Dear Sirs:

Re: Wildwood Estates Docket #961444-Ws Progress Report June, 1999

We met with the City of Wildwood and DEP to discuss issues regarding the contract on June 22nd.

The City of Wildwood made the changes to the document and sent copies for our review. Subsequently we submitted our final comments and expect to have an agreement to sign shortly.

We began obtaining quotes for work that needs to be done to the sewer system which is a pre-requisite of transferring the system over to the City.

Yours truly,

Don G. Choquer
