BellSouth Problems

CUSTOMER NAME	CITY	DESCRIPTION OF PROBLEM
BWC Products Inc	Charleston	Unity – Not installed yet – No LNP involved, using brand new ITC DeltaCom #'s Original FOC loop date was 1/8/99. Order was sent to Bell on 12/16/98. We received this FOC on 12/28/98. Bell went to customer site on 1/7/99, but Bell tech could not verify address. All info we had sent was correct & Bell dispatched tech again on 1/11/99. On 1/12/99 we were informed that this was in pending facilities. On 1/14/99 we were informed that Bell had to install repeater. Bell gave estimated completion date of 48-72 hours. On 1/22/99 Bell informed us that the order had defective pairs that had to be replaced and also that they had to install a mid span repeater. Bell had escalated to 4 th level & gave ECD of 1/29/99. On 1/27/99 we were informed that there was a delay in shipment of materials needed to complete order. Gave us new ECD of 2/3/99. On 2/3/99, we were informed that new ECD was 2/11/99 due to the fact that Bell had to order new equipment & it was not scheduled to be shipped until 2/8/99. On 2/4/99 ITC DeltaCom escalated at Bell for a 2/9/99 due date. On 2/8/99, we were informed that new ECD was 2/17/99 due to extensive construction & that the date could not be bettered. Also said equipment had not been received yet. On 2/10/99 ITC DeltaCom spoke to a Director at Bell who said they were waiting on the equipment to arrive and he would escalate once received. He thinks that he may be able to get us a little better date than
Danny R Daniels Agent for AFLAC	Greenville	2/17/99. (See order tracking notes for contact names.) UNE – Install 1/8/99 – 2 lines Had problems calling inbound from within the same wire center – found that Bell had not run "D" order –
The Schmidt Group	Greenville	approx 3-4 hrs to correct Unity - Install 1/19/99 After LNP was done, Chad (Installs) called Kay Gough at Bell and found out that there were no "D" orders in their system & we would have to wait until LCSC came in to get it worked. Called Max Bruce at home, but he didn't know. 2 of the 3 "D" orders mysteriously ran that night & Max had the last one worked the next morning by Eddie Echos in LCSC. Disconnect recording were wrong, but were corrected the next day. We had submitted them correctly to Bell.
Mitchell Road Presbyterian Church	Greenville	UNE – Install to be 2/16/99 – 14 lines Bell did not meet our requested date of 2/8/99. Order sent to Bell on 1/14/99
Key's Printing Company	Greenville	Unity & 1 UNE – Install 1/7/99 Originally scheduled to cut in Nov, but was delayed for order being lost at BST Vendor Services in Atlanta, clarified street name change from Congaree Rd Ext to Keys Drive (we were told that we had 1 year time frame where both names would be correct). Bell finally gave us an FOC 2 days before Thanksgiving to cut this on Wed before Thanksgiving. We called this off for fear of problems and because this is a 24h/7d business. Delayed even longer because then it had to be changed to LNP. "D" order did not run until next day causing the customer not to be able to receive calls from within the same wire center until it completed.

CONFIDENTIAL

Exhibit TAH-1

Hewitt Coleman & Associates	Greenville	Unity & 14 UNE's – Install 2/4/99
newiti Coleman & Associates	Greenvine	Disconnect recordings on 5 #'s were wrong. Clarence
		at Bell said they were submitted with the "B"
		recording. Checked with Provisioning the next
		morning & they were submitted correctly with the "A"
		recording. Bell corrected this 2 days later.
All American T-Shirt	Greenville	UNE – Install 2/3/99 – 4 lines (3 conversions & 1 new)
All Allichean 1-Bitat	Greenvine	On 1/25/99 customer was completely without service.
		Mickey Dickerson or John Carroll contacted our Bell
		rep & she looked into it. We were given no reason, but
		customer was back in service by late that afternoon.
		On 2/2/99 Bell informed Installs that the new line was
		not wired and would not be done until 2/4/99. We said
		okay, but to go ahead with the other 3 at the scheduled
		time. Cut began at 4pm on 2/3/99. After Bell cross-
		connected the 3 lines, our field tech discovered that 2
		of the lines were crossed and the main line was dead.
		Cheryl (Installs) called Lori at Bell UNE center to
		inform her. 2 hrs past, Lori was trying to contact a CO
		tech to find problem. At that time she stated she was
		having problem contacting a CO tech. CO tech finally
		arrived and attempted to correct problem, but couldn't.
		Lori said these lines would have to be rewired. At
		8pm, field tech & customer were notified that Bell was
		putting the lines back to original service. Bell worked
		on getting these lines back during the night & by
		morning the service was restored. Still to be
		rescheduled.
R & S Inc dba Bedworks	Greenville	UNE – Installed not complete yet – 3 lines
		Date asked for was 1/25/99. Bell pushed out 10 days
		to 2/8/99 because they were backed up. After close of
		business on 2/5/99 Installs was informed by Bell that
		this was not wired. Had to contact customer at home on
		Saturday to let him know. Still no date scheduled.
Kramer & Associates	Greenville	UNE – Install canceled – 9 lines
		Originally requested 1/28/99. Bell clarified order
		because a letter O was put in for the pon# at Bell
		instead of the number 0. Next available date was
		2/11/99, but when I called customer to verify, she told
		me they were moving in 3 weeks. Advised her that we
		should cancel this order, let Bell move her, and then
		start over once she moved because we could not move
		her that quickly. She was okay with this & understood
		why.
CLC-South Carolina Inc/ New Horizons	Greenville	Unity & 6 UNE's – Install scheduled for 2/15/99
		Original date requested was 2/8/99. Found out approx
		3-4 hrs before cut that Bell did not have UNE's wired.
		With this not done, we could not run LNP because all
		#'s under BTN are split between T-1 & copper lines.
Controls Service Company of SC	Greenville	UNE - Install 1/28/99 - 3 lines
The state of the s		Cut was to begin at 12pm, but did not begin until 1pm
		because Bell CO tech went to lunch. Once started, cut
		went fine.
Better Business Bureau	Greenville	UNE - Not installed yet- 13 lines
	Groomvino	Install was to happen on 2/10/99, but Bell contacted us
		on 2/9/99 to let us know that they are not ready yet.
		Still trying to get a date.
Conrem USA	Greenville	UNE – Install 2/5/99 – 4 lines
Oundin Obis	GICCHAIRE	Found out on 2/1/99 that Bell did not meet original
		date of 2/4/99.
		uale UL 4177.

Dover Elevator	Greenville	UNE – Not installed yet – 5 lines Found out on 2/1/99 that Bell did not meet original date of 2/4/99. Gave us 2/5/99. Bell then informed us on 2/5/99 3 hours before cut that they had not completed wiring & had just gotten additional materials needed that morning. We then moved cut to 2/9/99. Customer was notified, but then we had to put
		in missed appointments because customer went home sick & we missed the 2/9/99 date.
Ed Patterson	Greenville	UNE – Install 1/13/99 – 4 lines Cut started an hour late due to the fact that Bell had no one in CO to cut lines over.
E & M Pipeline	Greenville	UNE – Install 2/11/99 – 5 lines Customer's service was taken down on 2/4/99. Called John Carroll in Installs because I figured Bell had disconnected him early. Customer called Bell Business
		Office to report it & was told that they would charge to come out if problem was inside business. Customer did not agree and told them not to come out. I spoke to customer again & urged him to go ahead & let Bell
		come out, that we would deal with any issues with charges later. In the meantime, John Carroll called our acct team manager, Brenda, at Bell. She called him back within an hour and told him that there was a catastrophic cable failure on that side of town & ETR
		was by mid-day the next day. I informed customer of this. Customer called me back 2 hours later & said service was restored. I notified John Carroll of this.
Start Executive	Greenville	UNE – Install 2/19/99 – 7 lines Bell informed Brad in Provisioning on 2/8/99 that this is pending facilities.
Cross Country Printing	Greenville	UNE - Install 2/23/99 - 9 lines This was originally scheduled for 10/21/98, but was held off because of hubbing arrangement. Then Bell put it into pending facilities on 11/13/99 giving us a new date of 11/19/98. On 11/16/98 Bell took it out of PF giving us a new date of 11/24/98. On 11/23/98 Bell notified us at 5pm that it would not go the next morning due to "incomplete facilities". We then had to wait for LNP because our calendar was so full. Next requested date was 2/23/99. Bell informed Brad in Provisioning on 2/8/99 that this is pending facilities.
BSA Sales	Greenville	UNE – To be rescheduled – 7 lines Bell informed Brad in Provisioning on 2/8/99 that this is pending facilities. Scheduled for 2/15/99, but Bell informed us on 2/12/99 that PF was not complete.
NVR Mortgage	Greenville	UNE – Install 2/17/99 – 5 lines Bell informed Brad in Provisioning on 2/8/99 that this is pending facilities.
Tiger Transport	Greenville	UNE – Install 2/18/99 – 6 lines Original date asked for was 11/12/98. Bell pushed out to 11/19/98 for pending facilities on 11/12/98. Cut did not go on 11/19/98 because of problems with wiring through a slick. Bell said that they would have problem solved by 11/24/98 & that we could complete it then. On 11/24/98, approx. 3 hours before cut, Bell canceled again saying that they had wrong cards in to convert from 2 wire to 4 wire. Chad (Installs) was told
ITC DELTA	1COM	on 11/20/98 by Willie at Bell that this problem was corrected. This order then had to wait for LNP. O

		2/9/99 Krista (Provisioning) informed me that Bell had not received the Yellow Page Heading. She refaxed it & we are waiting to see if Bell will FOC 2/18/99.
Pro Flooring Supplies	Charleston	UNE – Not installed yet – 4 lines Bell notified Provisioning on 2/10/99 that they would not meet date of 2/11/99. They have given us 2/16/99.
JCA dba National Men's Health Clinic	Greenville, SC (sold from Columbia)	UNE cut including 4 lines. Originally asked for dd 1/27 at 4:30pm est. Bell couldn't meet this date and gave us new dd of 2/11 at 4:30pm est. Customer could not meet this date and we are trying to reschedule now.
Reintjes of the South	Columbia, SC	UNE cut including 5 lines. We had requested dd 2/1 at 6:00pm est. Bell sent back to us 3 times for yellow page header corrections. Still not corrected.
Palmetto Tile Center - Location 1	Columbia, SC	UNE cut including 7 lines. We asked for 2/8 5:00pm est. Bell sent back for yellow page header corrections. New date is 2/24 at 5:00pm est.
Dozier Big & Tall – Location 2	Columbia, SC	UNE cut including 2 lines. We asked for 2/9 8:30am est. Bell wouldn't accept order because customer had 1 back up line he wanted to keep as RB. Back up lines are not considered a class of service. Customer had to convert to a 1FB. New date 2/23 8:30am est.
RMH dba Rice Music House	Columbia, SC	UNE cut including 4 lines. We asked for 2/10 7:30am est. Bell sent back to us for yellow page header corrections. Still not corrected yet.
Todd & Ward	Columbia, SC	UNE cut including 6 lines. We had asked for 2/4 at 12:00 noon est. We had a bell problem with the cut because at 12:00 the bell tech had to go to lunch so we were delayed for 45 min. Once he returned, the cut went smoothly and without any problem. Took 2 hours.
Dozier Big & Tall loc. 1	Columbia, SC	UNE cut including 3 lines. We asked for 2/8 @ 8:30 est. For the first two hours Bell CO tech said that they had the lines cut over to ITCD, but we showed no traffic and still ID the lines with bell. Finally, the CO tech realized that the lines had not yet been "hard wired" in their CO and was the reason why the loops were not cut over yet. The completion was 3 hours for 3 UNE lines, which also included testing of the lines.
Dozier Big & Tall Loc 1	Columbia, SC	UNE The cut of 3 lines now on 2/12 the customer has called in very upset. They have no dial tone on main number. They can not receive calls. We call the number and reached the voice mail immediately. The roll over line does the same thing.

Seco Equipment	Montgomery	UNE - Install date of 1/19/99 3 lines
Seco Equipment	14tonigonici y	Demark reflected different numbers than what was on
	{	the CSR therefore, the wrong action was transposed on
	ļ	the Number Portability Sheet. Rescheduled for 2/4/99.
		The changes were made on the Number Portability
		Sheet and a new order was sent to Bell. The night of
•		the cut Bell was using old information so the cut had to
		be called off again. Rescheduled for 2/9/99. After the
	İ	cut the hunt sequence quit working and so the customer
		decided to go back to Bell.
Anahar Martaga	Mantagement	UNE – Install date of 1/21/99 14 lines
Anchor Mortgage	Montgomery	
		Rescheduled for 1/28/99 because Bell had not completed engineering. Rescheduled for 1/29/99
		because there was one bad line. Bell repaired the line
		during the night and we were able to cut it on 1/29/99.
Russell Petroleum Location #10	Montgomery	UNE – Install date of 2/9/99
		This cut was scheduled for 2/9/99, on 2/8/99 Bell
		notified Provisioning that these lines were not
		engineered and the cut would have to be postponed. At
		5:51 PM Bell notified Provisioning that they had got
		the lines engineered and the cut could take place as
		scheduled. The following morning at 9:00 AM Bell
		was notified to cancel the order per customer. At 10:30
		AM the SC reported that all lines were down. Bell said
		that someone in that office had started running
		translations on three lines. At 11:30 AM Bell had the
		problem fixed. The customer decided to cancel this cut
		because the previous cuts at other locations had taken
		entirely too long and he could not afford for this
		location to be down that long. Mr. Wood (customer)
		has confirmed that he is in the process of taking legal
	<u> </u>	action against Bell for loss of service on 2/9/99.
North Alabama Bone & Joint	Florence, AL	Unity Plus – Install date of 1/7/99
		This cut was scheduled for 1/7/99 but was canceled
		because the vendor had software problems. When the
		SC called the customer to let them know what was
	ĺ	happening she received a busy signal. She tried several
		other numbers and discovered that they were also busy.
		She called Provisioning to tell them to cancel the cut
		but that also she was receiving busy signals when
		trying to call the customer. Provisioning then called
		Bell to see if anything had been run and they were told
		no and instructed to have the customer call Beil with a
		report the trouble. We called Bell for the customer and
	ļ	Bell informed us that the lines had been disconnected
		and they could not open a ticket. Provisioning called
		Bell and found out that the disconnects had been run
		early. This all happened around 2:30 and 3:00 PM. At
		5:45 Bell fixed the problem. The cut actually occurred
		on 1/28/99. The only problem at this point was the
		intercept recording was wrong. Bell was notified and
		they had the correct intercept recording put on the next
		day.
Tennessee Valley Rehab	Florence, AL	UNE – Install date of 1/27/99 6 lines
Timesov Taney Itomao	Tiorenec, AL	Install went very well but the intercept recording was
		wrong. Our paperwork was correct, Bell added the
		wrong intercept.
Rock of Faith	Florence, AL	UNE – Install date of 2/11/99 2 lines
TO SEC AT 1 MIMI	Tiorence, AL	This cut was canceled and rescheduled for 2/17/99.
		Bell was having engineering problems.
TARRETTAN		Don was naving engineering problems.

CONFIDENTIAL

Larkin Industries Pelham UNE — Install date of 1/28/99 12 lines This cut was rescheduled for the 2 nd but per Bell lines were not engineered right. The night of the Bell tech was sent home and Bell had to call in tech to do the job. This caused our techs to be or until 9:00 PM. The next day, 2/3/99, the custom dial tone. A ticket was opened on the T-1 proper documented and did not show it as a production it was not recognized in their trouble system. Or was discovered service was restored. The custor could then make outbound calls but could not h ring from inbound. A ticket was opened on the I lines. Colgan Distributors Inc Baton Rouge 56K – FOC date of 11/23/98	
This order was sent to Bell on 11/19/98. On tha	
day Dana from Bell called to say that the order	was in
pending facilities status. On 11/23/98 an FOC	vas
received and then on the same day a DLR was	
received. There was an error in the "specials" so	ection
of the order. This was corrected and sent back.	
11/30/98 the order was put back in pending fact	
status. On 12/22/98 Adam Battles called to che	
the order and Bell said that it had just dropped of	
PF status on the 17 th and they were dispatching	
out. 12/30/98 called Bell for status and no one i	
been dispatch yet. 1/4/99 called Bell for status a	
one had been dispatch yet. 1/12/99 called Bell i	
status and per Bell this order has been put back	into PF
status. 1/20/99 called Bell for status. The order	
PF status and tech will be dispatched. 2/2/99 ca	lled
Bell because we were unable to loop up a NIU	
able to get a OCU. We were unable to get dispa	
back out. 2/2/99 switch talked to Bell (Lloyd M	
was told that this order was going back to PF st	
	atue
account.	
On 12/28 the customer lost service – called bel	i
bell told customer he was a ITC^Deltacom cus	i l and
not bell. We lost this customer because of this.	i l and
Bell cut a day early with out notice.	i l and

Patton General Contracting	Columbia	This is UNE with 18 lines. Cut was FOC for 1/5 at 7am. At 6pm on 1/4 The UNE group was double checking the order And was informed by Bell there was a facilities Problem, and could not CUT.
Prime Rate	Florence, SC	Unity – 1st attempt the Cut was FOC for 1/11/99 at 5:30 pm. Bell informed us at 2:00 pm there was a facilities problem and could not cut, tried to escalate but Still a no go.
Patton General Contracting Greenville	Greenville	This is a UNE with 19 lines. FOC for 1/19/99 at 7am, Bell informed us At 3pm when we called to check the order That there were facilities problems, did not cut And still has not cut as of yet.
Prime Rate	Florence, SC	This is a Unity 2 nd attempt. FOC for 2/2/99 at 5pm. Bell called Dee at 1pm and informed us cut will Be canceled due to a contract issue, we have this recorded on voice mail. Then Bell told Prime Rate that they did not stop the cut, that we had.
All Aboard Travel	Charleston	This is a UNE with 4 lines. FOC for 2/10/99 at 7am. At the time of cut bell informed us that they had a facilities issue and could not cut.
Climate Control Equipment	Montgomery	UNE, Cut was moved from 2/12 to 2/23 at customer request. Received FOC for 2/23. Bell ran the cut on 2/12.

Exhibit TAH-2

CUSTOMER NAME	CITY	DESCRIPTION OF PROBLEM
BWC Products Inc	Charleston	Unity - Not installed yet - No LNP involved, using
BWC Hoddets me		brand new ITC DeltaCom #'s Original FOC loop date was 1/8/99. Order was sent to
DLT98RTC1975N		Bell on 12/16/98. We received this FOC on 12/28/98.
CX50HJ47		Bell went to customer site on 1/7/99, but Bell tech could not verify address. All info we had sent was
		correct & Bell dispatched tech again on 1/11/99. On 1/12/99 we were informed that this was in pending
DD 1-08-99		facilities. On 1/14/99 we were informed that Bell had
COMPLETE 2-17-99		to install repeater. Bell gave estimated completion date of 48-72 hours. On 1/22/99 Bell informed us that the
NO ACCESS ON ORIGINAL DD, THEN PF'D		order had defective pairs that had to be replaced and also that they had to install a mid span repeater. Bell
AFTER ACCESS AND TESTING BEGAN.		had escalated to 4th level & gave ECD of 1/29/99. On
		1/27/99 we were informed that there was a delay in shipment of materials needed to complete order. Gave
CLEC		us new ECD of 2/3/99. On 2/3/99, we were informed that new ECD was 2/11/99 due to the fact that Bell had
OSPE		to order new equipment & it was not scheduled to be
		shipped until 2/8/99. On 2/4/99 ITC DeltaCom escalated at Bell for a 2/9/99 due date. On 2/8/99, we
		were informed that new ECD was 2/17/99 due to extensive construction & that the date could not be
		bettered. Also said equipment had not been received
+		yet. On 2/10/99 ITC DeltaCom spoke to a Director at Bell who said they were waiting on the equipment to
		arrive and he would escalate once received. He thinks that he may be able to get us a little better date than
		2/17/99. (See order tracking notes for contact names.)
		RESPONSE
		Initial visit delayed due to building not occupied
		therefore the IR could not locate a LCON and did not reach the contact at the tn given on the order. Called
		the real estate office to locate new tenant. No one has rented the building as far as they know. Referred to
		Delta Com. To provide contact and access to location.
		After gained access the IR tested the T-1 circuit on 1- 11-99 but failed. PF (facilities) and a construction job
	<i></i>	needed to be worked to place a mid span repeater. ECD 1-29 was changed to 2-11 with ESD (DD)
		changed to 2-17.
Danny R Daniels Agent for AFLAC	Greenville	UNE - Install 1/8/99 - 2 lines
DLT98LNP0586 CX3B1DF6		Had problems calling inbound from within the same wire center – found that Bell had not run "D" order –
		approx 3-4 hrs to correct
DD 1-08-99		RESPONSE Order mishandled by the WMC and the UNE center.
		Did not dispatch on the new line. Did not dispatch to
COMPLETE 1-08-99		pre install because order has RUF fid, but only on the 1st line. Did not set up appointment for due date or
UNE		meet PTD. Installer did not complete until around 1:30pm on due date. Had to place inside wiring along
I&M		with the installation of the new line. No information
		about what time D order worked. I feel it was held until the installation was completed.

The Schmidt Group DLT99LNP0651,2,3 NO BELL ID NO PON	Greenville	Unity – Install 1/19/99 After LNP was done, Chad (Installs) called Kay Gough at Bell and found out that there were no "D" orders in their system & we would have to wait until LCSC came in to get it worked. Called Max Bruce at home, but he didn't know. 2 of the 3 "D" orders mysteriously ran that night & Max had the last one worked the next morning by Eddie Echos in LCSC. Disconnect recording were wrong, but were corrected the next day. We had submitted them correctly to Bell. RESPONSE Could not locate the PON
Mitchell Road Presbyterian Church DLT99LNP0698 CX6L8263	Greenville	- Install to be 2/16/99 - 14 lines Bell did not meet our requested date of 2/8/99. Order sent to Bell on 1/14/99
DD 2-18-99 DD CHANGED TO 3-11-99 PF PROBLEMS ORDER RELEASED 2-23-99		RESPONSE Order in assignment not rec'd in UNE's WFA until 2- 16-99. Worked the cut on 2-18-99 at 3:00pm, but due to not being able to reuse 2 circuit facilities on ISLC, had to cut back. Not checked before and had to cut
FROM AFIG.		back. PF the order for 2 aerial pairs in order to work all lines at cut time. New due date is 3-11-99
PREVIOUS PROBLEM WITH ISLC ASSIGNMENTS		
NOTE: CLEC SAID SENT TO BELL 1-14-99, THE APP/ ISSUE DATE ON ORDER IS 2-02-99		
AFIG OSPE UNE		
Key's Printing Company	Greenville	Unity & 1 UNE – Install 1/7/99
DLT98LNP0541 CX50DCJ1		Originally scheduled to cut in Nov, but was delayed fo order being lost at BST Vendor Services in Atlanta, clarified street name change from Congaree Rd Ext to Keys Drive (we were told that we had 1 year time frame where both names would be correct). Bell
DD 1-07-99		finally gave us an FOC 2 days before Thanksgiving to cut this on Wed before Thanksgiving. We called this
COMPLETE 1-07-99		off for fear of problems and because this is a 24h/7d business. Delayed even longer because then it had to be changed to LNP. "D" order did not run until next
LCSC UNE		day causing the customer not to be able to receive call from within the same wire center until it completed.
		RESPONSE The application date on the service order is 1-05-99 with due date of 1-07-99. Not sure about conversation before the order was issued. No lead-time to set up appointments with WMC or to pre test. The UNE stated the disconnect was worked 1-07-99 a 6:30pm.

Hewitt Coleman & Associates	Greenville	Unity & 14 UNE's – Install 2/4/99
DLT99LNP0644,5,6,7,8,9,50 CX8Q2N74,CX1J23D3,CXF0FNH6,CX5HQB98 CX74KBK8,CX3MGWL3,CX4B44Q1 ORIGINAL DD 1-21-99 COMPLETE 2-04-99 ORDER CX5HQB98 COMPLETE 2-05-99 (DEFECTIVE SMAS) LCSC UNE	Gicchvine	Disconnect recordings on 5 #'s were wrong. Clarence at Bell said they were submitted with the "B" recording. Checked with Provisioning the next morning & they were submitted correctly with the "A" recording. Bell corrected this 2 days later. RESPONSE UNE WFA logs do not record any problems concerning disconnect orders not running on time. One order was held to the next day due to a SMAS trouble, the others were released to run on the evening of cut around 8:00pm.
All American T-Shirt	Greenville	UNE – Install 2/3/99 – 4 lines (3 conversions & 1 new)
DLT99LNP0681		On 1/25/99 customer was completely without service. Mickey Dickerson or John Carroll contacted our Bell
CX905Y49		rep & she looked into it. We were given no reason, but customer was back in service by late that afternoon. On 2/2/99 Bell informed Installs that the new line was not wired and would not be done until 2/4/99. We said
ORIGINAL DD 2-03-99 CHANGED TO 2-08, 2-19, 2-24 AND 3-09-99		okay, but to go ahead with the other 3 at the scheduled time. Cut began at 4pm on 2/3/99. After Bell cross-connected the 3 lines, our field tech discovered that 2
ORDER MISSED DUE TO PF AND OTHER ASSIGNMENT PROBLEMS		of the lines were crossed and the main line was dead. Cheryl (Installs) called Lori at Bell UNE center to inform her. 2 hrs past, Lori was trying to contact a CO tech to find problem. At that time she stated she was having problem contacting a CO tech. CO tech finally
AFIG OSPE UNE		arrived and attempted to correct problem, but couldn't. Lori said these lines would have to be rewired. At 8pm, field tech & customer were notified that Bell was putting the lines back to original service. Bell worked on getting these lines back during the night & by morning the service was restored. Still to be rescheduled.
		RESPONSE Unable to determine the out of service on 1-25-99. Possible due to the orders being date changed. Before cut the assignments to be reused were not
		checked. The reuse assignments are not assigned to the correct telephone numbers. Not correct as 3-2-99. I ref'd to Jim Ennis to have handled. Cut coming up 3-04-99. This was cut back previously due to improper checking before changing to the new service. Due to
D & C Lee dhe Dedouada		cut again on 3-04-99.
R & S Inc dba Bedworks DLT99LNP0656	Greenville	UNE – Installed not complete yet – 3 lines Date asked for was 1/25/99. Bell pushed out 10 days
CX51P9N3		to 2/8/99 because they were backed up. After close of business on 2/5/99 Installs was informed by Bell that this was not wired. Had to contact customer at home o Saturday to let him know. Still no date scheduled.
DD 2-08-99 CHANGED TO 3-09-99		
PENDING DUE 3-09-99		RESPONSE
AFIG		Due date set for 3-09-99 and a subscriber later (SL) in
UNE		the MA field on the service order. No remarks on service order to justify the changes. Although this is a reuse order from the old service, the design was late. The order was referred to OSPE to input loop make up input in AFIG database. The disconnected service

was not designed therefore the loops did not need make up. Changed to design requires a make up although no change in service. Delay for corner WORD until 2-99. Set up for cut on 2-18-99 at 800am but stopped due to the cable pairs assigned were new instead of reuse. Due date changed to 3-69-99. Interfered this to Jim Ennis for review and referral to the UNE. DLT99UNE0002N C11C4L56 DD 1-21-99 CHANGED TO 1-28-99, DUE TO PROBLEMS WITH THE CFA ASSIGNMENTS ON SEVERAL ITEMS. NOT RESOLVED BY LCSC UNTIL AFTER 1-21-99 LOST TECH IN CO. COMPLETE 2-01-99.		Rescheduled for 1/28/99 because Bell had not completed engineering. Rescheduled for 1/29/99 because there was one bad line. Bell repaired the line during the night and we were able to cut it on 1/29/99. RESPONSE Set up for a 5:00pm cut on 1-28-99. Ticket handed off to the CO for the cut. Outside tech had to do part of the cut. As progressed, a line did not work. No one answered in the CO. Call to WMC and others did not get help. Had to cut back. Rescheduled for 2-01-99 and completed.
Russell Petroleum Location #10 DLT99UNE0032N C1P9F796 DD2-09-99 COMPLETE 2-09-99 AFIG HAS PROBLEMS WITH LMU LATE WORD LCSC REUSE ISSUES? AFIG OSPE LCSC	Montgomery	UNE – Install date of 2/9/99 This cut was scheduled for 2/9/99, on 2/8/99 Bell notified Provisioning that these lines were not engineered and the cut would have to be postponed. At 5:51 PM Bell notified Provisioning that they had got the lines engineered and the cut could take place as scheduled. The following morning at 9:00 AM Bell was notified to cancel the order per customer. At 10:30 AM the SC reported that all lines were down. Bell said that someone in that office had started running translations on three lines. At 11:30 AM Bell had the problem fixed. The customer decided to cancel this cut because the previous cuts at other locations had taken entirely too long and he could not afford for this location to be down that long. Mr. Wood (customer) has confirmed that he is in the process of taking legal action against Bell for loss of service on 2/9/99. RESPONSE Order late due to problem at AFIG. The LCSC did not add the reuse information per AFIG. Once this was
		resolved, the LMU was not in FACS database. Must have make up if designed. Escalated to SAC to get LMU. CLEC advised to cancel order 2-09-99. Lost service, UNE checked and states March has orders still pending, CO did not disconnect per tech in the office. RCMAG advised order partially worked in error. Restoring now (11:23am on 2-09-99).

North Alabama Bone & Joint DLT98RTC1859N C10VL420 THIS ORDER IS FOR THE ACAC GEN CARRIER. NOT RELATED TO A CUT. INSTALLS A NON CHANNELIZED T-1 DLT TO THE CUSTOMER PREMISE.	Florence, AL	Unity Plus – Install date of 1/7/99 This cut was scheduled for 1/7/99 but was canceled because the vendor had software problems. When the SC called the customer to let them know what was happening she received a busy signal. She tried several other numbers and discovered that they were also busy. She called Provisioning to tell them to cancel the cut but that also she was receiving busy signals when trying to call the customer. Provisioning then called Bell to see if anything had been run and they were told no and instructed to have the customer call Bell with a report the trouble. We called Bell for the customer and Bell informed us that the lines had been disconnected and they could not open a ticket. Provisioning called Bell and found out that the disconnects had been run early. This all happened around 2:30 and 3:00 PM. At 5:45 Bell fixed the problem. The cut actually occurred on 1/28/99. The only problem at this point was the intercept recording was wrong. Bell was notified and they had the correct intercept recording put on the next day. RESPONSE

DD 12-31-98 COMPLETE 1-06-99	. •	Then Bell told Prime Rate that they did not stop the cut, that we had.
PROBLEMS WITH MULDEM ASSIGNMENT AND WITH OPTIONS. CORRECTED AND TURNED UP CIRCUIT.		RESPONSE No indication of above comments. Did have troubles on circuit Changed muldem slots and found options set incorrect for this type circuit. Problems fixed and turned up to the CLEC.
All Aboard Travel DLT99LNP0689 CX604HN6	Charleston	This is a UNE with 4 lines. FOC for 2/10/99 at 7am. At the time of cut bell informed us that they had a facilities issue and could not cut.
DD2-10-99 COMPLETE 2-22-99 CPG WORD PROBLEM. UNE AND CO NEEDS TO CHECK CPG		RESPONSE Problem with design on items 2-4. Item 1 OK. Looks like the WORD did not provide the trunk conditioning necessary. UNE center will need to insure CPG issues correct design for TC codes. Date changed to 3-10-99. The DACS (DCD) will not test without correct TC codes for the circuit under test.
Climate Control Equipment DLT99UNE0046N D1MR4308	Montgomery	UNE, Cut was moved from 2/12 to 2/23 at customer request. Received FOC for 2/23. Bell ran the cut on 2/12.
		RESPONSE Could not locate the PON.

CUSTOMER NAME	CITY	DESCRIPTION OF PROBLEM
Piedmont Plastics	Greenville	Unity – Date of install 6/28 Day of install Bell informed ITCD that the order was still in pending facilities. Bell ID # 30/HCGS/404958/SB
Gold Imaging	Charlotte	UNE – Install date of 6/9 On 6/9 Bell said one line was in Permanent Lock Out. The cut was rescheduled for 6/15 and the same thing happened. Bell said one line was PLO. On 6/25 PLO is fixed and the order was rescheduled for 6/28. On 6/28 Bell said that ITCD did not respond to a MA letter sent on 6/10 so Provisioning called Bell to let them know we were not going to SUP the order because the PLO was Bell's fault. Bell had already purged the order from their system and the cut is rescheduled for 7/1. Bell ID # 22.LYFU.403156SB
Franklin American Mortgage	Greenville	UNE – Install date of 6/28 10 lines There were no real troubles with this cut but it tool quite a while (4 hours) to get the numbers ported. Bell ID # 30.LYFU.500277SB
Redemption Outreach Center	Greenville	UNE – Install date of 6 lines Bell had engineering problems and the cut was rescheduled for 6/28. On 6/28 Bell had still not done anything and the order still had engineering problems. This cut is rescheduled for 6/30. Bell ID # 30.LYFU.401344SC

CUSTOMER NAME	CITY	DESCRIPTION OF PROBLEM
Morris Network	Macon	UNE – Install date of 7/13 15 lines This order will have to be rescheduled because the order is in pending facilities per Bell. Bell did not have the lines engineered for the cut. Bell 1D # 46.LYFU.600077SB
Sonoco	Florence	UNE – Install date of 7/13 5 lines This cut is rescheduled for 7/15 because Bell did not have the engineering of the lines complete. Bell ID # A4.LYFU.658749SC
PNK Investments	Orlando	Intralata Frame Resale – Install date of 7/7 The cut was attempted by the vendor but the vendor stated that nothing was showing up at the smart jack. Bell said that they had tested to the smart jack but would dispatch a tech out to test at the RJ48. Bell ID # NY6V5KM0
Redemption Outreach Center	Greenville	***UPDATE*** UNE – Install date of 6/14 6 lines This order had to be rescheduled several times. 6/14 – Pending Facilities 6/23 – Engineering Problems 6/28 – Permanent Lockout on lines 6/30 – Engineering Problems 7/9 – Bell backed up and couldn't work order 7/13 – Bell did not have tech available to work cut. No reschedule date as of yet. Bell ID # 30.LYFU.401344SC

CUSTOMER NAME	CITY	DESCRIPTION OF PROBLEM
Grogan Jewelers Inc	Huntsville	UNE – Install date of 6/30/99 4 Lines This cut will have to be rescheduled because Bell sent in order wrong to the UNE Center. Also Bell stated that the order should be pushed because Huntsville was going LNP the next day. Main BTN # 256-837-1161 & 4808. No ID #
Simco Financial	Huntsville	UNE – Install date of 6/4/99 5 Lines This was rescheduled for 6/18 because the customers fax line went down several days before the cut and ITCD requested that this problem be fixed before doing the cut over. After canceling the cut the customer called in to say that Bell was on site to do their cut over. After getting ITCD install tech and Bell on line, Bell took care of it. Bell said that the canceling of the order did not reach that group in time to cancel. Bell ID # A4.LYFU.658443SC
Heil Environmental	Anniston	Unity T-1 Install date of 6/3 This cut was rescheduled for 6/4/99 because Bell had trouble porting the numbers. The numbers were to be ported at 5:00 PM and they finally ported at 10:00 PM. The next morning customers trying to call Heil were getting busy signals because Bell did not put the correct number of paths on the lines. Bell corrected the problem. Bell ID # A3.HCGS.569523SC
John T Davis Oil # 235	Anniston	UNE – Install date of 6/9 2 Lines This cut was delayed 1 hour and 15 minutes because Bell forwarded the customer's main line to the wrong number. Bell corrected this problem at 11:15 AM. Bell ID # A3.LYFU.570113SC
Computer Support Systems Inc	Florence	UNE – Install date of 6/29 10 Lines This cut was canceled because one of the customer's lines was down. This was not corrected in time for the cut and now the order will have to be rekeyed as LNP. Main BTN is 256-355-5973 & 5574 No Bell ID.
ChildCare Network # 97	Charlotte	UNE – Install date of 6/7 This cut was delayed because Bell had 2 lines in permanent lockout. David Webb in the Install group caught this early enough for the cut to be completed as scheduled. Bell ID # 22.LYFU.403104SB
Commercial Plastics	Charlotte	UNE – Install date of 6/14 13 Lines This cut did not go because Bell had engineering problems 4 different times. Bell ID # 34.LYFU.401118SB
Monique Walker/State Farm	Macon	UNE – Install date of 7/7 2 Lines This cut did not go because Bell did not have the circuit engineered yet. No reschedule date as of yet.
