RE: DOCKET NO. 981795-TL - Investigation into telephone exchange boundary issues in South Volusia County (Deltona Area).

Issue 1: Should the Commission approve the Memorandum of Understanding between the Parties?

Recommendation: Yes. The proposal identified as the Memorandum of Understanding between the parties should be approved to resolve customer concerns regarding area codes in Southwest Volusia County.

APPROVED

Issue 2: Should the Commission require the companies to survey the affected customers to determine if they are in favor of the creation of the new exchange?

Recommendation: Yes. If the Commission approves staff's recommendation in Issue 1, the Commission should require the companies to survey the customers that will be served from the newly created exchange to determine if they are in favor of the plan, including the change in their telephone number. The survey should be initiated within ~~45 days from the date that the Order from this recommendation becomes final~~ ^{90^{days} from today's vote}. The ballot should advise the subscribers that their seven-digit telephone number would change, that their calling scope would change (because of the addition of Orange City as an EAS route vs. ECS) and exchange rates would change, (from BST Rate Group
