Notice of Proposed Rule

PUBLIC SERVICE COMMISSION

RULE NO: RULE TITLE

25-22.103: Orders Indexed

25-22.1035: Designation of Official Reporter

25-22.105: System for Indexing Orders

25-22.107: Plan for Making Orders and Index Available to the Public

PURPOSE AND EFFECT: To amend the rules to make the Commission's Web site the official reporter for final orders to provide free and timely access to final orders. Docket No. 090502-OT

SUMMARY: The rule revisions would place the Commission in the role of being its own Official Reporter. This would be implemented through the Commission's Web site which provides an electronic database of the Commission's orders. This would take place January 1, 2010, with prior orders being located in the FPSC Reporter, published by FALR. Rule 25-22.103, Orders Indexed, is repealed because there is no need for orders to be "indexed" when an electronic database is used instead; Rule 25-22.1035, Designation of Official Reporter, is amended to make the Commission's Web site the Official Reporter from January 2010 forward; Rule 25-22.107, Plan for Making Orders Available to the Public, is amended to state that copies of orders are maintained electronically at the Commission's Web site; Rule 25-22.105, System for Indexing Orders, is amended to refer to the Commission's electronic database on the Commission's Web site. The amendments also refer to the advanced search feature of orders.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: The Statement of Estimated Regulatory Costs notes that there should be no incremental costs for the Commission because the electronic data base currently exists and is available to the public. There would be benefits in saving staff time to reproduce and mail the orders to the publisher and the associated reproduction and mailing costs. Also, customers, utilities and business entities would know that Commission orders are available online and may obtain access to the orders without subscribing to a publication.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
