Re: Docket No. 090001-EI

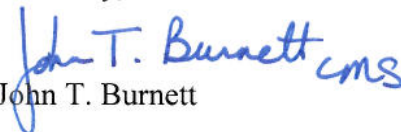

Dear Ms. Cole:

On September 14, 2007, Progress Energy Florida, Inc. ("PEF") filed a Request for Confidential Classification ("Request") in Docket No. 070001-EI concerning certain information provided in response to OPC's Second Request for Production of Documents (2-16). Those confidential materials are designated by the Commission as Document No. 08362-07, and the Request itself is Document No. 08361-07. The Commission has not yet ruled on the September 14, 2007 Request. Pursuant to Rule 25-22.006(3)(d), F.A.C., the Confidential Materials remain protected as confidential pending ruling.

PEF continues to seek confidential classification of Document No. 08362-07 for the reasons set forth in the September 14, 2007 Request (DN# 08362-07). As stated in the affidavits accompanying the Request, the confidential documents contain competitively negotiated contract data, contractual quantities and pricing. PEF continues to treat this information as confidential, and the concerns about disclosure that make this information confidential remain valid today. Accordingly, PEF asks for an additional 18-month extension of the originally filed Request and that the Commission grant the September 14, 2007 Request for the reasons set forth therein.

Thank you for your assistance in this matter. Please feel free to contact me should you have any questions.

Sincerely,

John T. Burnett
