**Re: Docket 080009-EI
Request for Confidential Classification of Document No. 07493-08**

Dear Mr. Butler:

By letter dated July 27, 2009, I asked you for clarification regarding Florida Power & Light Company's (FPL) August 20, 2008, Request for Confidential Classification of certain information in the prepared direct testimony of William R. Jacobs (Document No. 07493-08) in the 2008 Nuclear Cost Recovery Clause proceeding. Specifically, it appears that the information on Page 2 of Exhibit B, Lines 10-15 cannot be granted confidential classification since un-redacted copies of the information can be found in other filings. My letter asked you for clarification as to whether FPL intended to modify the request for confidential classification to exclude this information. To date, I cannot find any response from you.

Given that the original request for confidential classification was filed in August, 2008, and thus exceeds 18 months, I am asking that FPL review the request, and determine if it can be withdrawn or modified. If the request cannot be withdrawn, I ask that FPL file a request for extended confidential classification, detailing the information for which FPL continues to seek confidential classification and the reasons why continued confidential classification remains appropriate. Thank you for your time and attention to this matter.

Sincerely,

Lisa C. Bennett
Senior Attorney
