DOCKET NO. 130002-EG
ORDER NO. PSC-13-0478-CFO-EG
ISSUED: October 15, 2013

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR SECOND
EXTENSION OF CONFIDENTIAL CLASSIFICATION OF DOCUMENT NOS. 06439-08
AND 00531-13

Pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a request for confidential classification of certain materials portions of staff's working papers prepared during Audit No. 08-037-4-2 (Document Nos. 06439-08 and 00531-13). Order No. PSC-09-0193-CFO-EG, issued on March 27, 2009, granted confidential classification for the documents. Order No. PSC-11-0319-CFO-EI, issued July 28, 2011, extended the confidential classification for a period of 18 months. On January 28, 2013, FPL requested that the period of time for confidential treatment be extended for the information contained in Document Nos. 06439-08 and 00531-13. FPL further requests that the information be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. Since audit materials of the type contained in these documents must be retained by the Commission for 25 years, the documents cannot be returned to FPL at this time.

Section 366.093(1), F.S., provides that records that the Commission has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, F.S., Florida's Public Records Act. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes:

- (b) Internal auditing controls and reports of internal auditors.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

FPL asserts that the information for which it seeks confidential status consists of FPL's internal auditing controls and reports of internal auditors, FPL's business plans and strategy, and customer specific account information. The customer information includes customer names, addresses, telephone numbers, account numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW, and bills. FPL asserts that it does not reveal customer specific account information unless authorized by the customer or required to do so by law, in order to protect the customers' competitive interests and right to privacy. FPL contends that the

information for which it is requesting confidential classification is entitled to that classification pursuant to Section 366.093(3)(b) and (e), F.S., as proprietary confidential business information, the disclosure of which would impair the company's ability to contract for the sale of goods and services on favorable terms or cause harm to its ratepayers. FPL claims that nothing has changed since the Commission issued its prior confidentiality order. The information is still of current value and has not been made public. FPL requests confidential classification for the information contained in Document Nos. 06439-08 and 00531-13.

Upon review, it appears that the above-referenced information satisfies the criteria set forth in Section 366.093(3)(b) and (e), F.S. The information contains internal auditing controls and competitive business information, the disclosure of which would impair the company's ability to contract for the sale of goods and services on favorable terms and impair the competitive interests of its customers. In addition, the information contains customer specific information, the disclosure of which would be detrimental to the interests of FPL's customers. Therefore, the extension of confidential classification for Document Nos. 06439-08 and 00531-13 is granted.

Pursuant to Section 366.093(4), F.S., the duration of confidential classification or the extension of confidential classification is limited to 18 months, unless there is good cause to extend the protection for a specified longer period. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the information continues to contain proprietary confidential information.

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E. Balbis, as Prehearing Officer, that the information described in the body of this Order and contained in Document Nos. 06439-08 and 00531-13 shall be granted an additional 18 months of confidential classification. It is further

ORDERED that pursuant to Rule 25-22.066, F.A.C., and Section 366.093(3), F.S., confidentiality granted to the documents specified herein shall expire 18 months from the date of the issuance of this Order in the absence of a renewed request for confidentiality. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Eduardo E. Balbis, as Prehearing Officer, this 15th day of October, 2013.
