RE: Notice of Transfer of Control of ALEC, Inc. (TX741)

Dear Sir or Madam,

On behalf of ALEC, Inc. ("ALEC"), a competitive telecommunications provider authorized to provide competitive local exchange telecommunications service pursuant to Order No. PSC-03-1300-PAA-TX, Docket No. 030861 (Nov. 14, 2003), with its parent SinglePipe Communications, Inc. ("SinglePipe"), I am writing to inform the Commission of a transfer of control whereby the ownership of ALEC's parent, SinglePipe, will be transferred to Integrated Broadband Services, LLC ("IBBS") on or after July 26, 2010.

As a result of the transaction, SinglePipe will become a direct, wholly-owned subsidiary of IBBS, and ALEC an indirect subsidiary of IBBS. ALEC will, however, remain a direct, wholly-owned subsidiary of SinglePipe, and in fact will continue to operate as ALEC in Florida, offering the same rates, terms and conditions of service in the state. The proposed transaction is not expected to affect the day-to-day operations of ALEC or adversely affect the services currently provided by it. ALEC currently has one business customer in Florida, and will continue to provide service to that customer without interruption, consistent with its existing tariffs and applicable law. Specifically, the transaction will not involve a change in the entity actually providing regulated services in Florida, nor will it change any of the rates, terms or conditions of such service, and there will be no detrimental change in customer service. Indeed, the transaction will be transparent to ALEC's business customer in Florida, as well as the general public.

In connection with its proposed transfer of control, the parties have filed an application for a domestic Section 214 License Transfer with the Federal Communications Commission ("FCC"), which was subsequently released on the FCC's Public Notice on June 23, 2010, DA 10-1119, under WC Docket No. 10-129. As noted in the Public Notice, the application has been accepted as a streamlined application, and shall be deemed granted on July 24, 2010.
