In re: Adoption of Numeric
Conservation Goals and
Consideration of National Energy
Policy Act Standards (Section
111) by Florida Public Utilities
Company.

DOCKET NO. 990721-EG
ORDER NO. PSC-99-2388-PCO-EG
ISSUED: December 7, 1999

ORDER GRANTING FURTHER EXTENSION OF TIME

By motion filed November 29, 1999, Florida Public Utilities Company (FPUC) requests an extension of time to file its direct testimony and proposed numerical conservation goals in this docket. By Order No. PSC-99-2286-PCO-EG, issued November 22, 1999, FPUC was granted an extension to file its direct testimony and proposed goals in this docket on November 30, 1999. In the instant motion, FPUC requests that it be granted an additional extension of one week to file its direct testimony and proposed goals on December 7, 1999. In support of its request, FPUC reports that work on this testimony has been delayed by a death in the family of its attorney, Mr. Norman H. Horton, Jr., who has been working closely with FPUC in this matter.

FPUC asserts that this extension will not adversely impact the remaining schedule for this docket. The Executive Office of the Governor is a party to this docket pursuant to Section 366.82(2), Florida Statutes, but has indicated that it does not oppose FPUC's motion. There are no other parties to this docket. Because FPUC has shown good cause for the requested extension and no party opposes the motion, FPUC's request is hereby granted.

Good cause having been shown, it is therefore

ORDERED by Commissioner Susan F. Clark, as Prehearing Officer, that Florida Public Utility Company's Motion for Further Extension of Time is hereby granted.
