bayó:

In response to the Commission's order dated June 8, 1998 in the above referenced docket concerning required flow-throughs of switched access reductions, Brittan Communications International Corporation ("BCI") hereby certifies that it has received less than \$100 in switched access reductions. In conformance with this order, BCI will neither pass through any switched access reductions to its customers nor file revised tariffs providing for switched access reductions.

BCI is a switchless reseller of long distance service and therefore does not purchase switched access directly from any local exchange carrier in Florida. Rather, BCI's underlying network carriers purchase switched access from these local exchange carriers. Any cost reductions these underlying carriers may have received as a result of this order has not been passed on to BCI. Consequently, BCI has no cost savings to pass on to its customers.
