Dear Ms. Cole:

Attached please Orlando Utilities Commission's (OUC) responses to Staff's Third Data Request regarding the 2011 Ten-Year Site Plan (TYSP). The responses to the Third Data Request were prepared by Black & Veatch on behalf of OUC.

Should you have any other questions regarding the attached responses or OUC's 2011 TYSP, please do not hesitate to contact me at (913) 458-7134.

Very truly yours,
BLACK & VEATCH CORPORATION

**Orlando Utilities Commission's Responses to the
Florida Public Service Commission's Third Data Request
Submitted July 15, 2011**

- 1. Please provide a status update of all planned Renewable Energy facilities in terms of scheduled construction dates, upcoming and achieved milestones, and any other notable progress/alterations towards their completions.**

Response to Question No. 1:

- The Harmony hybrid biomass project is still anticipated to begin commercial operations in 2013. A letter of extension has been signed through the end of 2011.
- OUC is still in negotiations regarding the Gainesville Renewable Energy Center. Construction activities for the project have begun, and the project is currently planned for commercial operation in 2014.
- Construction of the Orange County landfill gas project is complete, and the project is currently in the testing phase. The project is anticipated to begin commercial operations in 2011.
- The power purchase agreement (PPA) for the Port Charlotte landfill gas project has been signed. The project is currently in the commissioning phase. The project is anticipated to begin commercial operation in 2012.
- Negotiations are currently on hold for the Holopaw landfill gas project.
- Negotiations are currently on hold for the Orlando Municipal Solid Waste Gasification Project.
- The solar project at the Stanton Energy Center is scheduled to come on-line by the end of 2011.

- 2. Please list all planned Renewable Energy Contracts and/or facilities that have been cancelled, withdrawn, or delayed since the filing of the 2010 Ten-Year Site Plan. As part of this response, explain or describe the reason(s) for the change in status of each.**

Response to Question No. 2:

OUC has had no Renewable Energy Contracts or facilities that have been cancelled, withdrawn, or delayed since the filing of the 2010 Ten-Year Site Plan.
