Re: Docket No. 080007-EI

Dear Ms. Cole:

I am enclosing for filing in the above docket the original and seven (7) copies of Florida Power & Light Company's Petition for Approval of the Environmental Cost Recovery Estimated/Actual True-Up for the Period January 2008 Through December 2008, together with a diskette containing the electronic version of same. The enclosed diskette is HD density, the operating system is Windows XP, and the word processing software in which the document appears is Word 2003.

Also enclosed for filing are the original and fifteen (15) copies of the prefiled testimony and exhibits of Florida Power & Light Company witnesses K. M. Dubin, R. R. LaBaue and E. Silagy.

If there are any questions regarding this transmittal, please contact me at 561-304-

5639.

DOCUMENT NUMBER-DATE

06783 AUG-4 8

FPSC-COMMISSION CLERK

Dubin. Pursuant to Order PSC-02-1735-FOF-EI, FPL has included actual costs for the period January through June 2008 and revised estimates for the period July through December 2008.

5. The ECR Estimated/Actual True-up reflects costs incurred and projected to be incurred through the end of 2008 for the Martin Next Generation Solar Energy Center project, the DeSoto Next Generation Solar Energy Center project, and the Space Coast Next Generation Solar Energy Center project (collectively, the "Solar Projects"). In Docket No. 080281-EI, FPL petitioned the Commission to approve the eligibility of the Solar Projects for recovery through the ECR Clause ("ECRC") pursuant to Section 366.92(4), Fla. Stat., which was recently enacted as part of House Bill 7135 and became effective on July 1, 2008. The Commission approved the Solar Projects for ECRC recovery at the July 15, 2008 agenda conference. Details with respect to each of the Solar Projects are contained in Mr. Silagy's testimony and exhibits.

6. A portion of FPL's costs for the Solar Projects were incurred during 2007. As this is FPL's first ECRC filing since the enactment of Section 366.92(4), Fla. Stat., it is also the first opportunity for FPL to request ECRC recovery of costs for the Solar Projects. Accordingly, FPL has included its 2007 costs for the Solar Projects as part of the 2008 ECRC Estimated/Actual True-Up for which this Petition seeks Commission approval.

WHEREFORE, FPL respectfully requests the Commission to approve the Environmental Cost Recovery Estimated/Actual True-up amount requested herein for the period January 2008 through December 2008, which includes recovery of the costs that FPL has incurred and projects to incur through the end of 2008 for the Solar Projects.

Respectfully submitted,

R. Wade Litchfield
