Re: Supreme Court Case No. SC02-1023 - South Florida Hospital Healthcare Association, et al., vs. E. Leon Jacobs, Jr., et al. (Docket No. 001148-EI)

Dear Mr. Hall:

The record in the above-referenced case, consisting of 62 binders, eight hearing transcripts, five pouches of hearing exhibits, and one sealed envelope marked "CONFIDENTIAL" is forwarded for filing in the Court. A copy of the final index is enclosed for your use. Please initial and date the copy of this letter to indicate receipt.

Please note that the last page of the final index contains a description of the confidential document that will be filed with the Supreme Court. **It will be the responsibility of Florida Power & Light Company to ask the Court for continued confidential treatment of this document.**

Do not hesitate to call me at 413-6744 if you have any questions about the contents of this record.

Sincerely,

DOCKET NO. 020001-EI
ORDER NO. PSC-02-0501-AS-EI
ISSUED: April 11, 2002

The following Commissioners participated in the disposition of
this matter:

LILA A. JABER, Chairman
J. TERRY DEASON
BRAULIO L. BAEZ
MICHAEL A. PALECKI
RUDOLPH "RUDY" BRADLEY

ORDER APPROVING SETTLEMENT, AUTHORIZING MIDCOURSE CORRECTION,
AND REQUIRING RATE REDUCTIONS

BY THE COMMISSION:

I. CASE BACKGROUND

Docket No. 001148-EI was opened on August 15, 2000, to review Florida Power & Light Company's (FPL) proposed merger with Entergy Corporation (Entergy), the formation of a transco, and their effects on FPL's rates and earnings. On April 2, 2001, FPL Group, Inc. announced that the proposed merger with Entergy had been terminated. By Order No. PSC-01-1346-PCO-EI, issued June 19, 2001, in Docket No. 001148-EI, FPL was directed to file Minimum Filing Requirements (MFRs) to provide the Commission and all other interested parties the data necessary to begin an evaluation of the level of its earnings. FPL filed its initial set of MFRs on September 17, 2001, with additional filings on October 1, 2001, October 15, 2001, and November 9, 2001. FPL filed testimony on January 18 and 28, 2002. Hearings were scheduled for April 10-12, and 15-16, 2002.

DOCUMENT NUMBER-DATE

04049 APR 11 2002

FPSC-COMMISSION CLERK

On March 14, 2002, the following documents were filed:

- Joint Motion For Approval Of Stipulation And Settlement
- Stipulation And Settlement
- Florida Power & Light Company's Agreed Motion To Suspend Schedule For Hearings And Prehearing Procedures And To Suspend Discovery (Agreed Motion)
- Petition Of Florida Power & Light Company For Adjustment to its Fuel Adjustment Factors

FPL's Agreed Motion was granted by Order No. PSC-02-0348-PCO-EI, issued March 14, 2002. By this Order, we approve the Stipulation and Settlement, and the Petition for Adjustment to FPL's Fuel Adjustment Factors. Jurisdiction over these matters is vested in the Commission by various provisions of Chapter 366, Florida Statutes, including Sections 336.04, 366.05, and 366.06, Florida Statutes.

II. STIPULATION AND SETTLEMENT

The Stipulation and Settlement (Stipulation) which is included in this Order as ATTACHMENT 1, and is incorporated herein by reference, is being proffered as a full and complete resolution of all matters pending in Docket No. 001148-EI. The Stipulation was signed by all of the parties except for the South Florida Hospital and Healthcare Association. The major elements contained in the Stipulation are as follows:

- \$250 million permanent base rate reduction effective April 15, 2002 (7.03% base rate reduction) (Paragraph 2)
- Continuation of a revenue cap and a revenue sharing plan for 2002 through 2005 (Paragraph 7)
- Discretionary ability to reduce depreciation expense by up to \$125 million annually (Paragraph 10)

- Withdrawal of FPL's request to increase the annual Storm Damage Reserve accrual (Paragraph 13)

As part of the Stipulation, FPL has requested a \$200 million mid-course correction to reduce its fuel cost recovery factors for the remainder of 2002, effective April 15, 2002. That petition is addressed in Section III of this Order.

The Stipulation recites 16 items of agreement among the signatories. Most of the provisions are self-explanatory, but several of the items merit comment or clarification. These are as follows:

PARAGRAPH 2: The \$250 million annual base rate reduction is an additional reduction over and above the previously implemented \$350 million annual rate reduction authorized in Order No. PSC-99-0519-AS-EI, issued March 17, 1999, in Docket No. 990067-EI.

The proposed Stipulation provides for a reduction in base rates of 7.03% for all rate classes except outdoor lighting and street lighting. The Stipulation also provides for a similar reduction in all service charges. It is appropriate to exclude the lighting classes because these classes are already significantly below parity. This allocation methodology differs from FPL's previous rate stipulations that allocated the reduction on a kwh basis. The percentage reduction in base rates is a better method of allocating a decrease because all classes receive the same percentage reduction in base rates. Under an energy allocation, a larger percentage of the total reduction goes to larger commercial and industrial customers relative to residential and small commercial customers.

In Order No. PSC-01-1346-PCO-EI, we stated that one of the reasons for requiring MFRs was to examine the rate relationships among classes. FPL's rate structure has not been formally reviewed since its last rate case in 1983. Since then, new classes have been added and customers have shifted among rate classes seeking more advantageous rates. Based on FPL's cost of service study, there are disparities among the rates of return by class. In a rate case, one of the goals of rate design is to set rates that reflect the costs to serve that class or, stated differently, to

set the rate of return for each class equal to the system rate of return. We recognize, however, that a Stipulation is a negotiated document with all participants making some concessions. While the proposed across-the-board percentage reduction does not move FPL's rate structure towards parity, it does not worsen it. Accordingly, we find that the across-the-board reduction is reasonable.

The Stipulation will result in a decrease of \$5.41 in the total monthly bill of a residential customer who uses 1,000 kilowatt hours, as shown on ATTACHMENT 2, Page 1 of 2. This decrease reflects both the base rate reduction and the fuel adjustment clause mid-course correction approved in Section III of this Order. The rate reductions will become effective for meters read on and after April 15, 2002.

PARAGRAPH 3: Per the terms of this provision, "FPL will no longer have an authorized Return on Equity (ROE) range for the purpose of addressing earnings levels." However, FPL will still have a currently authorized ROE range of 10.00% to 12.00%, with an 11.00% midpoint, for all other purposes, such as cost recovery clauses and Allowance for Funds Used During Construction.

PARAGRAPH 7: Although it is not explicitly stated in the Stipulation, 100% of the retail base rate revenues exceeding the retail base rate revenue cap will be refunded to retail customers on an annual basis.

PARAGRAPH 10: This provision is clarified to indicate that the up to \$125 million annual credit to depreciation expense is to be on a calendar year basis.

PARAGRAPH 13: FPL is withdrawing its request to increase its Storm Damage Reserve accrual by \$30 million annually.

PARAGRAPH 15: This provision states that all matters in Docket No. 001148-EI are resolved by the Stipulation and Settlement. While the ratemaking aspects of the docket are resolved, there are still issues that may need to be addressed in other forums, such as those related to GridFlorida and to FPL Energy Services.

We have reviewed the terms of the Stipulation, and it appears to be a reasonable resolution of the issues regarding FPL's level of earnings and base rates. The proposed \$250 million base rate reduction affords FPL's ratepayers significant and immediate relief. The Stipulation also extends the revenue cap and revenue sharing plan through 2005. Since the inception of the existing revenue sharing plan in 1999, FPL has refunded \$128 million to date and expects to refund an additional \$84 million for the year ended April 14, 2002. We find that the Stipulation and Settlement is in the best interests of FPL's ratepayers, the parties, and FPL, and is therefore approved.

III. FPL'S PETITION FOR AN ADJUSTMENT TO ITS FUEL COST RECOVERY FACTORS

Consistent with the Stipulation, FPL filed a petition in Docket No. 020001-EI seeking to reduce its levelized fuel cost recovery factor to 2.630 cents per kwh, effective April 15, 2002. This will have the effect of reducing the amount collected through the fuel adjustment clause by \$200 million during the last eight and one half months of 2002.

Absent this \$200 million reduction, FPL would experience an end-of-period (December 2002) net over-recovery amount of approximately \$211.2 million based on current projections. This amount represents 8.6% of FPL's total fuel and net power transactions costs as forecasted in its projection testimony in Docket No. 010001-EI. Since FPL filed its projection testimony in Docket No. 010001-EI, its forecasted 2002 fuel cost of system net generation has decreased by \$193.4 million. This reduction appears to be related primarily to a 12.2% drop in projected natural gas costs and secondarily to a 3.3% drop in retail energy sales.

In the interest of matching fuel revenues with fuel costs, FPL's proposal to refund part of its anticipated over-recovery balance to its ratepayers sooner rather than later is appropriate. Therefore, FPL's Petition for Adjustment to its Fuel Adjustment Factors is granted. The fuel cost recovery factors set forth in Attachment 2, page 2 of 2, which is incorporated herein by reference, shall become effective April 15, 2002. However, we have

ORDER NO. PSC-02-0501-AS-EI

not yet analyzed the prudence of FPL's actual or projected 2002 fuel costs. The prudence of FPL's 2002 fuel costs will be addressed at the evidentiary hearing scheduled in Docket No. 020001-EI, commencing November 20, 2002.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the Settlement and Stipulation filed on March 14, 2002, which is included in this Order as ATTACHMENT 1 and is incorporated by reference herein, is approved. It is further

ORDERED that FPL's Petition for Adjustment to its Fuel Adjustment Factors is granted. It is further

ORDERED that Docket No. 001148-EI shall be closed. It is further

ORDERED that Docket No. 020001-EI shall remain open.

By ORDER of the Florida Public Service Commission this 11th day of April, 2002.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW
APPLICABLE TO SECTION II OF THIS ORDER

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by the Commission's final action in this matter may request: 1) reconsideration of the decision by filing a motion for reconsideration with the Director, Division of the Commission Clerk and Administrative Services, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or 2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the First District Court of Appeal in the case of a water and/or wastewater utility by filing a notice of appeal with the Director, Division of the Commission Clerk and Administrative Services and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.

ORDER NO. PSC-02-0501-AS-EI
DOCKETS NOS. 001148-EI, 020001-EI

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW
APPLICABLE TO SECTION III OF THIS ORDER

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by Section III of this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code, if issued by a Prehearing Officer; (2) reconsideration within 15 days pursuant to Rule 25-22.060, Florida Administrative Code, if issued by the Commission; or (3) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of the Commission Clerk and Administrative Services, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.

ATTACHMENT 1

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In Re: Review of the Retail Rates)
of Florida Power & Light Company) DOCKET NO. 001148-EI
_____)

STIPULATION AND SETTLEMENT

WHEREAS, the Florida Public Service Commission (FPSC) has initiated a review of retail rates for Florida Power & Light Company (FPL);

WHEREAS, the Office of Public Counsel (OPC), The Florida Industrial Power Users Group (FIPUG), Publix Super Markets, Inc. (Publix), Thomas P. and Genevieve Twomey, Dynegy Midstream Services LP, Florida Retail Federation and Lee County have intervened, and have signed this Stipulation and Settlement;

WHEREAS, FPL has provided the minimum filing requirements (MFRs) as required by the FPSC and such MFRs have been thoroughly reviewed by the FPSC Staff and the Parties to this proceeding;

WHEREAS, FPL has filed comprehensive testimony in support of and detailing its MFRs;

WHEREAS, the parties in this proceeding have conducted extensive discovery on the MFRs and FPL's testimony;

ORDER NO. PSC-02-0501-AS-EI
DOCKETS NOS. 001148-EI, 020001-EI
PAGE 10

WHEREAS, the Parties to this Stipulation and Settlement have undertaken to resolve the issues raised in this review so as to effect a prompt reduction in base rates charged to customers, to maintain a degree of stability to FPL's base rates and charges, and to provide incentives to FPL to continue to promote efficiency through the term of this Stipulation and Settlement;

WHEREAS, FPL is currently operating under a stipulation and settlement agreement (Current Agreement) agreed to by OPC and other parties, and approved by the FPSC by Order PSC 99-0519-AS-EI;

WHEREAS, the Current Agreement provided for a \$350 million permanent annual rate reduction for retail customers commencing April 15, 1999 and a revenue sharing plan under which \$128 million in refunds have been provided to retail customers to date, with \$84 million in additional refunds projected for the twelve-month period ending April 14, 2002; and

WHEREAS, an extension of revenue sharing through 2005, and an additional permanent rate reduction will further be beneficial to retail customers;

NOW THEREFORE, in consideration of the foregoing and the covenants contained herein, the Parties hereby stipulate and agree:

1. Upon approval and final order of the FPSC, this Stipulation and Settlement will become effective on April 15, 2002 (the "Implementation Date"), and continue through December 31, 2005.

2. FPL will reduce its base rates by an additional permanent annual amount of \$250 million. The base rate reduction will be reflected on FPL's customer bills by reducing all base charges for each rate schedule, excluding SL-1 and OL-1, by 7.03%. FPL will begin applying the lower base rate charges required by this Stipulation and Settlement to meter readings made on and after the Implementation Date.

3. Effective on the Implementation Date, FPL will no longer have an authorized Return on Equity (ROE) range for the purpose of addressing earnings levels, and the revenue sharing mechanism herein described will be the appropriate and exclusive mechanism to address earnings levels.

4. For surveillance reporting requirements, FPL's achieved ROE will be calculated based upon an adjusted equity ratio as provided for in the Current Agreement.

5. No party to this Stipulation and Settlement will request, support, or seek to impose a change in the application of any provision hereof. OPC, FIPUG, Publix, Thomas P. and Genevieve Twomey, Dynegy Midstream Services LP, Florida Retail Federation and

Lee County will neither seek nor support any additional reduction in FPL's base rates and charges, including interim rate decreases, to take effect prior to the expiration of this Stipulation and Settlement unless such reduction is initiated by FPL. FPL will not petition for an increase in its base rates and charges, including interim rate increases, to take effect before the end of this Stipulation and Settlement, except as provided for in Section 8.

6. During the term of this Stipulation and Settlement, revenues which are above the levels stated herein will be shared between FPL and its retail electric utility customers -- it being expressly understood and agreed that the mechanism for earnings sharing herein established is not intended to be a vehicle for "rate case" type inquiry concerning expenses, investment, and financial results of operations.

7. Commencing on the Implementation Date and for the remainder of 2002 and for calendar years 2003, 2004 and 2005, FPL will be under a Revenue Sharing Incentive Plan as set forth below. For purposes of this Revenue Sharing Incentive Plan, the following retail base rate revenue threshold amounts are established:

I. Revenue Cap - Retail base rate revenues above the retail base rate revenue cap will be refunded to retail customers on an annual basis. The retail base rate revenue cap

for 2002 will be \$3,740 million. For 2002 only, the refund to customers will be limited to 71.5% (April 15 through December 31) of the retail base rate revenues exceeding the cap. The retail base rate revenue caps for 2003, 2004 and 2005 will be \$3,840 million, \$3,940 million and \$4,040 million, respectively. Section 9 explains how refunds will be paid to customers.

II. Sharing Threshold - Retail base rate revenues between the sharing threshold amount and the retail base rate revenue cap will be divided into two shares on a 1/3, 2/3 basis. FPL's shareholders shall receive the 1/3 share. The 2/3 share will be refunded to retail customers. The sharing threshold for 2002 will be \$3,580 million in retail base rate revenues. For 2002 only, the refund to the customers will be limited to 71.5% (April 15 through December 31) of the 2/3 customer share. The retail base rate revenue sharing threshold amounts for calendar years 2003, 2004 and 2005 will be \$3,680 million, \$3,780 million and \$3,380 million, respectively. Section 9 explains how refunds will be paid to customers.

8. If FPL's retail base rate earnings fall below a 10% ROE as reported on an FPSC adjusted or pro-forma basis on an FPL monthly earnings surveillance report during the term of this Stipulation and Settlement, FPL may petition the FPSC to amend its base rates

notwithstanding the provisions of Section 5. Parties to this Stipulation and Settlement are not precluded from participating in such a proceeding. This Stipulation and Settlement shall terminate upon the effective date of any Final Order issued in such proceeding that changes FPL's base rates.

9. All refunds will be paid with interest at the 30-day commercial paper rate as specified in Rule 25-6.109, Florida Administrative Code, to retail customers of record during the last three months of each applicable refund period based on their proportionate share of base rate revenues for the refund period. For purposes of calculating interest only, it will be assumed that revenues to be refunded were collected evenly throughout the preceding refund period at the rate of one-twelfth per month. All refunds with interest will be in the form of a credit on the customers' bills beginning with the first day of the first billing cycle of the second month after the end of the applicable refund period. Refunds to former customers will be completed as expeditiously as reasonably possible.

10. In Order No. PSC 99-0519-AS-EI, FPL was authorized to record an amortization amount of up to \$100 million per year for each of the three years of the settlement agreement which was to be applied to reduce nuclear and/or fossil production plant in service. Under this

ORDER NO. PSC-02-0501-AS-EI
DOCKETS NOS. 001148-EI, 020001-EI
PAGE 15

provision, FPL recorded \$170,250,000. Starting with the effective date of this Stipulation and Settlement, FPL may, at its option, amortize up to \$125,000,000 annually as a credit to depreciation expense and a debit to the bottom line depreciation reserve over the term of this Stipulation and Settlement. The amounts so recorded will first go to offset the \$170,250,000 bottom line amortization amount that has previously been recorded, with any additional amounts recorded to a bottom line negative depreciation reserve during the term of this Stipulation and Settlement. Any such reserve amount will be applied first to reduce any reserve excesses by account, as determined in FPL's depreciation studies filed after the term of this Stipulation and Settlement, and thereafter will result in reserve deficiencies. Any such reserve deficiencies will be allocated to individual reserve balances based on the ratio of the net book value of each plant account to total net book value of all plant. The amounts allocated to the reserves will be included in the remaining life depreciation rate and recovered over the remaining lives of the various assets. Additionally, depreciation rates as addressed in Order Nos. PSC 99-0073-FOF-EI, PSC 00-2434-PAA-EI and PSC 01-1337-PAA-EI will not be changed for the term of this Stipulation and Settlement.

11. Employee dental expenses are considered to be a prudently incurred expense and will be treated as such, including for surveillance reporting, as of the Implementation Date.

12. Additional amortization expense which is being recorded as an offset to the ITC interest synchronization adjustment shall no longer be recorded after the Implementation Date of this Stipulation and Settlement.

13. FPL will withdraw its request for an increase in the annual accrual to the Company's Storm Damage Reserve. In the event that there are insufficient funds in the Storm Damage Reserve and through insurance, FPL may petition the FPSC for recovery of prudently incurred costs not recovered from those sources. The fact that insufficient funds have been accumulated in the Storm Damage Reserve to cover costs associated with a storm event or events shall not be evidence of imprudence or the basis of a disallowance. Parties to this Stipulation and Settlement are not precluded from participating in such a proceeding.

14. On April 15, 2002, FPL shall effect a mid-course correction of its Fuel Cost Recovery Clause to reduce the fuel clause factor based on projected over-recoveries, in the amount of \$200 million, for the remainder of calendar year 2002. The fuel adjustment clause shall continue to operate as normal, including but not limited to,

any additional mid-course adjustments that may become necessary and the calculation of true-ups to actual fuel clause expenses. FPL will not use the various cost recovery clauses to recover new capital items which traditionally and historically would be recoverable through base rates.

15. This Stipulation and Settlement is contingent on approval in its entirety by the FPSC. This Stipulation and Settlement will resolve all matters in this Docket pursuant to and in accordance with Section 120.57(4), Florida Statutes (2001). This Docket will be closed effective on the date the FPSC Order approving this Stipulation and Settlement is final.

16. This Stipulation and Settlement dated as of March 12, 2002 may be executed in counterpart originals, and a facsimile of an original signature shall be deemed an original.

In Witness Whereof, the Parties evidence their acceptance and agreement with the provisions of this Stipulation and Settlement by their signature.

Re: Docket No. 001148-EI

Dear Ms. Bayó:

In compliance with Rule 25-22.028, F.A.C., I am enclosing for filing in the above docket a diskette containing electronic versions of Florida Power & Light Company's Notice of Service of Answers to Staff's First Set of Interrogatories (Nos. 1 - 42) and Notice of Service of Response to Staff's First Request for Production of Documents (No. 1), the original and seven copies of which were filed in hard-copy form last Friday and today, respectively.

The enclosed diskette is HD density, the operating system is Windows 98, and the word processing software in which the documents appear is WordPerfect 9.

Sincerely,

Ronnie DiFrancesco for

John T. Butler, P.A.

RE: Docket No. 001148-EI

Dear Mr. Walker:

It has recently come to my attention that Florida Power & Light (FPL) has petitioned and received approval from the Federal Energy Regulatory Commission to defer "start up" costs associated with the formation of a regional transmission organization (RTO) in Florida. FERC's deferral is for accounting purposes only and does not constitute a finding that costs are approved for rate recovery. In an effort to ascertain the impact of this accounting upon the Commission's earnings surveillance program, please provide the following by April 20, 2001:

- 1) FPL's petition and the related FERC order dealing with the deferral of RTO start up costs.
- 2) A monthly analysis of all RTO start up costs (breakdown by type of costs) incurred through December 31, 2000. Is there an interest component?
- 3) A projection of RTO start up costs (breakdown by type of costs) for CY 2001.
- 4) An explanation of how this deferral accounting affects current retail rate base and revenue requirements.

Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in cursive script, appearing to read "Tim Devlin".

RE: Intercepted Communications From an Interested Person Received in
Docket No. 001148-EI

This office has received the attached letter from Mr. Gary A. Price, City Manager, City of Bonita Springs. The letter has not been viewed or considered in any way by Chairman Jacobs. (I alerted Staff to the matter and asked Staff to contact Mr. Price's office.) Under the terms of the advisory opinion from the Commission on Ethics (issued July 24, 1991 as COE 91-33-JULY 19, 1991), the letter does not constitute ex parte communication by virtue of the fact that it was not shown to the Chairman. Given that it is not ex parte communication, dissemination to parties is not required pursuant to the provisions of Section 350.042, Florida Statutes. However, in such cases Chairman Jacobs has requested that a copy of the letter and this memo, as a matter of routine, be placed in the correspondence side of the file in the docket.

May 14, 2001

Mr. E. Leon Jacobs, Jr., Chairman
Public Service Commission
2540 Shumard Oak Blvd.
Tallahassee, FL 32399-0850

Dear Mr. Jacobs:

The City of Bonita Springs has recently learned that the Public Service Commission is considering an in-depth review of Florida Power & Light's finances. Since an evaluation has not been conducted in nearly twenty years, it would seem prudent to move forward on this review.

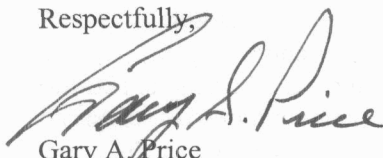

We learned in March that rates for electricity would increase by 13 to 17 percent for large commercial and industrial users starting in April. We are alarmed at the significant and unanticipated impact to our operating budget that this rate increase represents.

The City of Bonita Springs cannot simply adjust the budget to accommodate mid-year rate increases. Although commercial business can raise prices to offset these rate increases; Bonita Springs is unable to raise taxes at this time to pay for this increase. The current year budget was adopted in September with sufficient funding for electricity. This increase represents a significant impact to budget.

Consequently, we urge you to approve the in-depth review and implement a new rate structure-one that includes the establishment of a government rate. This government rate would reflect the cost of service only, with no profit. This will enable local governments to better utilize funds to provide vital services such as police protection, fire rescue, clean water, wastewater disposal, street lighting and infrastructure maintenance instead of profits for FPL.

As operational expenses increase, including electricity costs, it becomes more difficult to fund necessary and vital public services. The implementation of a governmental rate for electricity could free up valuable dollars to provide taxpayers with the basic human services they require. With FPL serving an average of 3,848,356 customer accounts a year, the implementation of a governmental rate should be of minimum impact to the company, yet it may represent a significant benefit to the local community. Once again, we urge the Public Service Commission to approve the in-depth review of Florida Power & Light's finances and consider the implementation of a governmental rate reflecting only the cost of service.

Respectfully,

Gary A. Price
City Manager

Mr. E. Leon Jacobs, Jr., Chairman
Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399-0850

Dear Mr. Jacobs:

It has recently come to our attention here at the City of Coral Springs that the Public Service Commission is considering an in-depth review of Florida Power & Light finances, which we view as a very positive development. As you are aware, rising energy costs have a ripple effect that impacts a government agencies ability to deliver high quality goods and services to the tax paying public.

With this in mind, the City of Coral Springs has, within the past several years, expended hundreds of thousands of dollars in energy saving retrofits and equipment upgrades. While we have seen the benefit of these efforts, our current Budget allocates approximately \$1.14 million dollars this year for electricity costs to Florida Power & Light. This is a significant portion of our operating budget. The hard work put into these energy saving measures will surely be eclipsed by the rate increases which began in April for large commercial and industrial users.

The City of Coral Springs is in the business of providing services that protect the lives, property and well being of 118,000 residents. These essential public services must be allowed to operate at maximum efficiency for the public good. We believe that a review by your Commission and the establishment of a special rate for government customers of Florida Power & Light would help us achieve that goal. The establishment of a government rate reflecting only the cost of Florida Power & Light service would allow for the allocation of the savings towards the greater public good.

Please take these factors into consideration during your deliberations at the meeting of May 15, 2001.

Sincerely,

Michael Levinson
City Manager

Dear Chairman Jacobs and Commissioners:

Despite the considerable wealth in Naples, the average income for working families throughout Collier County is under \$30,000.00 a year.

The enclosed newspaper article describing the unbelievable level of greed and gouging in the top management levels of Florida Power & Light speaks for itself. You represent the last hope for the battered ratepayers here in Collier County that of course includes the City of Naples. I beg of you to do all in your power to address this hideous abuse of the public's trust.

Your kind response to this intolerable situation will be most appreciated.

Respectfully yours,

Fred Tarrant

Merger failed, but FPL executives keep merger bonuses

Monday, April 9, 2001

Associated Press

NEW ORLEANS — FPL Group's failed merger with Entergy Corp. was a bust for the Florida utility's shareholders, but FPL's top executives exited the deal like lottery players who just hit the jackpot.

In an unusual move even in this day of multimillion-dollar executive salaries and bonuses, FPL chairman and chief executive James Broadhead and his seven top lieutenants will keep \$60 million in merger-related bonuses paid to them in cash in December after shareholders approved the deal.

Broadhead's take alone from the failed merger was \$21.1 million, which came on top of his normal salary of \$974,000, along with \$1.1 million in performance bonuses and \$13.5 million in accrued retirement benefits.

Broadhead's total pay package in 2000 was \$36.7 million for running the Juno Beach, Fla., corporation, which is the parent company of Florida Power & Light.

The merger-related bonuses were part of a pre-existing, long-term incentive program for FPL executives that potentially would have been paid to them over a period of years as cash bonuses and extra stock options based in part on the company's financial performance. The better the company's performance, the bigger the bonuses.

"Change of control" clauses in the executives' contracts, which are common in American corporations, triggered the early payments as an incentive for the executives to stay with FPL after the merger even though their future with the new combined utility might be uncertain.

What made the FPL payments highly unusual was that the lump sums were paid well in advance of the deal's completion, which was expected in late 2001. Most comparable "change of control" payments at other companies, including Entergy, are triggered by the closing of an acquisition.

"I certainly can't recall the last time I saw something like this," said Gregory Phelps, a John Hancock Patriot Funds manager

whose firm owns about 100,000 shares of FPL preferred stock. He said the bonuses, and the refusal by FPL executives to return the money, blemished the otherwise good reputation enjoyed by the management team among investors.

Broadhead defended the payments during a conference call Monday with utility stock analysts and institutional investors. He said he has no intention of giving back the windfall.

Merrill Lynch Investment Managers fund manager Bill Paster told Broadhead during the call that the money should be returned.

"It's the right thing to do, Jim," said Paster, whose firm owns 907,445 shares of FPL stock.

"Well, that's your opinion I guess," Broadhead retorted.

Entergy executives did not receive any bonuses for the merger attempt, but Entergy president Don Hintz and Entergy Nuclear Operations chief executive Jerry Yelverton were in line for \$5.52 million in retention incentives that would have been paid in installments at the close of the deal and on the first three anniversaries.

Entergy chief executive Wayne Leonard would not have received any bonuses or retention payments, although he stood to double his annual \$836,538 salary after becoming chief executive officer of the combined utility.

PSC TO EXAMINE EARNINGS OF FLORIDA POWER & LIGHT AND FLORIDA POWER CORPORATION

TALLAHASSEE — The Florida Public Service Commission (PSC) has approved measures designed to ensure present and future protections for ratepayers of the state's two largest investor-owned electric utilities.

The Commissioners unanimously voted Tuesday for the PSC to begin a full examination of the rates and earnings of Florida Power & Light Company (FPL), the state's largest power supplier, and Florida Power Corporation (FPC), the second largest. At issue are the levels of rates paid by customers of both companies.

"With today's decision, the Commission faces an important crossroads," PSC Chairman E. Leon Jacobs, Jr. said Tuesday. "As always, the Commission's primary function is to protect the public interest. In this instance, it is also imperative for the Commission to gather extensive information in an expeditious and efficient manner. The Commission is seeking to ensure that its policies adequately address both present and future ratepayer protections."

In the case of FPL, an existing three-year rate reduction and revenue-sharing plan will expire in April 2002. Under that agreement, FPL agreed to a \$1-billion reduction in its revenues over those three years, as well as a cap on its revenue, with customers sharing any revenue exceeding the cap. With the pending expiration of the agreement, the PSC ruled that now is an appropriate time to require FPL to file minimum filing requirements (MFRs). The purpose is to gather information to determine the appropriate level of earnings, determine the book value of FPL's existing assets, re-establish reasonable rates, and address certain questions brought up during the recent legislative session regarding electric restructuring.

One issue involving FPC was the apparent overcollection of nearly \$114 million in base rates from the company's customers during the year 2000. To address these overearnings, the PSC on Tuesday ordered FPC to file MFRs to ensure that customers of the utility are paying fair and reasonable rates, and to make any overearnings subject to a refund.

In order to minimize extra costs, Commissioners strongly encouraged PSC staff and the companies to work together to streamline the procedures that are required to gather adequate information.

FPL serves approximately 3.9 million customers in Florida; FPC serves 1.4 million customers.

PSC TO EXAMINE EARNINGS OF FLORIDA POWER & LIGHT AND FLORIDA POWER CORPORATION

TALLAHASSEE — The Florida Public Service Commission (PSC) has approved measures designed to ensure present and future protections for ratepayers of the state's two largest investor-owned electric utilities.

The Commissioners unanimously voted Tuesday for the PSC to begin a full examination of the rates and earnings of Florida Power & Light Company (FPL), the state's largest power supplier, and Florida Power Corporation (FPC), the second largest. At issue are the levels of rates paid by customers of both companies.

"With today's decision, the Commission faces an important crossroads," PSC Chairman E. Leon Jacobs, Jr. said Tuesday. "As always, the Commission's primary function is to protect the public interest. In this instance, it is also imperative for the Commission to gather extensive information in an expeditious and efficient manner. The Commission is seeking to ensure that its policies adequately address both present and future ratepayer protections."

In the case of FPL, an existing three-year rate reduction and revenue-sharing plan will expire in April 2002. Under that agreement, FPL agreed to a \$1-billion reduction in its revenues over those three years, as well as a cap on its revenue, with customers sharing any revenue exceeding the cap. With the pending expiration of the agreement, the PSC ruled that now is an appropriate time to require FPL to file minimum filing requirements (MFRs). The purpose is to gather information to determine the appropriate level of earnings, determine the book value of FPL's existing assets, re-establish reasonable rates, and address certain questions brought up during the recent legislative session regarding electric restructuring.

One issue involving FPC was the apparent overcollection of nearly \$114 million in base rates from the company's customers during the year 2000. To address these overearnings, the PSC on Tuesday ordered FPC to file MFRs to ensure that customers of the utility are paying fair and reasonable rates, and to make any overearnings subject to a refund.

In order to minimize extra costs, Commissioners strongly encouraged PSC staff and the companies to work together to streamline the procedures that are required to gather adequate information.

FPL serves approximately 3.9 million customers in Florida; FPC serves 1.4 million customers.

Dear Mr. Tarrant:

This letter is in response to your correspondence addressed to the Commissioners, dated May 15, 2001. The Chairman and the Commissioners were unable to consider your concerns because to do so would constitute an ex parte communication under Section 350.042(1), Florida Statutes. However, staff has reviewed your concerns and placed your letter in the record. In addition, I have attached a recent press release addressing Florida Power & Light's request for a rate increase.

If you have further questions, please contact me at (850) 413-6218.

Sincerely,

A handwritten signature in cursive script that reads "Rachael Isaac".

PSC TO EXAMINE EARNINGS OF FLORIDA POWER & LIGHT AND FLORIDA POWER CORPORATION

TALLAHASSEE — The Florida Public Service Commission (PSC) has approved measures designed to ensure present and future protections for ratepayers of the state's two largest investor-owned electric utilities.

The Commissioners unanimously voted Tuesday for the PSC to begin a full examination of the rates and earnings of Florida Power & Light Company (FPL), the state's largest power supplier, and Florida Power Corporation (FPC), the second largest. At issue are the levels of rates paid by customers of both companies.

"With today's decision, the Commission faces an important crossroads," PSC Chairman E. Leon Jacobs, Jr. said Tuesday. "As always, the Commission's primary function is to protect the public interest. In this instance, it is also imperative for the Commission to gather extensive information in an expeditious and efficient manner. The Commission is seeking to ensure that its policies adequately address both present and future ratepayer protections."

In the case of FPL, an existing three-year rate reduction and revenue-sharing plan will expire in April 2002. Under that agreement, FPL agreed to a \$1-billion reduction in its revenues over those three years, as well as a cap on its revenue, with customers sharing any revenue exceeding the cap. With the pending expiration of the agreement, the PSC ruled that now is an appropriate time to require FPL to file minimum filing requirements (MFRs). The purpose is to gather information to determine the appropriate level of earnings, determine the book value of FPL's existing assets, re-establish reasonable rates, and address certain questions brought up during the recent legislative session regarding electric restructuring.

One issue involving FPC was the apparent overcollection of nearly \$114 million in base rates from the company's customers during the year 2000. To address these overearnings, the PSC on Tuesday ordered FPC to file MFRs to ensure that customers of the utility are paying fair and reasonable rates, and to make any overearnings subject to a refund.

In order to minimize extra costs, Commissioners strongly encouraged PSC staff and the companies to work together to streamline the procedures that are required to gather adequate information.

FPL serves approximately 3.9 million customers in Florida; FPC serves 1.4 million customers.

RE: Intercepted Communications From an Interested Person Received in
Docket No. 001148-EI

This office has received the attached letter from Mark Bates, City Manager, City of Fort Lauderdale. The letter has not been viewed or considered in any way by Chairman Jacobs. Under the terms of the advisory opinion from the Commission on Ethics (issued July 24, 1991 as COE 91-33-JULY 19, 1991), the letter does not constitute ex parte communication by virtue of the fact that it was not shown to the Chairman. Given that it is not ex parte communication, dissemination to parties is not required pursuant to the provisions of Section 350.042, Florida Statutes. However, in such cases Chairman Jacobs has requested that a copy of the letter and this memo, as a matter of routine, be placed in the correspondence side of the file in the docket and the person receive a call from the Commission's legal staff explaining our process.

JUN - 7 2001

FLORIDA PUBLIC SERVICE COMMISSION
Chairman Jacobs

Mr. E. Leon Jacobs, Jr., Chairman
Public Service Commission
2540 Shumard Oak Blvd.
Tallahassee, FL 32399-0850

Dear Mr. Jacobs:

The City of North Lauderdale has recently learned that the Public Service Commission is considering an in-depth review of Florida Power & Light's finances. Since an evaluation has not been conducted in nearly twenty years, it would seem prudent to move forward on this review.

In March, we received notification that rates for electricity would increase by 13 to 17 percent for large commercial and industrial users starting in April. We are alarmed at the significant and unanticipated impact to our operating budget that this rate increase represents. As a municipality, the City of North Lauderdale provides vital services to residents. The provision of these services is dependent upon electricity to power hundreds of City facilities such as the water plant, wastewater plant, pumping stations, streetlights, police station, fire stations, recreational facilities and other government offices. Unanticipated rate increases significantly impact our ability to provide services to our residents.

In order to be responsive to citizens, North Lauderdale periodically evaluates its fees to determine the appropriate rate to charge residents and businesses for public services. Often our rates are at or below the cost of service, however, this becomes more difficult every day. Especially when we receive notification of FPL rate increases. Our residents, and consumers everywhere, repeatedly call for more service and lower taxes. Thus, the City of North Lauderdale continually strives to do more with less and stretch dollars, especially since we rely on taxes to fund our operations. However, this becomes increasingly difficult to do when our costs continue to increase.

Since North Lauderdale annually spends almost \$400,000 on electricity, city staff has been proactive in seeking methods to reduce consumption. These efforts have resulted in some savings, but they will most likely be negated by the passage of the rate increases. The City of North Lauderdale can not simply adjust the budget to accommodate mid-year rate increases. Although, commercial business can raise prices to offset these rate increases; North Lauderdale is unable to raise taxes at this time to pay for this increase. The current year budget was adopted in September 2000 with sufficient funding for

electricity. This increase represents a significant impact to the current year budget and next year's.

An article appearing in the Sun-Sentinel on May 5, indicates that FPL rebates excess revenue to its customers, and estimated \$100 million this summer. The City of North Lauderdale will probably receive a rebate. This rebate may help to offset the recent rate increases North Lauderdale must absorb; however, a more appropriate measure is necessary. We urge you to approve the in-depth review and implement a new rate structure – one that includes the establishment of a government rate. This government rate would reflect the cost of service only, with no profit. This will enable local governments to better utilize funds to provide vital services such as police protection, fire rescue, clean water, wastewater disposal, street lighting and infrastructure maintenance instead of profits for FPL. It is a common practice for municipalities to establish institutional and government rates for many of its services. We realize that these entities are providing services for the public good, not for a profit.

As operational expenses increase, including electricity costs, it becomes more difficult to fund necessary and vital public services. The implementation of a governmental rate for electricity could free up valuable dollars to provide taxpayers with the basic human services they require. With FPL serving an average of 3,848,356 customer accounts a year, the implementation of a governmental rate should be of minimum impact to the company, yet it may represent a significant benefit to the local community. Once again, we urge the Public Service Commission to approve the in-depth review of Florida Power & Light's finances and consider the implementation of a governmental rate reflecting only the cost of service.

Sincerely,

Mark Bates
City Manager

To All Parties In Docket Nos. 001148-EI,
000824-EI, and 010577-EI

Re: Discontinuation of service to named parties.

To All Parties:

I would request that you immediately cease service of any pleadings or other documents on my named clients in the above-styled dockets, while continuing to serve me as their representative. Aside from saving a few trees and reducing your postage bills, taking these individuals off your service lists will preclude them from having to deal with a flood of documents they are not prepared to handle. The individuals and organization to remove from your lists are: Thomas P. Twomey and Genevieve E. Twomey (FPL case), Buddy L. Hansen (FPC case), Louis D. Putney (TECO case) and Sugarmill Woods Civic Association, Inc. (FPC case).

Thank you.

Sincerely,

Michael B. Twomey

RE: Docket No. 001148-EI - Review of Florida Power and Light Company's proposed merger with Entergy Corporation, the formation of a Florida transmission company, and their effect on FPL's retail rates

Dear Ms. Williams:

This will confirm my reservation of the City Commission Chambers for the purpose of holding a Public Service Commission hearing on November 29, 2001, in the above-referenced matter. The hearing will begin at 12:00 noon and is expected to end by 3:00 p.m. The court reporter and I will need access to the room by 11:00 a.m. We expect approximately 100 people to attend.

As previously discussed, there is no charge for use of this room. A copy of our insurance certificate is enclosed.

I appreciate the opportunity to use this facility for the Commission's hearing. Please call me at (850) 413-6728, if you have any questions regarding this matter.

Sincerely,

A handwritten signature in cursive script that reads "Sandy Moses".

RE: Docket No. 001148-EI - Review of Florida Power and Light Company's proposed merger with Entergy Corporation, the formation of a Florida transmission company, and their effect on FPL's retail rates

Dear Ms. Stackow:

This will confirm my reservation of the Space Coast Room for the purpose of holding a Public Service Commission hearing on November 29, 2001, in the above-referenced matter. The hearing will begin at 6:00 p.m. and is expected to end by 9:00 p.m. Commission staff will need access to the room by 5:00 p.m. We expect approximately 75 people to attend.

As discussed with Ms. Brenda Becker, the fee for use of the room will be \$48.00 (\$12.00 per hour). The purchase order will be forwarded to Ms. Becker shortly, and payment will follow once the hearing is held and an invoice received. To ensure timely payment, the invoice should be submitted to the Bureau of Fiscal Services, 2540 Shumard Oak Boulevard, Tallahassee, FL 32399. Certificates of tax exemption and insurance certificate are enclosed.

I appreciate the opportunity to use this facility for the Commission's hearing. Please call me at (850) 413-6728, if you have any questions regarding this matter.

DEAR SIR:

I'M SORRY I CAN'T ATTEND ANY OF YOUR HEARINGS BECAUSE I HAVE NO MEANS OF TRANSPORTATION AT THE TIME OF THE HEARING. I HAVE A LOT TO TELL YOU ABOUT FLORIDA POWER AND LIGHT IN THIS AREA. WE'VE ALREADY HAD SOME ONE FROM YOUR COMPANY HERE TO CHECK OUR POWER AND HE SAID WE SHOULD BE REDUCED FROM THE ~~TO~~ ^{TO} FIGURE AFTER PAYING A CHECK FROM OUR BANK ON OCTOBER 15TH OF THIS YEAR. IT WAS FOR \$157.00 AND I'VE CALLED SEVERAL TIMES ONLY TO HAVE THEM SAY THEY HADN'T RECEIVED IT IN THE MAIL AS YET. WHEN I WENT TO MY BANK THEY SAID THEY HAD GOTTEN IT ON OCTOBER AND IT WAS ALREADY CASHED SO PLEASE LET ME GET A FAX AND YOU'LL KNOW I DON'T OWE \$159 DOLLARS AND THEY WANTED IT PAID BY DEC. 14TH OR AT LEAST 117.00 OF IT. PLEASE TELL ME THE FAX # AND WHOM I SHOULD HAVE IT FORWARDED TO.

YOURS TRULY

RECEIVED
DEC - 7 2001

To: Florida Public Svc. Com.

FPSC-COMMISSION CLERK

After seeing the advertisement in this mornings Sarasota Herald Tribunes paper with regard to FPL's service and rates I would like to forward a recent correspondence I received in the mail from FPL.

After noticing that in Sept of this year that my power consumption was considerably less than the year before I also noticed I was being billed considerably more than the year before.

Being aware that in the not to distant past the former head of the FPL system along with about four other CEO's rewarded themselves with several tens of millions of dollars for their outstanding performance I wrote a snide letter to FPL inquiring as to why when my usage was way down in Sept was I being charged considerably more, in effect I was taunting them for their several millions of dollars in giveaways to their top brass while gouging their customers.

Enclosed is a copy of the response I received from FPL. Their excuse as always is to take the easy way out and blame it on fuel surcharges. Back in Sept as well as today fuel costs are lower than they have been in years but the consumer still gets gouged monthly. There is no justification for these higher bills, in fact I would like to suggest that FPL owes most of its consumers refunds for the overcharges they have put on us in recent months. If they can afford to give these exec's tens of millions of dollars in giveaways and shortly thereafter the top dog retired then they ought to in fairness refund what they have unjustifiably charged we the public.

I am a retiree and live on fixed income and allowing FPL to stick it to their consumers under the pretense of paying more for fuel is not being fair to their customers. I would like to see the rates adjusted down until such time as fuel costs go back up again and I would also like to reimbursed for the money that I feel they have overcharged me during the past year. I would further like to say that its ridiculous to give these top CEO's millions of dollars for their performance, no one person is worth the kind of money they have received.

VENICE FL 34292

Re: BILL ACCOUNT #: 4581688316
316 GREENWOOD LAKE DR
VENICE FL 34292

Dear Mr. Woofert,

We received your inquiry regarding the rate increase, experienced since last year, on your electric bill.

The increase in the rate is due to the fuel charge increase on your electric statement. The fuel charge has been part of FPL's rate structure since the company was formed in 1925. The fuel charge covers the cost of fuel required to produce and deliver electricity and does not produce a profit for FPL. A fuel charge is incorporated by utilities nationwide.

When demand for power is high, greater quantities of more costly residual oil must be used to produce electricity, which will increase fuel costs. When power demand is lower, less residual oil is used. Any reduction in fuel costs is passed along to customers in a lower fuel charge.

All electric utilities under the jurisdiction of the Florida Public Service Commission calculate fuel charges based on projected fuel costs, and "levelize" that charge for 12 months. Annually, hearings are held to determine if actual fuel costs were over or under the projected costs, and the necessary adjustment is made for the next year.

Your electric bill for September 18, 2001, reflects a fuel charge of 0.036670 cents per kilowatt hour (KWH).

FPL has asked the Florida Public Service Commission to approve a reduction in rates to customers, effective in early October 2001, due to lower oil and gas prices.

After experiencing nearly two years of steadily increasing prices, we are delighted to see a downward trend in fuel costs. We want to pass on the benefit to our customers as soon as possible, rather than waiting until the regularly scheduled adjustment in January.

Under the proposed early reduction, residential customers that use 1,000 kilowatt-hours a month would see their bills decline by more than 7 percent -- from \$87.98 currently to \$81.66.

While fuel costs are expected to remain volatile, FPL hopes the rate reduction will remain in effect from October 2001 through at least December 2002.

Even though fuel costs are declining, they remain well above the prices paid in 1999. For that reason, we continue to encourage all customers to take advantage of sound energy conservation practices to help hold down the impact of fuel prices and weather extremes on their monthly bills.

All of us at FPL are working harder and smarter every day to provide our customers with the

FPL

Florida Power & Light Company, P.O. Box 025576, Miami, FL 33102-5576

best value and convenience. We look forward to continuing to provide you with high quality products and services you can depend on.

Should you have any questions regarding this matter, please do not hesitate to contact us at 941-917-0708.

Sincerely,

Lori Pezzulo

RE: Docket No. 001148-EI - Review of Florida Power & Light Company's retail rates

Dear Ms. Fernandez:

This will confirm our reservation of the Manatee Room at the Radisson Inn, for the purpose of holding a hearing on Tuesday, December 11, 2001, in the above-referenced matter. The hearing is scheduled to begin at 6:00 p.m., and we expect approximately 100 people to be present. Please arrange the room in accordance with the enclosed diagram by 4:00 p.m.

As previously discussed, the rental will be \$400. The purchase order will be forwarded shortly, and payment will follow once the hearing is held and an invoice received. To ensure timely payment, please submit your invoice to the Bureau of Administrative Services, Fiscal Services Section, 2540 Shumard Oak Boulevard, Tallahassee, FL 32399. Copies of the room diagram, tax exempt certificate, and insurance certificate are enclosed.

I appreciate the opportunity to use this facility for our hearings. Please call me at (850) 413-6728 if you have questions regarding this matter.

Sincerely,

Sandy Moses

COMMENTS

The Radisson Inn Fort Myers requires a final minimum guaranteed number of guests 72 business hours prior to all food and beverage events. The Hotel will make every attempt to provide items contracted should attendance exceed 5% of the minimum guarantee within the 72 hour period. Should additional food and/or beverage be required with the 72 hour period, the Client must notify the Catering Department immediately as we will attempt to accommodate the request.

The final minimum guarantee is not subject to reduction within the 72 hour period. Should the final guarantee not be received, the expected number contracted will be charged. The Client must provide a final minimum guarantee greater than or equal to 85% of the expected number contracted.

All food and beverage must be purchased exclusively from the Radisson Inn Fort Myers, in addition, the Hotel does not allow the food and beverage purchased to be taken off property. A final and complete menu decision must be submitted to the Catering Department at least two (2) weeks prior to any event. Should a final menu decision not be received at least two (2) weeks prior to arrival, options may be limited and all selections are at the discretion of hotel management. The Hotel reserves the right to make reasonable substitutions for menu items.

Radisson Inn - 12635 South Cleveland Ave, Fort Myers, FL 33907

Phone: (941) 936-4300 Fax: (941) 936-2058 Email: c132sales@earthlink.net Web: www.radisson.com

Banquet Events Order:**Florida Public Service Commission (# 3131 - On 12/11/01)**

Alcoholic beverages served on the Hotel's premises (or elsewhere under the Hotel's alcoholic beverage license) must be supplied by the Hotel and dispensed only by certified hotel associates. The Hotel's alcoholic license requires the Hotel to request proper photo identification of any person desiring use of alcohol services. Any person who, in the Hotel associate's judgement, appears intoxicated may be refused service. The Radisson Inn Fort Myers, as a licensee, is responsible for the administration of, sales and service of alcoholic beverages in accordance with Hotel State Legislative Commission's regulation.

All audio visual equipment and services are available on a rental basis. Orders may be placed through the Catering Department 48 business hours in advance. Should orders be placed within 48 business hours of arrival, an additional fee may apply. Cancellation of any audio visual equipment and/or services less than 48 hours prior to your function or event will result in a 100% charge.

A 19% service charge (minimum \$20.00) will apply to all food and beverage. In the state of Florida, the service charge is taxable 6%.

Function rooms are held only between the hours indicated on your contract. The Hotel assigns function rooms based on the contracted number of attendees. Assignment of function rooms may be adjusted at the final time guarantee is received. The Hotel reserves the right to change any function room prior to arrival. On the day of the function or during the contracted times of the event, should any final room assignment require to be reset other than the contracted, a \$100.00 Re-Set Fee will be charged per function room. Should your function need to extend beyond the contracted time, approval must be received from the Catering Department prior to arrival or from the Banquet Manager on the day of the arrival. Upon approval, an overtime charge may be assessed based on the services rendered.

An advance deposit is required to confirm your function on a definite basis. An initial deposit will be required with your signed contract 11/20/01. In addition, 50% of the estimated balance is due 90 days in advance, 75% of the estimated balance is due 30 days in advance, and the final balance must be paid in full 72 business hours in advance with the final minimum guarantee. All advance deposits are non-refundable and will be applied to your master account or serve as a fee in the event of a cancellation. In the event that a question arises or additional charges need to be applied to the account, all balances are to be settled prior to departure. Signature(s) may be required on the banquet check at the time the meal is served verifying the number of guests served.

In the event of a cancellation, the Catering Department must be notified immediately. A cancellation may result in 100% of the total charges. This agreement will bind Florida Public Service Commission and the Radisson Inn Fort Myers to the preceding terms. It is provided that there shall be no right of termination for the sole purpose of holding the same or reasonably similar function in another facility, city, or country.

The Hotel cannot be responsible for damage or loss of any articles or merchandise left in the Hotel prior to or following your function. Security arrangements should be made for all merchandise or articles prior to, during or at the conclusion of the function. Should the final minimum guarantee exceed 300 persons, Radisson Inn Fort Myers requires you to supply two (2) uniformed security guards for crowd control.

The Hotel will accept most packages 72 business hours prior to your function. The Catering Department can recommend warehousing companies for excessively large shipments. Packages must include the name of the function or event, name of contact person, Hotel Catering Department contact and date(s) of function or event. No COD shipments will be accepted. At the conclusion of your set-up, all related equipment, crates, etc., must be removed from the Hotel. All return shipment arrangements must be made by the Client to ensure removal no later than the last day of the function.

Signs, banners, posters, or any other items may not be affixed to any Hotel fixtures, walls, ceilings, or doors, without advance permission from the Catering Department. A service charge may be required for signage posting.

The client assumes full responsibility for any claims for loss or damage to itself or its exhibitors' displays or equipment on hotel premises or in vehicles on hotel premises. The Client shall also indemnify and hold the Hotel harmless for any injury to persons or damage except in claims due to Hotel's gross negligence.

Re: Docket Numbers 000824-EI and 001148-EI

Dear Ms. Bayo:

Documents in the above cases are being mailed and faxed to James Presswood, Esq., formerly of LEAF, to our offices. Since we are no longer interested in receiving this information, please remove us from the list of "interested parties" in the above docket numbers.

At times we also receive a lengthy fax care of James Presswood, concerning docket schedules and other information. Please remove us from that distribution list as well, and any other list that Mr. Presswood might be on. Please call if you have any questions.

Thank you very much.

Sincerely,

Michael L. Odom

Dear PSC,

I am new to FLA. Moved into my home in St Lucie West on 30 March 2001 having moved here from Minnesota. Minnesota can get wild weather: thunderstorms, tornadoes, blizzards, so I am aware of what weather can do to power lines. However, I was not subjected to power fluctuations as I have been in my new home.

It has come to my attention, that FP&L is asking for a rate hike. I do not support such a hike and will not until the power fluctuation situation is

resolved in St. Lucie West.

In September 2001 after having returned from MN where I was for two months, I experienced difficulty with my new dryer. I called Sears and they sent a repairman over to check it out. The repairman explained that all my appliances had digital parts and as such were subject glitches caused by power fluctuations. He fixed the dryer and recommended that I put power strips on all my appliances. I asked him if he was talking about the strips I had on my computer and he said yes. I should put power strips on appliances. All well and good, but how do you put one on a dishwasher, a built in microwave, where is there room on a refrigerator, how do you put one on the air conditioner, furnace, etc. ?????????

I called Haldane Electric, the company who did the electrical work on my home for Hanover Homes. The foreman Jeff, explained to me that power fluctuations were an everyday occurrence in this area of FLA. and he has a name for FP&L which was other than complimentary. He confirmed what the Sear's repairman had said about power fluctuations adversely affecting appliances. He also agreed with me that installing power strips on each and every appliance was impractical. He recommended the installation of a whole house surge protector which would be installed on the circuit breaker box in my garage. This device would prevent power fluctuations from adversely affecting my appliances. The cost of installation of this device will be several hundred dollars. I am having it done because replacing my appliances would cost far more.

I feel FP&L should not be given a rate increase until they eliminate this constant power fluctuation problem and until they eliminate all the momentary power outages we experience here in St. Lucie West. I can't tell you how often I return home to find all my clocks flashing because the power was out while I was gone. It is almost a weekly occurrence. I worked for Northern States Power Company in Minneapolis year's ago and this is a totally unacceptable way to treat your customers.

I hope you can do something about this problem.

Thanks for your attention and time and service to our state and country.

God Bless America

Mary A. Ness
Port St. Lucie FL

February 19, 2002

Ms. Blanca Bayo
Director, Division of Records and Reporting
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399-0850

Dear Ms. Bayo:

Concerning Docket number 001148-EI, e prime Florida would like to add our comments to the record. We are a pool manager of natural gas in the deregulated Florida marketplace. This docket involves the electric rate case with Florida Power and Light. In discussions with Wayne Makin, FPSC staff member in the Competitive Markets and Enforcement group, we are aware that FP&L has acknowledged that they were selling natural gas to unregulated retail customers at a loss. That loss was being absorbed by the regulated side of FP&L. This issue was moved out of the FP&L fuel cost adjustment review and moved over to the FP&L rate case under "Other" issues to be covered by the rate case. FP&L is now negotiating to settle the rate case with a "black box" settlement. This may preclude a discussion of the unregulated FP&L Energy Services (the natural gas pool manager) and their impact on natural gas retail competition in Florida.

e prime Florida has seen several concrete examples of this pricing behavior. We have lost many customers to FP&L. Sometimes we have even priced the gas at cost, in order to keep up our portfolio in Florida, and the customer would tell us that FP&L was priced lower than us. This loss of current and potential customers is affecting all pool managers in Florida, and especially the smaller ones. We have already seen a decrease in the third party suppliers (pool managers) in the state. Deregulation is not being carried out on a level playing field in natural gas. We feel that this situation should in some way be remedied as soon as possible. We concur with NUI Energy, Inc. in their intervention on this docket. And we support the FPSC staff in their recommendations. If you have any questions, please call me at toll-free 877-819-4909. Thank you.

Sincerely,

Holly Brubaker

Re: Docket Numbers 000824-EI and 001148-EI

Dear Ms. Bayo:

Attached please find my letter of December 27, 2001, asking you to remove us from the service list of the above docket numbers. I noticed in a recent filing that we are still on the list, and we continue to receive voluminous documents and depositions from parties and others in these cases. We are no longer interested in receiving information concerning these cases and request again that you remove us from the list—and from any other cases in which information is being sent to Jim Presswood, Esq., who no longer works in our office. Thank you very much. Please contact me if you have any questions.

Sincerely,

Mike Odom

Re: Docket Numbers 000824-EI and 001148-EI

Dear Ms. Bayo:

Documents in the above cases are being mailed and faxed to James Presswood, Esq., formerly of LEAF, to our offices. Since we are no longer interested in receiving this information, please remove us from the list of "interested parties" in the above docket numbers.

At times we also receive a lengthy fax care of James Presswood, concerning docket schedules and other information. Please remove us from that distribution list as well, and any other list that Mr. Presswood might be on. Please call if you have any questions.

Thank you very much.

Sincerely,

Michael L. Odom

Subject: RE: FICA 040033-EG

Kay, I found him also in dkts 001148 and 020233. Both have been updated. Want me to include this e-mail in correspondence for both dockets or include a note on comments. I do not remember seeing one but I checked in the changes of addresses and undocketed correspondence for changes of address from him and did not find any.

Kim, I just changed Rich Zambo's mailing address in this dkt.

Did he earlier file a change of address with us? I know I saw something recently about his office moving. I'm wondering if other his address should be updated in other open dkts? Have you seen any kind of change of address from him?

Cc: David Smith; Denise Vandiver; Cochran Keating
Subject: RE: Docket 001148

The last this issue was brought up, we wanted to close the docket and return the confidential documents. The discovery was a piece of cake; just return it. The confidential audit workpapers I believe was also something Denise's group was to take care of, but shouldn't hold up closing the docket. Cochran made a point that he didn't think the confidential testimony could be returned and we were awaiting a final response on that. Regardless, can we close the docket and deal with that later?

-----Original Message-----

To: Denise Vandiver; Hong Wang; Matt Brinkley
Subject: RE: Docket 001148

All I know is that the appeal is over, so it can be taken out of litigation status. If there is nothing that needs to be done in the docket, it can be closed. I had the impression that there was something still outstanding, but the staff will have to decide that.

Subject: RE: Docket 001148
Importance: High

Please let me know what to do with this docket. It is still listed as in litigation status. We'll need either advice on closing the docket or a revised CASR as soon as possible.

Thanks!

Subject: RE: Docket 001148

Now that the appeal is over, the technical staff will have to decide if anything else remains to be done in the docket. I'm not really sure. There may be some reason to keep it open for the annual refunds, etc. I guess we need to ask them what to do.
