Subject: FP&L Confidential Response to the TYSP Data Request

I was just going to e-mail to verify that along with the 2 previous Progress-related documents that were able to be returned to the company, that there also was an FP&L document that could be returned. The item in question is Document No.03455-09 (FPL's Confidential Response to TYSP Data Request) for reference. Natalie Smith called again and I verified that we no longer needed the document at the moment.
