RE: Customer transfer notification status of Progress Energy Florida, Inc. (PEF) and Sumter Electric Cooperative, Inc. (SECO) regarding the joint amended territorial agreement in Sumter, Lake, Marion, Levy and Citrus Counties by Sumter Electric Cooperative, Inc. and Progress Energy Florida, Inc.; Docket No. 080632-EU

Dear Ms. Cole:

As stated in the Joint Petition for the approval of the amended territorial agreement, all customers subject to transfer under the new agreement have been sent written notification prior to transfer. As stated, a summary of the responses received are being provided via this supplemental filing.

Both SECO and PEF have sent two rounds of customer notification letters with the first notifications being sent in November 2007. The second set of transfer notification letters were sent by both parties in November 2008 only to customers who opened a new account with either SECO or PEF in 2008 or since the previous letter was sent in November 2007. From the second set of notification letters, SECO received a few inquiries as to when the transfer may occur. There were no negative responses. PEF did not receive any response from the second notification letter.

Should you have any further questions regarding our customer transfer notifications, please contact me at (727) 820-5509.

Sincerely,

A handwritten signature in cursive script that reads "Gail Simpson".
