FILED DEC 16, 2013 **DOCUMENT NO. 07444-13 FPSC - COMMISSION CLERK**

NOW COMES the Universal Service Administrative Company ("USAC"), by and through its undersigned counsel, and hereby requests (the "Motion"), pursuant to 11 U.S.C. §§ 503(a) and 503(b)(1)(A), allowance and payment of USAC's administrative claims against certain of the above-captioned debtors (the "Debtors") in the aggregate amount of, at least, \$35,937.23, including \$21,607.22 owed by Pac-West Telecomm, Inc., \$10,482.28 owed by Tex-Link Communications, Inc., \$3,190.43 owed by UniPoint Enhanced Services, Inc., \$457.30 owed by nWire, LLC and \$200,00 owed by Peering Partners Communications, LLC¹. In addition, USAC requests entry of an order requiring the Contributors (as defined below) to (a) timely pay their federal USF Obligations (as defined below) on a going-forward basis, (b) immediately submit their past-due Annual Revenue Reports (as defined below), and (c) submit to USAC when due all subsequent Annual and Quarterly Revenue Reports (as defined and described below).

In support of the Motion, USAC respectfully states as follows:

FACTUAL AND PROCEDURAL BACKGROUND

On March 28, 2013 (the "Petition Date"), UPH Holdings, Inc. ("UPH"), Pac-West Telecomm, Inc. ("Pac-West"), Tex-Link Communications, Inc. ("Tex-Link"), UniPoint Holdings, Inc. ("UniPoint Holdings"), UniPoint Enhanced Services, Inc. ("UniPoint Enhanced"), UniPoint Services, Inc. ("UniPoint"), nWire, LLC ("nWire") and Peering Partners Communications, LLC ("Peering Partners") filed voluntary petitions for relief under Chapter 11 of the United States Bankruptcy Code, 11 U.S.C. §§ 101 - 1532 (the "Bankruptcy Code"). UPH, Pac-West, Tex-Link, UniPoint Holdings, UniPoint Enhanced, UniPoint, nWire and Peering

Of the amounts specified, \$25,504.14 is past due as of November 15, 2013 and the remaining \$10,433.09 is due on or before December 13, 2013.

Partners are collectively referred to in this Motion as the "Debtors". At the request of the Debtors, this Court subsequently entered an order authorizing joint administration of these cases.

- 2. As of the date hereof, the Debtors continue to operate their businesses and manage their assets as debtors-in-possession pursuant to Bankruptcy Code §§ 1107(a) and 1108. The Office of the United States Trustee has appointed an official committee of unsecured creditors in these cases.
- 3. USAC currently holds substantial pre-petition and administrative claims against Pac-West, Tex-Link, UniPoint Enhanced, nWire and Peering Partners as described below. Pac-West, Tex-Link, UniPoint Enhanced, nWire and Peering Partners are collectively referred to in this Motion as the "Contributors". Further, because the Contributors continue to operate post-petition as telecommunications carriers, USAC's administrative claims continue to increase.
- 4. On July 10, 2013, contemporaneous with a Limited Objection to the Debtors' proposed sale of substantially all assets [Dkt. No. 311] (the "Sale Objection"), USAC filed, on an expedited basis, its Motion for Entry of an Order (I) Allowing and Directing the Immediate Payment of Universal Service Fees Accrued and Accruing Post-Petition and (II) Compelling Compliance with Payment and Reporting Requirements [Dkt. No. 312] (the "Original Administrative Claim Motion").
- 5. The Debtors and USAC subsequently resolved the Sale Objection through the inclusion of agreed-upon language in the as-entered Order approving the Debtors' sale of substantially all assets to TNCI Operating Company, LLC (the "Buyer") [Dkt. No. 446] (the "Sale Order"). The Sale Order preserves USAC's right to seek Bankruptcy Court authority to pursue the Contributors for payment of the Contributors' post-petition accounts owing to USAC.

- 6. Subsequent to USAC's filing of the Original Administrative Claim Motion, USAC attempted to resolve certain disputes raised by the Contributors with respect to USAC's Chapter 11 administrative claims. On multiple occasions, counsel for USAC provided contact information for the appropriate business people at USAC to counsel for the Debtors in order to facilitate a business-to-business discussion between the Contributors and USAC related to the Contributors' post-petition accounts owing to USAC. To date, the Contributors have failed to contact USAC's business people directly to have that discussion.
- 7. On November 4, 2013, upon USAC's request, the Court withdrew USAC's Original Administrative Claim Motion without prejudice.² Prior to USAC's withdrawal of the Original Administrative Claim Motion without prejudice, the Contributors asserted that they were current on their post-petition USF Obligations (as defined below) owing to USAC. USAC is unaware of any valid basis, however, for the Contributors to dispute owing to USAC the full amount of its Chapter 11 administrative claims.

II. DESCRIPTION OF USAC AND ITS INVOICING PROCEDURES

8. In the 1996 Telecommunications Act, P.L. 104-104 (the "Telecommunications Act"), Congress authorized the creation of federal universal service support mechanisms whereby eligible providers of telecommunications services to customers in high cost areas, low income customers, rural health care centers, schools and libraries could obtain financial support for providing approved telecommunications services to such customers. 47 U.S.C. § 254(h)(1).

Due to USAC's filing of the Original Administrative Claim Motion on an expedited basis in connection with the Debtors' proposed sale, although the Debtors objected to the request that the Original Administrative Motion be "expedited", the Debtors had no formal deadline by which they were required to oppose or otherwise respond to the Original Administrative Claim Motion. The Debtors failed to respond to the Original Administrative Claim Motion and, therefore, have failed to admit or deny several of the allegations in USAC's Original Administrative Claim Motion. The Debtors also failed to respond to USAC's attempts to narrow the areas of dispute related to the Original Administrative Claim Motion.

Congress directed that funding for these universal service support mechanisms be obtained by requiring telecommunications carriers that provide interstate and international telecommunications services to the public to make mandatory contributions to the federal Universal Service Fund (the "USF"). 47 U.S.C. § 254(d).

9. USAC is a not-for-profit Delaware corporation that administers the federal USF under the oversight of the Federal Communications Commission (the "FCC").³ See 47 C.F.R. § 54.701(a). The USF is funded through mandatory contributions from all U.S. telecommunications carriers based on, inter alia, a percentage of their interstate and international end-user telecommunication revenues. 47 C.F.R. § 54.709(a). The FCC directs all U.S. telecommunications carriers to submit such information to USAC on a quarterly and annual basis, using a "Telecommunications Reporting Worksheet," which is also known as a Form 499. 47 C.F.R. § 54.711. The Telecommunications Reporting Worksheet and Accompanying Instructions (the "Worksheet Instructions") are published in the Federal Register and set forth detailed reporting requirements concerning the information carriers are required to submit to USAC on a quarterly and annual basis. Id.

10. Upon receiving and reviewing each carrier's quarterly Telecommunications Reporting Worksheet (the "Quarterly Revenue Report" or "Form 499Q"), USAC calculates each carrier's quarterly USF obligation for the upcoming quarter and then invoices each carrier for its contributions to the USF in three monthly installments (the "USF Obligations"). The carrier's USF Obligations arise monthly as assessed and invoiced by USAC. 47 C.F.R. § 54.711(a); see, e.g., "Proposed Fourth Quarter 2013 Universal Service Contribution Factor," CC Docket No. 96-45, p. 4, Public Notice (September 11, 2013) ("Contribution payments are due on the dates

shown on the [USAC] invoice"). USAC deposits carriers' contributions into the USF for distribution to eligible recipients of the universal service support programs pursuant to FCC rules.

11. Where a telecommunications carrier fails to submit a Telecommunications Reporting Worksheet to USAC by the form's due date, federal regulations require USAC to assess USF Obligations and issue invoices based on available information, including historical interstate and international end-user telecommunication revenue. 47 C.F.R. § 54.709(d).

12. In April each year, carriers must report annual revenue data for the prior calendar year on an annual Telecommunications Reporting Worksheet (the "Annual Revenue Report" or "Form 499-A"), which USAC then uses to perform a "true-up" by comparing the Annual Revenue Report to the previously filed Quarterly Revenue Reports (the "Annual True-Up"). If a carrier's reported annual revenue is less than the sum of the revenue reported previously for that year on the Quarterly Revenue Reports, USAC issues Annual True-Up credits to that carrier. Alternatively, if a carrier's reported annual revenue is greater than the revenue reported on the carrier's Quarterly Revenue Reports, USAC issues Annual True-Up adjustments to that carrier. These Annual True-Up credits or adjustments generally appear in three equal amounts on the July, August and September invoices of that subsequent year.

13. Carriers are entitled to downwardly amend Annual Revenue Reports for up to one year after that form's initial due date. Carriers must upwardly amend Annual Revenue Reports

USAC and the FCC are separate entities and have separate functions and responsibilities.

A copy of this Public Notice is attached hereto as Exhibit A.

any time a carrier discovers, or USAC learns, that the carrier's revenue was actually greater than previously reported.⁵

14. In the event that a carrier filed for bankruptcy protection during the year covered by the Annual True-Up, USAC calculates the adjustments or credits that are appropriately associated with the pre-petition period. After all of the credits or adjustments have posted to a carrier's account (generally by October of each year), USAC reverses the pre-petition portion of the credits or adjustments and files a corresponding amendment to its pre-petition proof of claim.

III. SOURCE OF USF CONTRIBUTIONS

15. Many telecommunications carriers pass the cost of their monthly contributions to the USF directly on to their customers through a surcharge or other line item that identifies the USF, in some manner, on the customers' bills. Accordingly, in most cases, funding for the USF comes from customers (in many cases, individual consumers) rather than from the operations of the telecommunications carrier. The FCC's rules authorize a carrier to recover these charges from the customer. See 47 C.F.R. § 54.712. The FCC's rules also provide, however, that the amount recovered by the carrier from its customers may not exceed the interstate telecommunications portion of the customer's bill multiplied by the quarterly contribution factor established by the FCC. The carrier's ability to recover USF contributions from its customers is not intended to provide the carrier, or a post-petition debtor, with a windfall.

- 16. If funds collected from a carrier's customers as a USF surcharge are not deposited in the USF, but are retained by the carrier, such action would constitute a violation of 47 C.F.R. § 54.712 and the FCC's Truth-in-Billing rules. 47 C.F.R. § 64.2401.
- 17. Therefore, to the extent that any of the Contributors collect USF contributions from end-users, those funds collected are not property of the Contributors' bankruptcy estates, based on, among other provisions, 47 U.S.C. § 254(d) and 47 C.F.R. §§ 54.706, 54.712, and 64.2401.

IV. USAC'S PRE-PETITION AND ADMINISTRATIVE CLAIMS

- 18. As telecommunications carriers, the Contributors are required by FCC regulations and the reporting requirements set forth in the Worksheet Instructions to submit Annual and Quarterly Revenue Reports, make monthly contributions to the USF, pay late filing or late payment fees associated with delinquent filings or payments, and make any additional contributions to the USF required as a result of the Annual True-Up.⁶
- 19. Since the Contributors began operating as telecommunications carriers, they have occasionally submitted Quarterly and Annual Revenue Reports to USAC. As discussed further herein, since the Petition Date, however, the Contributors have failed to submit certain Quarterly and Annual Revenue Reports to USAC.
- 20. Further, since the Petition Date, as the Contributors have continued their operations, USAC has prepared and mailed to the Contributors monthly Statements of Accounts

See In re Federal-State Joint Board on Universal Service. 1998 Biennial Regulatory Review — Streamlined Contributor Reporting Requirements Associated with Administration of Telecommunications Relay Service. North American Numbering Plan. Local Number Portability. and Universal Service Support Mechanisms. Changes to the Board of Directors of the National Exchange Carrier Association. Inc. CC Docket Nos. 96-45, 98-171, 97-21, Order, 20 FCC Red., 1012, 1016-18, ¶ 10-14 (2004) (adopting one-year revision deadline for downward revisions to Annual Revenue Reports).

Further, among other things, the terms of the Sale Order also obligate the Contributors to timely file Annual and Quarterly Revenue Reports until the final closing of the sale to the Buyer. Once he sale finally closes, the Contributors are required to submit documentation to USAC in order to deactivate their FCC Form 499 Filer IDs (the "Filer IDs"). The deactivation of the Contributors' Filer IDs will allow USAC to stop invoicing the Contributors on a monthly basis in the ordinary course. The Sale Order, however, also imposes certain obligations on the Buyer following the multiple closings of the sale. Ultimately, the Buyer is responsible for payment of all post-petition obligations of the Debtors to the USF.

that itemize the Contributors' USF Obligations on a monthly basis. USAC has calculated the Contributors' post-petition USF Obligations since the Petition Date and has determined that as of the date hereof the Contributors' post-petition USF Obligations total \$35,937.23 (the "Administrative Claim"). As discussed further herein, the Contributors have failed to timely pay their post-petition USF Obligations to USAC when due.

21. On multiple occasions since the Petition Date, USAC has prompted the Contributors, through counsel, to (a) submit to USAC their outstanding Quarterly and Annual Revenue Reports, (b) address the form-filing issues identified by USAC related to certain of the Contributors' forms, and (c) pay all outstanding post-petition USF Obligations owing to USAC. As of the date hereof, the Contributors have failed to adequately address these outstanding payment and compliance issues with USAC.

A. PAC-WEST TELECOMM, INC.: UNPAID ADMINISTRATIVE OBLIGATIONS AND FORM NON-COMPLIANCE.

i. Form-Filing Compliance

- 22. To date, Pac-West has failed to file its November 2013 Quarterly Revenue Report.⁸
- 23. Further, USAC has identified a specific area of concern with Pac-West's 2013 Annual Revenue Report, which, to date, remains unresolved.⁹ A copy of the e-mail USAC sent

to Pac-West identifying the specific area of concern and requesting an explanation is attached hereto as **Exhibit B**.

ii. Pac-West's Chapter 11 Administrative USF Obligations.

- 24. USAC has calculated Pac-West's outstanding USF Obligations since the Petition

 Date and has determined that as of the date hereof Pac-West's unpaid post-petition USF

 Obligations total \$21,607.22. Of Pac-West's total post-petition USF Obligations, \$14,700.26 is

 past due as of November 15, 2013. A spreadsheet itemizing the USF Obligations of Pac-West
 since the Petition Date is attached as Exhibit C.
- 25. As noted on the attached spreadsheet, since the Petition Date approximately eight and a half months ago, Pac-West has made only five (5) payments to USAC toward its post-petition USF Obligations (on July 2, July 24, August 13, September 12 and October 15). Pac-West has made no payment to USAC since the October 15, 2013 payment.

B. TEX-LINK COMMUNICATIONS, INC.: UNPAID ADMINISTRATIVE OBLIGATIONS AND FORM NON-COMPLIANCE.

. Form-Filing Compliance

- 26. To date, Tex-Link has failed to submit its 2013 Annual Revenue Report, reporting its actual revenues for calendar year 2012. The 2013 Annual Revenue Report was due on April 1, 2013 and is therefore now past due.
- 27. USAC requires the 2013 Annual Revenue Report in order to "true-up" the revenues of Tex-Link generated during calendar year 2012. Absent Tex-Link's submission of the 2013 Annual Revenue Report, USAC will be unable to base the 2013 Annual True-Up (regarding 2012 annual revenue) of Tex-Link's USF Obligations on its actual revenues.¹⁰

9

USAC reserves the right to supplement this Motion as necessary to quantify all outstanding USF Obligations at or prior to any hearing on this Motion. The USF Obligations continue to accrue as the Contributors continue to operate.

The November 2013 Quarterly Revenue Report projects a contributor's revenue for the period from January 2014 through March 2014 and was due by November 1, 2013.

In response to the e-mail USAC sent to Pac-West, Pac-West contacted USAC's customer service department on September 5, 2013. Pac-West stated that it would send the information requested to resolve the issue raised by USAC. To date, USAC has received no additional information from Pac-West responsive to USAC's e-mail.

USAC will, instead, rely on historical revenue data to conduct the Annual True-Up until such time as Tex-Link complies with its reporting requirements. 47 C.F.R. § 54.709(d).

- 28. Additionally, Tex-Link has failed to comply with substantial other revenue reporting obligations to USAC, summarized as follows:
 - a. 2012 Annual Revenue Report Outstanding;
 - b. Unresolved Issue with 2011 Annual Revenue Report; and
 - Quarterly Revenue Reports Outstanding from November 2012 through November 2013.

ii. Tex-Link's Chapter 11 Administrative USF Obligations.

- 29. USAC has calculated Tex-Link's outstanding USF Obligations since the Petition

 Date and has determined that as of the date hereof Tex-Link's unpaid post-petition USF

 Obligations total \$10,482.28. Of Tex-Link's total post-petition USF Obligations, \$7,813.75 is

 past due as of November 15, 2013. A spreadsheet itemizing the USF Obligations of Tex-Link

 since the Petition Date is attached as Exhibit D.
- 30. As noted on the attached spreadsheet, since the Petition Date approximately eight and a half months ago, Tex-Link has made only five (5) payments to USAC toward its post-petition USF Obligations (on May 28, July 2, July 24, September 12 and October 15). Tex-Link has made no payment to USAC since the October 15, 2013 payment.

C. UNIPOINT ENHANCED SERVICES, INC.: UNPAID ADMINISTRATIVE OBLIGATIONS AND FORM NON-COMPLIANCE.

i. Form-Filing Compliance

- 31. UniPoint Enhanced has failed to comply with revenue reporting obligations to USAC, summarized as follows:
 - a. 2012 Annual Revenue Report Outstanding; and
 - b. November 2013 Quarterly Revenue Report Outstanding.
- Further, USAC has identified a specific area of concern with UniPoint Enhanced's
 2013 Annual Revenue Report, which, to date, remains unresolved. A copy of the e-mail USAC

sent to UniPoint Enhanced identifying the specific area of concern and requesting an explanation is attached hereto as **Exhibit E**.

ii. UniPoint Enhanced's Chapter 11 Administrative USF Obligations.

- 33. USAC has calculated UniPoint Enhanced's outstanding USF Obligations since the Petition Date and has determined that as of the date hereof UniPoint Enhanced's unpaid post-petition USF Obligations total \$3,190.43. Of UniPoint Enhanced's total post-petition USF Obligations, \$2,557.87 is past due as of November 15, 2013. A spreadsheet itemizing the USF Obligations of UniPoint Enhanced since the Petition Date is attached as **Exhibit F**.
- 34. As noted on the attached spreadsheet, since the Petition Date approximately eight and a half months ago, UniPoint Enhanced has made only five (5) payments to USAC toward its post-petition USF Obligations (on July 2, July 24, August 13, September 12 and October 15). UniPoint Enhanced has made no payment to USAC since the October 15, 2013 payment.

D. NWIRE, LLC: UNPAID ADMINISTRATIVE OBLIGATIONS <u>AND FORM NON-COMPLIANCE.</u>

i. Form-Filing Compliance

- 35. nWire has failed to comply with revenue reporting obligations to USAC, summarized as follows:
 - a. Unresolved Issue with 2012 Annual Revenue Report;
 - b. 2011 Annual Revenue Report Outstanding; and
 - November 2012, February 2013 and November 2013 Quarterly Revenue Reports Outstanding.
- 36. Further, USAC has identified a specific area of concern with nWire's 2013

 Annual Revenue Report, which, to date, remains unresolved. A copy of the e-mail USAC sent to nWire identifying the specific area of concern and requesting an explanation is attached hereto as

 Exhibit G.

ii. nWire's Chapter 11 Administrative USF Obligations.

37. USAC has calculated nWire's outstanding USF Obligations since the Petition Date and has determined that as of the date hereof nWire's unpaid post-petition USF Obligations total \$457.30. Of nWire's total post-petition USF Obligations, \$332.26 is past due as of November 15, 2013. A spreadsheet itemizing the USF Obligations of nWire since the Petition Date is attached as **Exhibit H**.

38. As noted on the attached spreadsheet, since the Petition Date approximately eight and a half months ago, nWire has made only five (5) payments to USAC toward its post-petition USF Obligations (on July 2, July 24, August 13, September 12 and October 15). nWire has made no payment to USAC since the October 15, 2013 payment.

E. PEERING PARTNERS COMMUNICATIONS, LLC: UNPAID ADMINISTRATIVE OBLIGATIONS AND FORM NON-COMPLIANCE.

i. Form-Filing Compliance

39. To date, Peering Partners has failed to submit its 2013 Annual Revenue Report, reporting its actual revenues for calendar year 2012. The 2013 Annual Revenue Report was due on April 1, 2013 and is therefore now past due.

40. USAC requires the 2013 Annual Revenue Report in order to "true-up" the revenues of Peering Partners generated during calendar year 2012. Absent Peering Partners' submission of the 2013 Annual Revenue Report, USAC will be unable to base the 2013 Annual True-Up (regarding 2012 annual revenue) of Peering Partners' USF Obligations on its *actual* revenues.¹¹

ii. Peering Partners' Chapter 11 Administrative USF Obligations.

¹¹ USAC will, instead, rely on historical revenue data to conduct the Annual True-Up until such time as Peering Partners complies with its reporting requirements. 47 C.F.R. § 54.709(d). 41. USAC has calculated Peering Partners' outstanding USF Obligations since the Petition Date and has determined that as of the date hereof Peering Partners' unpaid post-petition USF Obligations total \$200.00. Of Peering Partners' total post-petition USF Obligations, \$100.00 is past due as of November 15, 2013. A spreadsheet itemizing the USF Obligations of Peering Partners since the Petition Date is attached as **Exhibit I**.

42. As noted on the attached spreadsheet, since the Petition Date approximately eight and a half months ago, Peering Partners has made only three (3) payments to USAC toward Peering Partners' post-petition USF Obligations (on August 13, September 12 and October 15). Peering Partners has made no payment to USAC since the October 15, 2013 payment.

F. THE CONTRIBUTORS' PRE-PETITION USF OBLIGATIONS.

43. USAC also holds substantial pre-petition claims against the Contributors. The Contributors' pre-petition USF Obligations are as follows: (a) for Pac-West, \$167,262.61; (b) for Tex-Link, \$37,044.80, (c) for UniPoint Enhanced, \$277,911.11, (d) for nWire, \$6,722.08 and (e) for Peering Partners, \$32,523.98. Spreadsheets itemizing the unpaid pre-petition USF Obligations of Pac-West, Tex-Link, UniPoint Enhanced, nWire and Peering Partners as of the Petition Date are attached hereto as Exhibit J, Exhibit M, and Exhibit M.

44. USAC's pre-petition claims will remain subject to amendment because subsequent Annual True-Ups will impact the Contributors' pre-petition USF obligations, including the 2014 Annual True-Up which will impact the pre-petition portion of 2013. As a result, USAC's pre-petition claims may increase or decrease, and USAC fully reserves all rights with respect to USAC's pre-petition claims.

V. REQUESTED RELIEF

A. USAC is Entitled to Allowance and Immediate Payment of its Administrative Claim.

45. USAC is entitled to allowance and payment of all of the Contributors' postpetition USF Obligations as administrative expenses pursuant to Bankruptcy Code § 503(b).

Specifically, Bankruptcy Code § 503(b)(1)(A) provides that the actual and necessary costs and expenses of preserving the estate shall be allowed as administrative expenses. As discussed in detail below, the Contributors' unpaid post-petition USF Obligations are, in fact, actual and necessary costs and expenses of preserving the Contributors' estates. Therefore, USAC hereby requests that this Court allow its Administrative Claim pursuant to Bankruptcy Code § 503(b) and require immediate payment of the same.

46. Payment of their USF Obligations is a condition for the Contributors to maintain their authority to operate under applicable FCC Regulations. The Contributors generate their revenue from their telecommunications operations and without their licenses to operate, the Contributors would be unable to generate revenue and pay their expenses. Accordingly, postpetition USF Obligations constitute actual and necessary expenses of preserving the Contributors' estates, and are entitled to priority payment under Bankruptcy Code §§ 503(b)(1)(A) and 507(a)(2). See, e.g., In re Burlington Motor Holdings, Inc., 235 B.R. 741, 746 (Bankr. D. Del. 1999) ("because debtors were required to register and pay the fees under the [International Registration Plan] in order to conduct their trucking business, we conclude that the payment of the IRP fee was an ordinary course of business expense for debtors that was an actual and necessary cost of business and, therefore, an administrative expense").

On or about June 11, 2013, USAC filed its pre-petition proofs of claim evidencing its general unsecured claims against the Contributors as of the Petition Date. USAC's pre-petition proofs of claim specifically reserved USAC's right to amend based on, among other things, the Annual True-Up process.

Subsequent to USAC's filing of its pre-petition proofs of claim and upon receiving the completed 2013 Annual Revenue Reports for Pac-West, UniPoint Enhanced and nWire, USAC conducted the 2013 Annual True-Ups for these Contributors (regarding 2012 revenue), which resulted in credits toward pre-petition USF Obligations in the amount of \$182,990.79 for Pac-West, \$33,780.66 for UniPoint Enhanced and \$2,694.06 for nWire (the "2012 USF Credits"). The 2012 USF Credits relate entirely to revenue generated during the pre-petition period and, therefore, impact only USAC's pre-petition claims. The 2012 USF Credits are reflected in the amounts in paragraph 43 herein. The 2012 USF Credits, and the results of the 2013 Annual True-Ups, however, remain subject to change in the event that Pac-West, UniPoint Enhanced and/or nWire submit revised 2013 Annual Revenue Reports.

47. A contributor's duty to pay its USF obligations is ongoing and arises from the operation of applicable FCC Regulations and not from any pre-petition contract or other arrangement. See 47 C.F.R. § 54.706(a). Payment of USF obligations is a condition precedent to a contributor's right to operate, whether in bankruptcy or otherwise, and failure of the contributor to pay such USF obligations, including assessed late payment charges, subjects the contributor to enforcement actions by the FCC, either through the revocation of authority to operate or the imposition of forfeitures. See id. at § 54.713; In re Empire One Telecomms., Inc., Case No. 01-11894 (AJG), slip op. at 8 (Bankr. S.D.N.Y. Sept. 23, 2003) ("[i]n order to engage at all in the provision of telecommunications services, the Debtors and all telecommunication service providers are required to pay the Fund obligations"), attached hereto as Exhibit O.

48. Pursuant to governing FCC Regulations, failure of a telecommunications carrier to pay the required quarterly contributions subjects such carrier to the enforcement provisions of the Telecommunications Act of 1996 and other applicable law. See 47 C.F.R. § 54.713. Enforcement actions take one of two forms, revocation of authority or the imposition of forfeitures. On numerous occasions, the FCC has issued forfeiture orders against carriers and at times has considered revoking a carrier's authority to operate for failure of such carrier to pay required USF obligations. See, e.g., In the Matter of PTT Telekom, Inc., FCC 01-106, Forfeiture Order, 16 FCC Rcd 7477 (2001) (carrier required to pay \$137,000 and warned that failure to pay could result in issuance of a show cause order to revoke operating authority); In the Matter of Intellicall Operator Serv., FCC 00-390, Forfeiture Order, 15 FCC Rcd 21771 (2000) (carrier liable for forfeiture in amount of \$99,000 for failure to make timely USF contributions in violation of Section 254 of the Telecommunications Act and 47 C.F.R. § 54.706); In the Matter of America's Tele-Network Corp., FCC 00-423, Forfeiture Order, 15 FCC Rcd 24391 (2000)

(enforcement proceeding against carrier for failure to pay USF contributions resulted in forfeiture of \$154,000). See also In the Matter of Publix Network Corp., FCC 02-173, EB Docket No. 02-149, Order to Show Cause and Notice of Opportunity for Hearing, 17 FCC Rcd 11487 (2002) (carrier ordered to show cause why carrier's authority to operate should not be revoked for failure to comply with rules pertaining to payments to Telecommunications Relay Service Fund). 13

49. In the Empire One proceeding, the Bankruptcy Court for the Southern District of New York specifically addressed the question of whether USF obligations qualify as administrative expenses in accordance with Bankruptcy Code § 503(b)(1)(A). Finding that "[USF] obligation amounts due were actual and necessary expenses of preserving the Debtors' estate, entitling [USAC] to an administrative expense priority for its claim," the Court determined that post-petition USF obligations "were both induced by the Debtors and were beneficial to the estates because payment in full of the [USF] obligations is a condition to the Debtors' authority to operate under governing FCC regulations." In re Empire One, Case No. 01-11894 (AJG), slip op. at 8 (Bankr. S.D.N.Y. Sept. 23, 2003). The Bankruptcy Court made these determinations even though USAC's administrative proof of claim had originally been filed in an "uncertain" amount (based on post-petition USF obligations) and was later amended to reflect a reversed credit and enumerated post-petition USF obligations, due to the Annual True-Up and other account reconciliation processes. Id. at 4, 14.

50. As evidenced above, the Contributors' failure to pay post-petition USF Obligations jeopardizes their continued business operations. Upon information and belief,

¹³ Copies of the foregoing orders are attached as Exhibit P.

without such authority to operate, the Contributors' assets would have limited or diminished value. Accordingly, the USF Obligations are necessary costs and expenses of preserving the Contributors' estates under Bankruptcy Code § 503(b)(1)(A).

51. The Contributors are obligated to pay USF Obligations that arise post-petition as they become due, including, without limitation, the already-accrued post-petition USF Obligations which remain unpaid in the amount of \$35,937.23.¹⁴ Therefore, pursuant to Bankruptcy Code § 503(b)(1)(A), USAC is entitled to allowance and immediate payment of its Administrative Claim in the amount of \$35,937.23.

B. The Contributors Must Timely Pay Future USF Obligations and Submit to USAC Their Quarterly and Annual Revenue Reports.

- 52. The Contributors' USF Obligations continue to accrue as the Contributors continue to operate on a post-petition basis. The Contributors' USF Obligations arise monthly as assessed by USAC and are due on the date set forth on the Contributors' monthly Statements of Account. See 47 C.F.R. § 54.711(a). The Contributors must also pay all future USF Obligations as they come due.
- 53. In addition to the Contributors' obligation to pay USF Obligations as they become due, the Contributors must (a) immediately submit their delinquent Revenue Reports to USAC, including the 2013 Annual Revenue Reports of Tex-Link and Peering Partners, which were due on or before April 1, 2013, (b) immediately address all revenue reporting issues identified by USAC with respect to previously-filed Annual Revenue Reports, and (c) timely submit their Annual and Quarterly Revenue Reports as they become due. As the Contributors' USF

The Administrative Claim in the amount of \$35,937.23 consists of the outstanding post-petition USF Obligations of: (a) Pac-West in the amount of \$21,607.22, (b) Tex-Link in the amount of \$10,482.28, (c) UniPoint Enhanced in the amount of \$3,190.43, (d) nWire in the amount of \$457.30 and (e) Peering Partners in the amount of \$200.00.

Obligations are based on the revenue information set forth in the Contributors' Quarterly and Annual Revenue Reports, timely submission of these reports is an important component of the billing and true-up processes.

- 54. Further, nothing in the Bankruptcy Code relieves the Contributors from compliance with the mandatory requirements imposed by the Telecommunications Act. As operational telecommunications carriers, there is no justification, nor a legal basis for the Contributors to ignore their post-petition payment and reporting obligations to the USF.
- 55. Accordingly, USAC requests that this Court include in its Order a requirement that the Contributors comply with all of their reporting obligations on a past and going-forward basis, as well as pay their USF Obligations as they come due.

VI. CONCLUSION

56. USAC requests that this Court order the Contributors to (a) immediately pay postpetition USF Obligations to USAC in the amount of \$35,937.23 and, further, (b) timely pay all
subsequent USF Obligations as invoiced by USAC. In addition, USAC requests that this Court
order the Contributors to (a) immediately submit to USAC the delinquent 2013 Annual Revenue
Reports and other outstanding Revenue Reports as identified in this Motion, (b) immediately
address all revenue reporting issues identified by USAC with respect to previously-filed Annual
Revenue Reports, and (c) timely submit to USAC all subsequent Annual Revenue Reports and
Quarterly Revenue Reports as they become due.

WHEREFORE, USAC respectfully requests that this Court enter an Order:

 Allowing USAC's administrative claims in the aggregate amount of \$35,937.23;

b. Ordering and directing the Contributors to immediately pay to USAC the

Contributors' post-petition USF Obligations in the amount of \$35,937.23;

c. Ordering and directing the Contributors to timely pay all subsequent USF

Obligations to USAC as invoiced;

d. Ordering and directing the Contributors to immediately submit to USAC

the Contributors delinquent Quarterly and Annual Revenue Reports,

including the 2013 Annual Revenue Reports of Tex-Link and Peering

Partners;

e. Ordering and directing the Contributors to immediately address all revenue

reporting issues identified by USAC related to previously-filed Annual

Revenue Reports;

f. Ordering and directing the Contributors to timely submit to USAC all

subsequent Quarterly Revenue Reports and Annual Revenue Reports as

they become due; and

g. Granting USAC such other and further relief as is just and proper.

Proposed Fourth Quarter 2013 Universal Service Contribution Factor

CC Docket No. 96-45

In this Public Notice, the Office of Managing Director (OMD) announces that the proposed universal service contribution factor for the fourth quarter of 2013 will be 0.156 or 15.6 percent.

Rules for Calculating the Contribution Factor

Contributions to the federal universal service support mechanisms are determined using a quarterly contribution factor calculated by the Federal Communications Commission (Commission).²
The Commission calculates the quarterly contribution factor based on the ratio of total projected quarterly costs of the universal service support mechanisms to contributors' total projected collected end-user interstate and international telecommunications revenues, net of projected contributions.²

USAC Projections of Demand and Administrative Expenses

Pursuant to section 54.709(a)(3) of the Commission's rules,⁴ the Universal Service
Administrative Company (USAC) submitted projections of demand and administrative expenses for the
fourth quarter of 2013.⁵ Accordingly, the projected demand and expenses are as follows:

See 47 C.F.R. § 54.709(a).

² See id.

³ See 47 C.F.R. § 54.709(a)(2).

⁴⁷ C.F.R. § 54,709(a)(3).

³ See Federal Universal Service Support Mechaniams Fund Size Projections for the Fourth Quarter 2013, available at http://www.universalservice.org/overview/filings (filed August 2, 2013) (USAC Filing for Fourth Quarter 2013 Projections). See also Federal Universal Service Support Mechanisma Quarterly Contribution Base for the Fourth Quarter 2013, available at http://www.universalservice.org/overview/filings (filed August 30, 2013) (USAC Filing for Fourth Quarter 2013 Contribution Base).

USAC Projections of Industry Revenues

USAC submitted projected collected end-user telecommunications revenues for October through December 2013 based on information contained in the Fourth Quarter 2013 Telecommunications Reporting Worksheet (FCC Form 499-Q). The amount is as follows:

Total Projected Collected Interstate and International End-User Telecommunications Revenues for Fourth Quarter 2013: \$16.161841 billion.

Adjusted Contribution Base

To determine the quarterly contribution base, we decrease the fourth quarter 2013 estimate of projected collected interstate and international end-user telecommunications revenues by the projected revenue requirement to account for circularity, and decrease the result by one percent to account for uncollectible contributions. Accordingly, the quarterly contribution base for the fourth quarter of 2013 is as follows:

Adjusted Quarterly Contribution Base for Universal Service Support Mechanism

Fourth Quarter 2013 Revenues - Projected Revenue Requirement - 1%

(\$16.161841 billion - \$2.155310 billion) * 0.99

\$13.866466 billion.

-

Unadjusted Contribution Factor

Using the above-described adjusted contribution base and the total program collection (revenue requirement) from the table above, the proposed unadjusted contribution factor for the fourth quarter of 2013 is as follows:

Contribution Factor for Universal Service Support Mechanisms

Total Program Collection / Adjusted Quarterly Contribution Base

\$2.155310 billion / \$13.866466 billion

0.155433

Unadjusted Circularity Factor

USAC will reduce each provider's contribution obligation by a circularity discount approximating the provider's contributions in the upcoming quarter. Accordingly, the proposed unadjusted circularity factor for the fourth quarter of 2013 is as follows:

Unadjusted Circularity Factor for Universal Service Support Mechanisms

1 - ((Fourth Quarter 2013 Revenues - Total Program Collection) / Fourth Quarter 2013 Revenues)

1-((\$16.161841 billion - \$2.155310 billion) / \$16.161841 billion)

0.133358

Proposed Contribution Factor

The Commission has directed OMD to amounce the contribution factor as a percentage rounded up to the nearest tenth of one percent. Accordingly, the proposed contribution factor for the fourth quarter of 2013 is as follows:

15.6 percent

3

⁶ USAC Filing for Fourth Quarter 2013 Contribution Base at 5.

⁷ See Federal-State Joint Board on Universal Service, 1998 Biennial Regulatory Review – Streamlined Contributor Reporting Requirements Associated with Administration of Telecommunications Relay Service, North American Numbering Plant, Local Number Portability, and Universal Service Support Mechanism, Telecommunications Services for Individuals with Hearing and Speech Disabilities, and the American Numbering Plan and North American Numbering Plan Cost Recovery Contribution Factor and Fund Size, Number Resource Optimization, Telephone Number Portability, Truth-In-Billing and Billing Format, CC Dockst Nos. 95-45, 98-171, 90-571, 92-237, 99-200, 95-116, 98-170, Order and Second Order on Reconsideration, 18 FCC Red. 4818, 4826, pars. 22 (2003) (Second Order on Reconsideration).

Proposed Circularity Factor

The Commission also has directed OMD to account for contribution factor rounding when calculating the circularity discount factor. Accordingly, the proposed circularity factor for the fourth custre of 2013 is as follows:

0.1365069

Conclusion

If the Commission takes no action regarding the projections of demand and administrative expenses and the proposed contribution factor within the 14-day period following release of this Public Notice, they shall be deemed approved by the Commission. ¹⁰ USAC shall use the contribution factor to calculate universal service contributions for the fourth quarter of 2013. USAC will reduce each provider's contribution obligation by a circularity discount approximating the provider's contributions in the upcoming quarter. ¹¹ USAC includes contribution obligations less the circularity discount in invoices sent to contributors. Contributions payments are due on the dates shown on the invoice. Contributors will pay interest for each day for which the payments are late. Contributors failing to pay contributions in a timely fashion may be subject to the enforcement provisions of the Communications Act of 1934, as amended, and any other applicable law. In addition, contributors may be billed by USAC for reasonable costs of collecting overdue contributions. ¹²

We also emphasize that carriers may not mark up federal universal service line-item amounts above the contribution factor. ¹ Thus, carriers may not, during the fourth quarter of 2013, recover through a federal universal service line item an amount that exceeds 15.6 percent of the interstate telecommunications charges on a customer's bill.

In addition, under the limited international revenues exception (LIRE) in section 54.706(c) of the Commission's rules, a contributor to the universal service flund whose projected collected interstate endular revenues comprise less than 12 percent of its combined projected collected interstate and international end-user telecommunications revenues, net of projected contributions. ¹⁴ The rule is intended to exclude from the contribution base the international end-user telecommunications revenues of any entity whose annual contribution base the international end-user telecommunications revenues of any entity whose annual contribution, based on the provider's interstate and international end-user telecommunications revenues, would exceed the amount of its interstate end-user revenues. ¹⁵ The proposed contribution factor exceeds 12 percent, which we recognize could result in a contributor being required to contribute to the universal service fund an amount that exceeds its interstate end-user telecommunications revenue. Should a contributor face this situation, the contributor may petition the Commission for waiver of the LIRE threshold. ¹⁶

⁹ The proposed circularity discount factor = 1 + [(unadjusted circularity discount factor - 1) * (unadjusted contribution factor / proposed contribution factor / proposed contribution factor is calculated in a spreadabet program, which means that internal calculations are made with more than 15 decimal place.

¹⁰ See 47 C.F.R. § 54.709(a)(3).

¹¹ USAC will calculate each individual contributor's contribution in the following manner: (proposed contribution factor * contributor's projected collected revenues) - (proposed circularity discount factor * proposed contribution factor * contributor's projected collected revenues).

¹² See 47 C.F.R. § 54.713.

¹³ See 47 C.F.R. § 54.712.

¹⁶ Generally, the Commission's rules may be waived for good cause shown. 47 C.F.R. § 1.3. The Commission may exercise its discretion to waive a rule where the particular facts make strict compliance inconsistent with the public interest. Northeast Cellular Telephone Co. v. FCC, 897 E.2d 1164, 1166 (D.C. Cir. 1990) (Northeast Cellular). In addition, the Commission may take into account considerations of hardship, equity, or more effective implementation of overall policy on an individual basis. WAIT Radio v. FCC, 418 F.2d 1153, 1159 (D.C. Cir. 1969); Northeast Cellular, 897 F.2d at 1166, Waiver of the Commission's rules is therefore appropriate only if special circumstances warrant a deviation from the general rule, and such deviation will serve the public interest. 12. The Commission's deficilities of TRS requires communication between an inclutional with a housing or speech disability and as included without any succeed disability. Communication solved between partons with hearing or speech desabilities does not make this defination; are dose communication between individuals without may bearing or speech disability. As explained below, it appears that whealing the paragraphet 72-sults for which a Politic Companies have engally intributes must construct solvy between complayees of the Politic Companies and that the Oak did not involve as inmittenence, and individual desable walls to climate complayees of the Politic Companies.
