

VOTE SHEET

August 28, 2007

Docket No. 070056-EG – Petition for approval of extension and permanent status of price responsive load management pilot program, by Tampa Electric Company.

Issue 1: Should Tampa Electric Company's (TECO) petition to convert its Pilot Residential Price Response Load Management Program to a permanent program be approved?

Recommendation: Yes. The pilot program demonstrated that the Price Response Load Management Program is monitorable and cost effective. The energy savings and demand reductions of the permanent program will contribute toward meeting or exceeding the numeric conservation goals approved for TECO. Staff also recommends that TECO be allowed to request recovery of costs of the permanent program through the Energy Conservation Cost Recovery (ECCR) clause.
